MR. WILSON CHOICE OF SOUTH OXFORD

Nominate for the Local

House.

Woodstock, Jan. 30. - The annual meeting of the South Oxford Reform Association was held today at Tillsonburg. It was also a convention to nominate a candidate for the Legislature in succession to Dr. Angus McKay, of Ingersoll, who had the nomination, but who for business and personal reasons found it necessary to withdraw from the contest. It was one of the largest and most enthusiastic conventions held in South Oxford. It was remarkable for the spirit of enthusiasm which prevailed throughout, and for the disposition not to let personal and sectional considerations stand in the way of party success in the riding. Some 253 delegates were present.

Mr. C. C. L. Wilson, general manager of the Ingersoll Packing Company, was selected as the convention's choice on the second ballot. This is a case of the office seeking the man, as Mr. Wilson had made no effort to secure the position, and was not even present at the convention. It is not known whether he will accept. It is hoped he will, and it is the expectation he will be the next representative. A number of names were put in nomination. There were seven on the first ballot, and on the second Mr. Wilson secured 156 votes out of 231 cast. On motion of Mr. Roger Hawkins

and Mr. Allen Kneal, the nomination of Mr. Wilson was made unanimous. Spirited addresses were made by prominent persons present, and by Mr. M. S. Schell, M. P. for South Oxford. Mr. Donald Smith, the present member of the Legislature, was criticised, it being pointed out that he had Afternoon Sales: General Electric, 5 at posed as an independent, and had then 991/2; Consumers' Gas, xd., 30 to 188; Mac- attracted a goodly number of Reform

British Commons Cheers Jap-Canada Agreement.

London, Jan. 30 .- In the House of Lords, during the debate on the address, Lord Lansdowne said the settlement of the Japo-Canadian difficulty was most creditable, not only to the Government of the Dominion, but also to the Government of an ally which exhibited, not for the first time, selfrestraint, and sagacity which elicited the admiration of all those brought in contact with its diplomacy. (Cheers.) Lord Lansdowne also commented on the proposed reference of the Newfoundland fisheries to The Hague. The Earl of Ripon, replying, referred to the delicacy of the negotiations between Japan and Canada and associated himself cordially with Lord Lansdowne in appreciation. He thought the Canadian Government had shown real statesmanship, consideration and wisdom, which deserved the highest praise.
