

# YOUNG'S

We have never had such a good reason for being happy as we have now. None is so poor but that he can afford to make this the best of all Christmas times. We have provided for this in so far as beautiful gifts in jewelry are concerned. Notwithstanding the advance in prices, our prices are largely the same as before the war. To send one of our gifts always leaves both the giver and receiver at ease as to quality. The goods we sell are as safe as Government Bonds. A half-hour spent in our stores will give you many ideas, with no obligation whatever to buy. Look over the following lists for suggestions.

## RESIGNS AS PROTEST AGAINST UNION GOVERNMENT'S FAILURE TO GIVE WEST A FAIR DEAL

Hon. W. R. Motherwell Quits as Minister of Agriculture in the Saskatchewan Cabinet.

**COULD NOT AGREE.**  
Regina, Dec. 13.—Hon. W. R. Motherwell, minister of agriculture in the Saskatchewan Government, who has resigned, in a statement to the press shortly after the House adjourned, said that there was not a ripple between himself and any member of the Government or any member of the assembly. "We simply could not agree on a matter of policy and my only course was to resign," he added.

Regina, Dec. 13.—In a two-handed attack on the Federal Union Government, Hon. W. R. Motherwell, in a letter to Premier Martin, has resigned from the Saskatchewan Government, of which he has been minister of agriculture since 1905. The announcement of Mr. Martin in the Legislature yesterday that Mr. Motherwell had offered his resignation, and that it had been accepted came as a complete surprise to everyone outside the cabinet circles. It came as a blow Premier Martin pointed out during the course of a brief statement on the resignation. Mr. Motherwell, in a speech of three or four minutes' duration, said that each member of the Government had labored with him till 10 o'clock the previous night seeking to induce him to reconsider his decision, but his mind was made up.

**Reasons for Resigning.**  
Mr. Motherwell's letter to Premier Martin, which was read in the Legislature, gave as the reasons for resigning the failure of the Saskatchewan Government to take action against the Union Government (which he severely criticized for its failure to repeal the war times election act), and the failure of the Union Government to return to the western provinces their natural resources, and to evolve a practical scheme of land settlement for soldiers.

The proposed measure of Hon. J. A. Calder, he characterized as impossible, and figures to show that if even so few as 10,000 men were settled in Saskatchewan under the proposed plan, the province would be saddled with a financial responsibility so vast that its dependence on the Federal Government in this regard would seriously menace the right of self-government.

**Complained of Leadership.**  
Mr. Motherwell complained of Mr. Martin's lack of leadership in provincial rights measures.

In a supplementary interview, Mr. Motherwell stated that he had paid a great price for his liberty and when the occasion arose, he would use it, but not abuse it.

The premier stated that Hon. G. F. Langley, minister of municipal affairs, would assume the duties of minister of agriculture, and that afterwards there would be a rearrangement of portfolios. The Government would, and would be present with seven members instead of eight.

**VEGETABLEMEN'S ELECTION.**  
STRATFORD, Dec. 12.—The Stratford branch of the Vegetable Growers has elected the following officers for the year: President, G. Skilton; vice-president, A. McKay and C. Dempsey; secretary-treasurer, C. W. Dempsey; delegate to the provincial convention, C. W. Dempsey. The membership is reported at 54.

**HOW TO FIGHT SPANISH INFLUENZA**  
BY DR. L. W. BOWERS.

Avoid crowds, coughs and crows, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armor against disease.

To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made the without alcohol from the roots and bark of American forest trees, or its tonic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.—Adv.

## "DRY" AGITATOR IMPORTING SKEY BY CARLOADS?

Prohibition Commissioner of British Columbia Under Arrest.

**SMUGGLING IT TO U. S.?**  
Liquor Imported for Government Store Failed to Reach Proper Destination.

VICTORIA, B.C., Dec. 12.—W. C. Findlay, who yesterday was relieved of his office as prohibition commissioner for British Columbia, was charged against him being that of illegally importing liquor into the province, today was awaiting his arraignment in the provincial police court. Findlay was arrested in Elaine, on the international boundary, and brought back to Vancouver late last night.

The charge is based on the federal order-in-council, which prohibits importations from one province to another.

**Carload of Rye Involved.**  
The Provincial Government has imported carload of rye whiskey failed to reach the Government store. Deputy Attorney-General Johnson has been appointed acting prohibition commissioner, pending successor to Mr. Findlay being chosen.

"The arrest of Findlay," says the Vancouver Province, "is expected to be the forerunner of some enormous dealings in liquor. A person closely in touch with the investigation, which the Government has already made, stated this morning that further arrests will probably follow. It is understood that the irregularities have extended over many months, and that instead of one carload, which the present charge is based on, there is knowledge which relates to eight or ten carloads."

**Account Kept Straight.**  
The Province states that there is no suggestion of a shortage in the money returns at the Government liquor stores, but that "it is stated that there will be a shortage of the liquor which the Government is supposed to have had on hand."

The same article quotes a report "in another quarter" that "probably 50 per cent of the liquor said to have been irregularly imported was sent to Washington State, being smuggled across the international boundary line."

Findlay has retained counsel, and to-day refused to make any statement. He took an active part in the campaign that voted British Columbia "dry."

**BOLSHEVIST REIGN IS PROCLAIMED TO BEGIN IN U. S. TODAY**

Circulars Call for Cancelling All Debts.

HAVE A REAL "RED" SOUND  
All Statutes, Ordinances and Other Enactments "Cancelled."

NEW YORK, Dec. 12.—A reign of Bolshevism throughout the United States to begin at noon tomorrow, Friday, the 13th, was proclaimed in circulars, issued here today by the "people's day committee."

The "proclamation" cancels "all debts, public and private" repeals, "all statutes, ordinances and other enactments of capitalist government," declares vacant all the public officers and directs that the military and naval organizations "immediately dissolve" and by capitalists must first be locally eradicated. The "proclamation" copies of which were distributed through the lower east side, declares that tomorrow "will mark the beginning of the rule of the workers in the United States and America," and asserts that "in order that this may be accomplished" with the minimum of bloodshed, all rules and regulations laid down by capitalists must first be locally disregarded.

**AMERICAN PRESBYTERIAN CHURCHES UNITE TO HELP MEMBERS FROM OVERSEAS**

Atlantic City, N. J., Dec. 12.—As a result of a two-day conference held here the United Presbyterian Church, the Canadian Presbyterian Church, the Southern Presbyterian Church and the Northern Presbyterian Church, jointly representing about five million members, will unite on a campaign to look after the welfare of all Presbyterians who have served or are serving with the colors. They will rehabilitate men in need of it, provide aid to the wounded, help men obtain positions, and others to complete their education. A uniform policy for all Presbyterian churches has been decided upon.
