The Minnesota Striking Miners Agree Not To March.

St. Paul, Minn., Aug. 1.-An understanding was reached today between representatives of the state, the Steel Corporation and the striking ironworkers as to the future conduct of strikers and the sheriff's forces, and as a result, it is believed, the possible necessity for sending troops to the iron ranges has disappeared. Late today Governor Johnson received the following messages from his personal representative, T. D. O'Brien, who with two others, was sent to report on conditions on the range: "After a conference with Sheriff Bates, T. F. Cole, representing the Steel Corporation, and Teofilo Petriella, the strikers' repre-

sentative, the following agreement has een reached: " All marching of the strikers is to ease. There is to be no trespassing on

private property. "The men shall be allowed to assemble peacefully for the purpose of discussing their interests." All messages received at the state capital today showed an entire absence of violence. The strike apparently has resolved itself into a con-

test of endurance. YANKEE RIVER PIRATES
