MAY BE DOG SHOW AT THE EXHIBITION

Management Asked to Take Up the Idea --- Women's Council Decide to Assist in the Fair.

It is possible that a dog show will form one of the special attractions at the St. John exhibition next fall. Proposals to that end have been received by Manager C. J. Milligan from several local dog fanciers and are being given careful consideration. Should arrangements be made it will be the first occasion on which a bench show has been held in connection with the exhibition. Mr. Milligan, when asked about the matter yesterday said nothing had yet been decided and he would be pleased to hear the views of any who are interested in order to ascertain if the innovation would prove popular. It is suggested that the show would have a wide scope and be open to exhibitors outside the province. There have been dog shows here in former years, but always under private auspices, and it is thought that, backed by the exhibition, the affair could be managed on a larger scale and be successful and attractive.

Word has been received by the manager from Mrs. David McLellan in connection with the proposed exhibit by the Women's Council that they have decided to carry out their plan of giving assistance. A meeting of the council will be held today when it is likely that details will be discussed.

A prize of $100 has been offered by the Short Horn Breeders' Association to be competed for in a special class for cattle of that breed. There is also a likelihood of a special prize on similar lines in the Ayrshire breed.

HUNG HELPLESS BETWEEN CARS

Man Jumped for Moving Train and Caught Rails, But Could Not Get Aboard.

One man, evidently a foreigner, by his foolhardy daring last evening placed himself in a position of great danger and incidentally gave some spectators the "creeps." As the Montreal express rolled out of the depot at 6 o'clock the conductor saw a man, who had evidently been drinking, standing on the north side of the tracks near Mill street in a position of great danger.

The official jumped down and warned him back and then swung on again. The man waited till about two cars passed him, the train meanwhile gathering speed. Then he made a leap. He succeeded in catching hold of the rear rail of one car and the front rail of the next and there he hung, unable to get on to either. As soon as the bystanders saw the man's predicament they tried to push him aboard but unsuccessfully and he fell off. Thomas E. Dyer and another man who were near pulled him out of the way in time to save him from a horrible death.

P. E. ISLAND MEN CHARGED WITH MURDER

Charlottetown, P.E.I., May 18—(Special)—Warrants were issued today for the arrest of Alex. D. Gillis and Alex. Gillis, each aged twenty-five, and Mrs. McPhee, charged with the murder of John McPhee, a farmer aged fifty-four, who died at Orwell on Saturday last, after partaking of liquor supplied by the two young men. The coroner's jury found that death was probably caused by the liquor, of which the deceased had taken three glasses. His head was slightly bruised, the injury being due, it is claimed to his falling from a stool. The murder theory is not generally believed. The body is to be exhumed and an autopsy held.

WOODSTOCK MAN HELD UP AND ROBBED IN MONTREAL STREET

Montreal, May 18—(Special)—William Anderson, thirty-three years of age, of Woodstock (N. B.), was held up and robbed of $15 in cash and a bank draft for $200 on St. James street near Bonaventure Station last night.

He has been working in Fort William (Ont.), for fourteen years and was passing through Montreal on his way to visit to relatives in Woodstock, Anderson was said to be under the influence of liquor when his money was stolen and he is unable to give the detectives a clear description of the men who robbed him.

It was reported at police headquarters tonight that a young man had been arrested in Quebec with a bank draft for $200 in his possession.

NO BOMB, BUT CAUSED A SCARE

King Street Merchant, After Obliging a Stranger, Becomes Worried and Hands Grip to the Police

The fear of bombs and infernal machines is not by any means confined to European rulers and American millionaires. A prominent King street merchant has had his trouble in this respect. He made no attempt to hide the fact and handed over the object of his suspicion to the police. Though somewhat exercised over the matter his suspicion turned out to be groundless.

On Thursday afternoon about 5 o'clock a stranger entered a King street store in a hurried manner and, handing a grip over the counter, requested permission to leave it for a few hours, when he would call for it. The modest request was complied with and the satchel was stowed away for safe keeping.

The hours passed and closing time arrived, but still the little hand satchel remained. Nothing more was thought of the matter at the time and the store was closed.

It was not until the proprietor had retired for the night that he thought at all seriously of the matter. Then it suddenly occurred to him that the concealing of bombs and infernal machines in hand satchels was a common practice and he remembered that it was only a few days ago that he had read of an innocent grip that had been the means of blowing more than one building to pieces. The more he thought of the matter the more restless he became. At last he could stand it no longer. He arose and dressed himself and repaired to the store.

A policeman on the Water street beat was accosted between 10 and 11 o'clock Wednesday night, by some Western Union messenger boys who informed him that he was wanted at once at the store in question. Consequently he hurried to the place. On arriving he found the proprietor cautiously examining the grip.

The King street man told him that he wanted no part of it and handed it over to the blue coat, informing him at the same time that he would send the stranger to the police for his property should he return.

The leather bag was quite heavy, and this greatly added to the merchant's fear. An examination later, however, revealed the fact that it contained materials for shaving and other articles usually found in the grip of a man who is travelling. The stranger later called for his satchel.

Gough, Accused of Theft, Let Go

Woodstock, N. B., May 18—(Special)—Benj. Gough, in jail accused of stealing from a guest in the Carlisle Hotel, was released today and left town. Solicitor-General Jones thought there was sufficient evidence against him to send him up for trial, but possibly not enough to convict.

Several months ago you sent me a free sample of your remedy at my request, and without my husband's knowledge I gave it to him in his tea and food. I then got a full treatment and gave it regularly. It is wonderful, and I cannot sufficiently thank you for the blessed change it has brought to my home."

TERRIBLE FIRES IN WESTERN STATES; TOWNS WIPED OUT AND MANY LIVES LOST

Marienette, Wis., May 18, 11 p. m.—The best information obtainable at this hour is that the forest fire which is sweeping the county north of here, has reached Iron county, nort of Dickinson. This makes four counties which are suffering from fire. The area is 200 miles square. The country swept by the flames varies from pine timber land to barrens. Part is iron mining country and the district includes immense tracts of hardwood which have never been touched by the axe. In the barrens settlers have taken up their residences and it is for these that the greatest anxiety is felt.

Information received at Marienette is that the village of Shaffer on the Metropolitan branch of the Northwestern Railroad in Dickinson county, was wiped out. No word has been received as to the loss of life there, if any has occurred. Shaffer is a lumber town owned by the Cleveland Cliff Company. The village consisted of a big mill and a couple of hotels, with warehouses and headquarters for the lumber camps.

The village of Saunders, in Iron County, a lumber town directly north of Florence (Wis.), has also been swept by the flames. Here, as at Shaffer, many may have met death. The town consists of a few residences, four saloons, a couple of hotels and a big sawmill.

Three Towns Destroyed.

Detroit, May 18—Fragmentary reports have reached the Detroit News and Free Press from Escanaba and Gladstone (Mich.), stating that disasterous forest fire is raging in the upper peninsula in the neighborhood of the two cities mentioned. It is reported that three towns have been destroyed, that thirty square miles of territory have been devastated and that several persons have been burned to death.

RAILWAY RATE BILL PASSES SENATE AFTER SEVENTY DAYS' DEBATE

Washington, May 18—After seventy days of almost continuous deliberation the senate today at 4.53 p. m. passed the railroad rate bill by a practically unanimous vote. The attendance in the galleries was by no means abnormal and there was no manifestation of any kind when the result was announced. There was, however, an almost general sigh of relief among senators.

The bill has received more attention from the senate and from the country at large than any measure that has been before congress since the repeal of the purchasing clause of the Sherman act in 1893. It was reported to the senate on Feb. 26 and was made the unfinished business on March 12. From March 12 to May 4 the bill was under general discussion without limitation on the duration of speeches, 58 of which were delivered. Many of these were prepared with great care and two of them consumed more than a day's time in delivery. Senator Lafollette spoke for three days, and Senator Daniel, of Virginia, for two days. Senators Bailey, Lodge, Raynor, Dolliver and others spoke for one entire day each.

MORE TROUBLE FOR FORMER C. P. R. AGENT

New York, May 18—A telegram from the chief of police of Chicago again asking the police of this city to hold Charles T. Wenham, formerly passenger agent of the Canadian Pacific Railway at Chicago, on a charge of larceny of $50,000 from that company, was received by Police Inspector McLaughlin today.

Wenham was arrested on a similar charge and discharged by a court several days ago when the Chicago police said they were unable to get extradition papers for him. He was immediately re-arrested on a charge brought under the bankruptcy law and is now in jail. He has since been indicted in Chicago.

LIGHTNING KILLED THIRTEEN MOURNERS AT A GRAVE SIDE

London, May 18—A despatch to a news agency from Berlin says that thirteen mourners who were at a graveside during a funeral at Teschen, Austrian Silesia, today were struck by lightning and killed, while twenty others were severely burned.

I. C. R. FOREMAN BADLY INJURED AT MONCTON

Moncton, May 18—(Special)—John Gillespie, I. C. R. pit foreman, met with a bad accident while at work in the erecting shop this afternoon. He was caught between a moving locomotive and the doors of the shop and severely jammed. Two ribs were broken and it is feared he sustained other serious internal injuries. Gillespie only recovered from a serious accident a short time ago. He will be laid up some months.

The annual meeting of the St. Martins Telephone Company, adjourned until yesterday, was further postponed until Tuesday afternoon next.
