ILLINOIS
MILLION DOLLARS

Kingston, Ont., Jan. 25.—The nervous system cannot withstand monotony any better than an excess of excitement. As a result it is not unusual to find many sufferers from nervous troubles among people who are much alone. There is no chance to worry, and worry exhausts the nerve force at a tremendous rate. The writer of this letter could not remember a time when he was not using Dr. Chase's Nerve Food her nervous system was built up and she was married and happy. Her results were equally satisfactory when the Nerve Food was used by her eight-year-old boy and both are now enjoying perfect health.

Mrs. F. Truesdale, 9 Lower St. Charles street, Kingston, Ont., writes: "For some time I suffered from nervousness and sleeplessness, and attributed it to the fact that, as a housewife, I could not build my husband into a fighting sailor. But after trying one box of Dr. Chase's Nerve Food I found I could go to bed at night and get a good night's rest, despite the fact of being alone. I have found excellent results from using Nerve Food, and recommending it from nervousness and sleeplessness. I also used some Nerve Food for my little boy, eight years old, and found his nerves and made him sleep better."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmanston & Bates, Co., Limited, Toronto, Do. will be talked into accepting a substitute. Limitations only disappear.
