THE HAMILTON MEETING

will be another golden harvest for our clients. Those who have been with us since the opening day at Woodbine are away ahead of the game, and are playing on velvet with the bookmakers' money.

REYNOLDS

is one man who never fails his followers

We have had only two losing weeks on the Canadian tracks since we first took in this circuit—eight years ago.

If you are satisfied with one good bet a day and satisfied to get enough winners to clean up a good sum on a small investment weekly, we are the people you want to do business with.

It's the high average that counts, and our proposition is one that gets the money week in and week out. In the past twenty-six days of racing we have only on one occasion gone two days in succession without a winner, and then one of our horses was left at the post and the other was beaten a nose for first money. This showing proves conclusively that REYNOLDS is in a class by himself when it comes to locating one safe bet a day. It's our aim to make our clients a steady income at the end of each week, and we have been successful in this at every track we operated on.

We never shoot at the moon or take any chances whatever. With us certainty of cashing is more important than a probable long price.

Any time you see us advertise a horse as being our One Best Bet, you can rest assured that it was positively the one and only horse given by us for a One Best Bet that day.

Start With Us To-Day

and increase your bets each day, according to your winnings, and you are bound to have a good sum accumulated when the meeting is at an end. Whereas, if you go along in the same old slipshod manner that you have been accustomed to—listening to one man's tale one day and someone else's the next—you are bound to wind up a heavy loser.

IT'S UP TO YOU THIS VERY MOMENT TO DECIDE WHICH COURSE TO FOLLOW—THE UNSUCCESSFUL OR THE SUCCESSFUL ONE.

We have thoroughly demonstrated that we can make you beat the track. Then why gamble with a chance when you are dead sure of making large profits following our advice? THINK IT OVER.

REFEREE AND PLAYER FIGHT

Behind a High Board Fence—Gray and O'Brien Clash.

VANCOUVER, B.C., June 21. — On Saturday night, when William Gray, president of the British Columbia Lacrosse Association, who refereed the match between the Vancouver and Westminster teams, was leaving for home, he got into an altercation with Billy Straubenzelle, a Vancouver player, whom he had ruled off twice during the match, and one word led to another until Gray, who was behind a high board fence in the heart of the business section, and with a crowd of "newsies" looking on, indulged in a fight with Straubenzelle. Gray was badly cut up about the face, while O'Brien also carried a discolored optic.

Saturday's match was one of the roughest ever played in British Columbia, and every effort was made to have disinterested officials from Vancouver Island act as referees of the game. At one time eleven men were on the fence. Altogether six fights occurred, and several players were seriously cut up around the head.

The Young Toronto will practice tonight at Scarborough Beach against the seniors. All players are requested to attend.

The Tecumseh passed thru Winnipeg yesterday on their way to the coast. The second half of the locals pressed the play constantly and succeeded in adding only one more goal.

Tavistock-Stratford and Tavistock seniors played a game of W. F. A. football last night, resulting in a victory for the home boys by a score of 4 to 0.

At Watlington-The semi-final Association football match between Ingleswood

and Walkerton, was played yesterday, and resulted in 1 to 0 in favor of Ingleswood.

Harrison-The Teeswater-Harrison game of the Big Three League here last evening resulted in a 2 to 1 win for Harrison. The game was well played, except Harrison to score six runs. Bat-teries—Fisher and McGuibban for Harrison; Arcott and Goode for Teeswater. Umpire—Logie of Wingham.

Fifteen Mile Race on Monday. WINNIPEG, June 21.—Paul Accoe of Grenfell, Sask.; Percy Sellen, Toronto, and Fred Meadows, Guelph, meet here Friday at Arena Rink in a fifteen-mile race.

Longboat and Shrubbs. Tom Longboat and Alf Shrubbs have been matched to race twenty miles next Saturday night at the island. The event will start at 8.5. This is the third and deciding event of the kind between the two. Longboat earned the decision at the Marathon distance; Shrubbs won at fifteen miles.

R. C. B. C. Bicycle Run. The R.C.B.C. members and friends were out in the force to the first of the bike runs, which was held Sunday morning to the Halfway House, no less than 25 riding down on wheels, while 45 more took the cars. The boys had a fine time, and everyone is looking forward to the next run, which will be in about three weeks.

Herb Marshall is accepted the appointment of chairman of the R.C.B.C. racing board, and the Royals are very lucky in securing such a capable man for the position.

The two-mile handicap and one-mile scratch race at the Exhibition Grounds next Saturday should be races well worth seeing. All the riders in training will be on the job. The events have been sanctioned by the C.N.W.
