**Like I Did Under Like Conditions.**

For rheumatism—that horrible plague—I found a simple remedy, and in order that every suffering reader may learn about it, I will gladly mail him a box free. This marvelous remedy I found by a lucky chance while an invalid from rheumatism and since it cured me it has cured hundreds of others, among them cases of over 20 and 40 years' standing. In Fountain City, Wis., it cured an old gentleman who had suffered 22 years, and after seven doctors had tried in vain. In Marion, Ohio, it cured a lady who had been bedfast for 13 weeks. In Palmer, Neb., it cured a lady 64 years old. In Bennington, Vt., it cured an old gentleman who had been lame for 20 years. In Stayner, Ont., it enabled a lady to abandon her crutches. In Englewood, Ohio, it cured a gentleman of 67, who had suffered 13 years. Never before has a remedy for rheumatism been so highly endorsed as this. Among the eminent people who have endorsed it are: Eugene H. Plummer, United States Consul, Marquette, Mich.; Dr. J. H. Smith, London, England; Dr. Quintore of the University of Venezuela; Stevenson Macadam, F.R.C.S., F.R.C.S., of Analytical Laboratory, Surgeons' Hall, Edinburgh, Scotland, and many others. Address JOHN A. SMITH, 193 Laing Building, Windsor, Ont.

**SMOKE FROM THE CHIMNEY.**

Sign of Industrial Prosperity Which the City Does Not Want.

The first prosecution in connection with the smoke nuisance in Toronto took place before Magistrate Kingsford yesterday afternoon, with the Eckardt Casket Company of 91 Niagara-street as the defendant. Inspectors W. C. Tait and Lee Johnston reported that on Sept. 10 last in the four hours between 8 and noon, heavy opaque smoke poured from the factory chimneys, for 25 minutes in the first hour, 46 in the second, 29 in the third, and 7 between 11 and 12. The bylaw makes allowance for only 6 minutes during each hour. The defence was that the firm had installed a fan system which takes the shavings and dust from the different machines right into the fire. On some days the shavings were impregnated with gum, which consequently would make heavier smoke. The engineer said that his recollection of that day was that the smoke was of a light grayish nature and not opaque. Magistrate Kingsford will give a written judgment on Tuesday. George McLaughlin was charged with non-payment of the proper car fare for his little son. It was on a college and Yonge-street car, and the father offered a school child's ticket to Conductor Jockey, who refused it, whereupon McLaughlin answered, "You'll take that or get nothing at all." Jockey swore that the child had been going to work on his car and that he had accepted the fare under protest on several occasions. McLaughlin swore that the boy was going to Glenview-street school. The case was dismissed. Edward Housey was charged with running his automobile, No. 4187, without a light. He was dismissed, but told to get a new lamp.

**Wanted in Buffalo.**

Joseph C. Foster, alias "Senator" McLaughlin, a venerable looking man of 65 years of age, arrested by Detectives Wallace and Kennedy, went to Buffalo, N.Y. at last night in charge of Detective Sergeant Zimmerman of Buffalo. Foster, who is better known among the racing fraternity as "The Senator," is wanted in the American city for jumping his bail while in custody on a charge of grand larceny in the second degree.

**THROAT LIKE RAW BEEF**

"Last spring I caught a severe cold," writes George V. Smart of Gibson P.O. "My cough raved my throat, which became perfectly raw. When almost in desperation I was advised to try Nerville. I rubbed it on my throat and gargled. Immediate relief followed. For breaking up colds it's the great remedy of to-day."

**SUMMONED FOR LOCK-OUT.**

Miss Owner's Defence is That Wages Were Properly Reduced.  
EDMONTON, Alb., Sept. 18.—(Special.)—At the Mounted Police barracks to-morrow, George S. Montgomery, manager of the Alberta Coal Company Mine at Morinville, will appear on a charge of "locking out" twenty miners on Sept. 1 employed at his colliery. The action is being taken under industrial disputes act, and the complainant is George Harrison, acting on behalf of the miners' union. The defence of the mine owners is that the men were not locked out, but that wages were reduced because they did not come to the standard of efficiency required.

**CHIEF NOT YET NAMED.**

LONDON, Sept. 18.—(Special.)—The fire committee did not appoint a chief to-night as was expected, decision being deferred until a week from Wednesday. Some of the committee had promised to wait until Foreman Altheison of Hamilton, an applicant, could be present, and he asked for delay until he completes some negotiations he has on with the Hamilton committee. It is believed that Captain Thomas Davis of Toronto, who is the most favored of the applicants, if terms can be agreed upon.

**The Hurricane in the Indies.**

GRAND TURK, Turk's Island, Sept. 18.—Official reports from the outlying islands state that the damage caused by the recent hurricane was very great. Five lives were lost and there was great destruction of property at East Harbor. Three fine plantations in East and West Calicos were destroyed. Help from abroad is greatly needed. Dr. T. R. Robertson, district commissioner of Calicos, who is now making an investigating trip thru the islands, is safe.

**AFTER DOCTORS FAILED**

Dr. Williams' Pink Pills Restore a Despondent Sufferer to Health.  
"Although it is now some years since I found it necessary to take medicine of any kind, I attribute my present good health entirely to Dr. Williams' Pink Pills." Thus writes Mr. William M. Ferguson, St. John West, N. B. Mr. Ferguson continues: "For years I was a sufferer from chest trouble, bronchitis and general debility. I had always been delicate, but as I grew older I seemed to grow weaker. I commenced to cough and had to rest in the house all winter. With the coming of summer I always got a little better, only a cough in any season. I had no other improvement as I had no appetite, the night sweats continued and I was growing weaker. I changed doctors three different times, but with no improvement. Then I began to take cod liver oil, but my stomach had grown so weak that it refused to retain it. It was at this time, when I was trying to reconcile myself to my fate, that a pamphlet relating cures wrought by Dr. Williams' Pink Pills was left at my door. Although my friends thought me mad, I began to take them, and I felt better. In other respects and my appetite was gradually returning. I was not only surprised but pleased to find this improvement, and I gladly continued their use. By the time I had taken ten boxes the night sweats and the cough had entirely disappeared, and I was feeling like a new man. I took two more boxes, and felt that there was no necessity to continue the treatment, as I was in better health than I had ever been before. When I completed the third box I had gained 32 pounds. As I said before, it is some years since I was cured, and I have not had a cough since. I have not had a cough since, and I have always enjoyed the best of health. I believe, therefore, that it is entirely due to the agency of Dr. Williams' Pink Pills that I am alive and well to-day, and I trust that others will benefit by my personal experience."

**PROSPECTS GOOD IN LINCOLN.**

ST. CATHARINES, Sept. 18.—(Special.)—The Conservative rally to-night was the most enthusiastic organization meeting ever held in the city. E. A. Lancaster and A. W. Wright were the speakers, both making rousing speeches, creating great enthusiasm. Lancaster's majority in St. Catharines will be greater than ever and reports from other parts of the riding are equally encouraging. R. L. Borden will speak here on Oct. 3 (afternoon) and Niagara Falls that evening.
