Minneapolis, Min., Dec. 26.—Flour shipments from Minneapolis for 1907 will fall short of the total shipped during 1906 by nearly 1,000,000 barrels.

This decrease apparently has not been entirely due to the financial flurry, as the figures for each month show that only in three months for the entire year have the shipments for 1907 exceeded those for the same months in 1906.

The number of barrels of flour shipped from Minneapolis so far this year is 13, e825,375, while for a corresponding period in 1906 there were shipped 14,573,123 barrels, a decrease of 747,748 barrels.

Still a Doubt as to Intention of the Municipal Act-Council Meets To-Day.

The final meeting of the 1907 city council will be held this afternoon. The civic rulers will not meet again until

the inaugural in January. The most interesting issue to-day arises out of Ald. Bengough's motion, which have passed the legislative committee, to apply for legislation to enable the wards of the city to take a separate vote on local option. It is predicted that the vote will be something like this:

For: Controller Harrison, Ald. E. Hales, J. Hales, Bengough, Vaughan, Keeler, J. J. Graham, McGhie, Foster.

Against: The Mayor, Controllers Ward, Hubbard and Hocken, Ald.Chisholm, Saunderson, Church, McBride, eGary, McMurrich, Lytle, Whytock, R. H. Graham, and Adams.-14.

The question of street railway extensions will also provide debatable matter. The board of control recommends laying tracks up Jarvis-street from King-street to Adelaide-street, thence by way of Adelaide-street, Macdonellsquare, Defoe-street, Niagara-street, Queen-street, Claremont-street, Mansfield-avenue, Clinton-street, Bloor-street and Christie-street to Dupont-street. J. F. Wildman, general manager of the Office Specialty Co., has written the following letter to the mayor:

"I write you regarding the ugly appearance of Front-street, as a relic of the late fire, which took place April 19, 1904.

It used to be the general idea that there was some mystery about getting well and staying well. Sellers of quack nostrums took advantage of this fact and grew rich. We are growing wiser, however, and know that good food, fresh air and cleanliness are all that are required. Cleanliness, however, means that you must be clean inside as well as outside.
