SAGGING IN WALL STREET

AT OPENING

WEAKNESS IN WALL STREET CONTINUED

New York, Sept. 17.—Wall street—After an irregular opening today the stock market declined with a resumption of professional selling. There were indications, also, of further liquidation especially in St. Paul, which falling two points, made a new low record of 72 1/2 for the movement. The shipping shares were again under pressure, and marine preferred lost 1 1/4. Bethlehem Steel which reached 21 1/4, Texas Company, Beet Sugar, Air Brake and Central Leather were conspicuously heavy. The copper shares developed marked weakness, selling well under Saturday's low figures.

WEAKNESS IN WALL STREET CONTINUED

New York, Sept. 17.—(Wall street, noon)—Stocks were offered in quantity and the market became distinctly weak. Selling came from speculative speculators, but there was also a large increase in liquidation. Many new low records for the movement were reached. Bethlehem Steel fell nearly six points to 74 1/2. Inpiration was off three points at 47 1/2. Steel sold off 2 1/2 to 104 1/2. Representative railroad shares like St. Paul, which dropped three points to 56 1/2, Reading, Canadian Pacific, Louisville, Delaware and Hudson, and Northern Pacific, lost one to three points. Bonds were easy.

LONDON STOCK MARKET CHEERY

London, Sept. 17.—The stock market maintained a cheerful undertone today. Dealers constructed the Russian situation favorably and remarked Russian bonds three points higher. The quotations of mine and oil stocks were also raised and Russian exchange improved to 280 to 285. The tendency in the gilt edged section was sympathetically better, though business did not expand. Rubber and oil shares and Mexican national stocks during the week. Argentine rails were fast owing to labor troubles. Money was plentiful, and discount rates were steady.

HAPPENINGS IN GROCERY MARKET

The following comment on the market situation as regards foodstuffs appeared in Canadian Grain last week:
Interest in the wholesale grocery trade during the week centred around the activity in Canadian salmon. With the recent announcement of prices by the packers there was a scramble on the stocks of last season's salmon pack. As a result many of the wholesalers were entirely cleaned out of their salmon. Wholesalers are accordingly proceeding with the sale of this commodity. Advances have been recorded in mince-meat, olive oil, package peas, bicarbonate of soda, canned haddock, while de-

Marcel At Anti-Meeting in Montreal

Says Time For Re-olution Was Before Act Was Passed

Denies Cowardice

First One Arrested Under Act

Attends But Does Not Speak—Borden Criticized and Blame for Situation Laid at Doors of Nationalist Deputies

Montreal, Sept. 17.—Pancrede Marcell, an anti-conscriptionist who says he was beaten early on last Wednesday morning in Fletcher's Field by two soldiers and a little civilian who said, "that's Marcell, kill him," and who silence since the passing of the military service bill has been commented upon, reappeared on Sunday afternoon at an anti-conscriptionist meeting in Lafontaine Park. He denied all accusations of cowardice on the conscription question, and said the time for the revolution which he had predicted was before the conscription law was passed, not afterwards. He also denied rumors that he had appropriated funds of the "Sons of Liberty," and promised to give a sworn statement as to the money on Tuesday night. He said spies were on his trail constantly, and he was virtually living with them. Fernand Villeneuve, the first anti-conscriptionist to be arrested for speaking against the act, and who is out on bail, appeared at the meeting, was given a hearty reception, but did not speak. He was under a doctor's care, so Alphonse Bernier explained to the gathering. Bernier offered to retire as a candidate for St. James constituency against L. A. Lapointe, M. P., and let Villeneuve take his place in the field.

Said Critical of Borden

Montreal, Sept. 17.—After expressing the fear that "envoys of Borden" might be present to charge him with sedition if he criticized the conscription bill too freely, and after failing to obtain a rise in response to a call for hands at Saturday's Liberal assembly held at St. Genevieve, E. Massicotte proceeded to condemn Sir Robert Borden and all his cabinet as inefficient and corrupt.

D. A. Lafontaine, M. P. for Montreal, who is to contest the county of Jacques Cartier at the next election, said, Sir Wilfrid Laurier, attacked the war time elections at because in certain provinces the franchise to the electors was given to men who had been released from prison in order to fight, while it was denied to his own wife, who was a property holder.

P. Boyer laid the blame for the present situation at the doors of the twenty-five Nationalist deputies who had broken faith with the electors and were now licking the boots of Sir Robert Borden and supporting his dastardly projects.

Mr. Boyer concluded his speech by a violent attack upon the war time conscription act. There were several other speakers.

THEATRICALS

Theatre Bara in Seven Reel Triumph of Movie Art; Exceptional Vaudeville Offerings

Gem patrons on Saturday night enjoyed an extraordinary good programme in picture and vaudeville. The programme was a most interesting one in all departments, extra long at that, and enjoyed deeply by the audience. The great feature picture was "Her Greatest Love," a commanding Fox production, staged and photographed with wealth of detail and correct alignment with time and place of the story. In "The Theatre Bara," the "income" of "Her Greatest Love," which is a new special super de luxe photoplay, followed by "The Theatre Bara," which is a new special super de luxe photoplay, followed by "The Theatre Bara," which is a new special super de luxe photoplay.

CANADA HAS GIVEN BOTH GOOD

MEN AND GOOD LEADERS TO WAR

Only Eight Imperial Staff Officers Now With Canadian Army Corps, Where Formerly There Were Few Canadians

(Written for Canadian Press by Walter Curran.)

London.—From all sides, both in England and France, one hears the resourcefulness, moral determination and general fighting qualities of the Canadian spoken of in the highest terms. Two years ago the Canadians earned the reputation of being the keenest and best all round troops fighting in Europe.

At that time our force was directed almost entirely by imperial officers, and much of the credit for the splendid work was due to the staff. As recently as a year ago, nearly all the superior staff were imperial officers. There were thirty-one such officers on the staff of the Canadian Corps, which was commanded by an eminent British officer, who today commands an army.

The Canadian generals thoroughly appreciated the work of the British staff officers, and could not have succeeded as they did without them. There was a feeling among our leaders, however, that Canadian officers had the ability and needed only training. This they have now received and there is no more remarkable evidence of their ability, astuteness and genius of the Canadian for making war than the fact that after less than three years of great experience, we have produced an army corps led and staffed by Canadians, which is held by the highest authorities in France to be second to none. We have not only produced men; we have produced the best men. We have not only produced leaders; our leaders measure up with the best. There are only eight imperial staff officers with the Canadian Army Corps today.

Colonel C. H. Mitchell

The aptitude of Canadians for army operations has been such as to single out many officers for special attention by the British authorities. The case of Colonel C. H. Mitchell, C.M.G., D.S.O., Legion of Honor and Order of Leopold, a Toronto native, is a fine example of this. He was a member of the staff of the Canadian Corps, and was one of the few Canadian officers who were given the opportunity to study at the Staff College, Cambray, France. He was one of the few Canadian officers who were given the opportunity to study at the Staff College, Cambray, France.

RECENT DEATHS

William Edward Boone

Many friends will hear with regret of the death of William Edward Boone, son of Mr. and Mrs. W. M. Boone, which took place at his parents' residence, 148 Wright street, on Saturday. He was twenty years of age and had been ill for almost a year. Besides his parents he was survived by one brother, Robert, and eight sisters—Christina, Jessie, Edith, Catherine, Lillian, Loreta, Georgina and Viola, all of this city. The funeral is to take place tomorrow afternoon at his parents' residence at 2:30 o'clock. Lance Corporal George Boone, a brother of the deceased, was recently officially reported killed in action. The family will have the sympathy of the community in their bereavement.

Mr. and Mrs. Archibald Capson

of 100 Cheley street, will have the sympathy of many in the death of their youngest child, Dorothea G., after an illness of about three months.

Mr. and Mrs. John Butler

242 Watson street, are mourning the death of their infant child, Rose Patricia, which took place on Sunday. The funeral took place held this afternoon at 2:30 o'clock.

The death of Grace Cleveland

wife of Percy Cleveland of Roxbury, Boston, occurred in Yarmouth Hospital last night. She was twenty-seven years old and was the youngest daughter of the late John Phillips of Yarmouth.

Many will learn with regret of the death of Charles Sears

of West St. John, which occurred very suddenly on Saturday afternoon at the residence of his daughter, Mrs. George Campbell, 42 St. John street, West End. Death was due to heart failure. He was eighty-nine years old. He leaves one son, James, of the North End, and one daughter, Mrs. Campbell.

SOME CHANGE IN HARDWARE PRICES

"Hardware and Metal," September 15, said:—In the majority of instances where price changes were made during the week they were in an upward direction. In two instances there were declines, notably in lead pipe, lead waste pipe and in soldering coppers. Advances were made effective on whip stocks, whip lashes, farriers' knives, chandelier hooks, steel spivs, sleigh bells, lace leather, push pins, pushless hangers, expansive bits. Low price quotations on galvanized sheet, may again be moved up to the point where they were when decline took place some two weeks ago. A recent ruling with respect to payment of duty may make higher prices necessary.

There was a much firmer tone in the market for ingot copper and tin during the week. Pig lead remains unchanged in a somewhat easier market. There is an acute situation on Canada plates, there being practically no stocks available either in the Toronto or Montreal markets. Prices are purely nominal. Stocks are on order from the manufacturers, but there is no assurance when they can be shipped. Business in hardware lines continues reasonably good.

DIED IN EASTPORT

The death of William S. Martin, one of the oldest business men and best known citizens of Eastport, occurred at his home Thursday. He was eighty-eight years old in July. He was a native of Hopewell, N. B., lived for a time in Whiting, but had been in the store and hardware business for forty-two years, retiring from business but a short time ago. He married in 1855 Miss Jimima Dinmore, who survives him; also a son and daughter, Travers L. Dinmore and Mrs. Joseph Roop. He was a Knight Templar and interested in many local organizations, and will be much missed.

Series of Earthquakes

Washington, Sept. 13.—Official dispatches today from Bogota, Colombia, say that earth shocks which began there on August 29, continued intermittently until September 13. All buildings were damaged and persons were killed.

Return to Work

Kansas City, Sept. 17.—Switchmen of three railways here who struck on Saturday in connection with the strike of local freight handlers and checkers, late last night returned to work following conferences with John Bannan, of St. Louis, vice-president of the Brotherhood of Railway Trainmen.
