

The Committee have the satisfaction of reporting that this Fund is steadily though slowly increasing. In some parishes the collections seem to have been devoted to this object in place of the W. & O. Fund.* There are now no charges upon the Fund.

CHURCH ENDOWMENT FUND.

In October 1866, the Secretary by direction of the Committee addressed a circular to the Clergymen of the several Parishes, with a copy of the Resolution passed by the D. C. S. setting forth that the Block Sum of the S. P. G. fell £250 per annum short of the amount required to pay the Clergy, on the S. P. G. List, and earnestly requesting that they would adopt such measures as they might deem advisable, to obtain the collections of the subscription due to this Fund; and they suggested the appointment of a confidential person in each parish to make the collections, who might be allowed ten per cent. on the amount paid to the Treasurer.

It is to be regretted that this suggestion has not produced any large amount only \$1181.50 having since been paid in,—the Committee, however hope that the circular referred to may be more fully carried out, and by a decided and earnest effort, the sum required to make this Fund to go into operation may be realized. A full statement of the Fund will be made to the General Meeting of the D. C. S. in July next.

May, 1867.

The Executive Committee of D. C. S., in concluding their Report subjoin a memo. of the amounts *received* from the several Parishes up to May 24th, for the year 1867. They much regret to find that the income for this year will probably fall at least \$800 short of the receipts for general purposes in 1866, and will not be nearly sufficient to meet the demands upon the Society.
