Complains of an Injustice.

Thomas A. Rowan, owner of the New Northern Hotel at \$15-9 Yonge street, appealed for a reduction in his assessment for next year. In front of this hotel, which is occupied by James Goodwin, there is a compressed air charging box of the Toronto Railway Company, for Yonge street cars. This box has an iron lid and the noise of its operation day and night made it impossible to run the hote! as a proitable rooming house, and the hotel license is due to go in September.
The appellant stated that before the charging box was there the rooms rented for from \$35 to \$60 a month, and if the box was not in front of the property the building would rent, said the appellant, for \$100 a month

> Discolored or Spotty Skin Easily Peeled Off

The freckling, discoloring or roughening to which most skins are subject at this season may readily be gotten rid of. Mercolized wax, spread lightly over the face before retiring and removed in the morning with soap and water, completely peels off the disfigured skin. Get an ounce of the wax at any druggist's. There's no more effective way of banishing tan, freckles or other cutaneous defects. Little skin particles come off each day, so the process itself doesn't even temporarily mar the complexion, and one soon acquires a brand new, spotless, girlishly beautiful face.

Wrinkles caused by weather, worry or illness are best treated by a simple solution of powdered saxolite, one ounce, dissolved in one-half pint witch hazel. Bathing the face in this produces a truly sparyelous transformation.

German Spirit and Purpose Revealed in Past Two Years.

an Associated Press Cable LONDON, Aug. 4.-Londoners gathered in thousands at Queen's Hall to celebrate the second anniversary of the war. Amongst the speakers was Premier Asquith, who reviewed the progress of the fighting on the various fronts, and Bonar Law, who referred Solemn Pledge Repeated in Australia and South Africa, leaving Sir George Foster to speak for Canada. Sir George said that for one hundred years the Canadian people had lived in a land of uninterrupted peace. Their battles had been with the stern realties of nature with the mine, sea and forest, for the nuture of their own people and the people of the United Kingdom.

But when the declaration of war was made the heart of Canada responded as the heart of the mother country had responded to that declaration. (Cheers.) Notwithstanding all the horrors and sacrifices of these two years of war, it was best for the present and infinitely better for the future that Germany declared war and gave us an opportunity to fight it out. gave us an opportunity to fight it out. (Cheers.) That could not have been said two years ago, because we did not know Germany. Then the first chapter of the Book of Revelations of German spirit and purpose had been written, and when the second chapter came to be written German frightfulness would be crushed by the armies of the allies and held up to the appro-brium of the civilized world. (Cheers.)
