

FEWER DEATHS IN
MODERN WAR THAN
IN THE OLDEN DAYSMassacre, Then, Followed The
Winning of Battle—Percentages
Tell the Story

Amsterdam, Jan. 14.—(Correspondence of The Associated Press.)—Contrary to the popular impression that modern wars result in a greater number of deaths than those of the past, the very opposite is true, according to an article reproduced in the T.J.D. It is pointed out that this is largely due to the progress in surgery, the use of efficacious antiseptics, the great development of modern army sanitation, and the high efficiency of the medical troops.

But the greater degree in civilization and the existence, generally, of a highly developed humanitarianism have also helped, it is said, to reduce the numbers of dead of the battlefield. In antiquity prisoners of war were hardly taken—massacre followed the battle, and when

SAGE AND SULPHUR
DARKENS GRAY HAIRIt's Grandmother's Recipe to Re-
store Color, Gloss and
Thickness

Hair that loses its color and lustre, or when it fades, turns gray, and is lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

males were carried into slavery, they generally were not part of the defeated army, but members of the civil population of the country which had been invaded.

At Cannae, the Carthaginians, for instance, lost only 5,000, but killed 70,000 Romans, or about eighty per cent of the entire force which opposed them. The Romans, on the other hand, suffered only a loss of fourteen dead in the battle of Cheronia, but massacred 110,000 of the enemy, ninety per cent of the army they had defeated.

During the Middle Ages this state of affairs continued. Wounded and captives were killed without mercy, and the cities whose entire population was put to the sword, were many.

During the Thirty Years' War a similar ferocity prevailed, but an improvement began to make itself felt in the "decimation" of prisoners of war. The captured soldiers were stood in line and then every tenth man was executed, usually hanged on a nearby tree, with some sort of accident governing who the first "tenth" victim should be. Now and then it became necessary to apply this cruel system of selection as a measure of discipline to one's own troops, generally when a mutiny had to be coped with and the men refused to say who were their ringleaders.

Beginning with the Seven Years War the number of deaths in battle and from wounds received have decreased in the following percentages:

Percentage of killed in forces engaged:—

Seven Years War 49
Napoleonic wars 38
Crimean war 15

Belgian Army Reorganized

Party Truce in Ontario

Galt, Ont., Jan. 28.—The Liberals of South Waterloo this afternoon decided not to put up a candidate in opposition to F. Stewart Scott, the Conservative candidate for member in the by-election, in observance of the truce existing between the two parties.

HEADACHES

Thousands of men and women suffer from headaches every week or every month, and still others have them occasionally, but not at regular intervals. The best doctor is often unable to find the cause, and in most cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe treatment to be repeated again and again, and the headache returns as usual, and the patient is again miserable. If you give ZAM-BUK, no matter what their nature, take ZAM-BUK. ZAM-BUK is the only remedy that will remove the cause of the headache in the highest degree. You can obtain ZAM-BUK every one hour. The rest and comfort which follow can be obtained in no other way. Genious A-K Tablets bear the K monogram. At all druggists.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, loses its terror when A-K Tablets are taken. When you feel an attack coming on, take two tablets, and in many cases, the attack will be warded off. During an attack take one A-K Tablet every one hour. The rest and comfort which follow can be obtained in no other way. Genious A-K Tablets bear the K monogram. At all druggists.

MOTHERS!

Don't neglect every-day injuries to which children are subject. A "little" injury if neglected may lead to serious complications. A small cut or scratch neglected may mean blood poison, and may result in the loss of an arm or leg, and sometimes of a life.

Why take chances? Apply ZAM-BUK as soon as injuries or skin diseases occur. ZAM-BUK quickly kills all germs, stops the bleeding, prevents suppuration and blood poisons, and heals quickly.

Mrs. J. E. Bierwirth, of Carnduff, Sask., writes:—"My son cut the end off his finger. ZAM-BUK stopped the bleeding and gave him such relief that he ceased crying. I decided to see if ZAM-BUK would heal the wound, and continued using nothing but ZAM-BUK. Complete cure resulted."

Use ZAM-BUK for cuts, burns, ulcers, abrasions, eczema, piles, cold sores, chilblains, chapped hands, and all skin diseases and injuries. Refuse substitutes. See name "ZAM-BUK" on every package. All druggists and stores, 50c. box.

ZAM-BUK
EVERY HOME NEEDS IT!

STEHLINS AT THE FRONT

From the English base at the front, Charles Stehlin, interpreter, writes his brother at Church Point, N. S., that when he and his other brothers from Nova Scotia joined at that base they found a corps of interpreters, numbering 140, composed chiefly of the highest French nobility. Conspicuous among them were the Duc de Blacas, Duc de Montbello, Count de Montesquieu-Fezenc, and Count Boni de Castellane.

EVEN CROSS, SICK
CHILDREN LOVE
SYRUP OF FIGSIf Feverish, Bilious, Constipated,
Give Fruit Laxative
at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "in-sides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.
