Officials of the Municipality of St. John will meet next Wednesday evening to discuss the formation of a provident association. The chief purpose of the movement is to assure an income to municipal employees when past the age for working. The attorney general is taking an interest in the plan and is encouraging a province-wide movement of the same sort. It is probable that a provincial convention will be called soon to discuss the matter.

Arthur Henderson says: There's one thing Printers' Ink cannot do; it cannot make a tailor. It used to take nine tailors to make a man. These days it takes nine men to make a tailor; no, it's no use being the seventh son of a seventh son. No, friends, to be a good tailor you have to be able to put that artistic touch to the collar, the lapels, the shoulders and that effect to the back which either makes a rotten coat or the work of an artist. Are you, Mr. Man, getting those things that make good tailors? No? Then call on me. I have the latest New York ideas for all the above things. Shop at 8 King street.

WOMEN'S WEAKNESS AND HEALTH PERILS

Anemia Comes So Gradually That the Victim Scarcely Realizes the Hold the Trouble Has Upon Her Until Almost in Decline

Woman's work is more wearing than man's because it lasts almost every waking hour. There is no eight or nine hour day for the breadwinner's wife, and often she toils under the greatest difficulty because her strength is below what it should be. The woman who is indoors all day is very often careless about what she eats and does not keep her blood up to the mark. It becomes thin and poor, which makes her weak, head-achy, tired, breathless and liable to pains in the back and sides, the scourge of her sex. New blood will do wonders for the woman who is tired out, who aches all over when she rises in the morning, and feels unaccountably depressed. She can gain new blood now, and drive away the pains and aches and tiredness if she will take Dr. Williams' Pink Pills. They have worked marvels for other women and will do the same for you if you are weak, tired, depressed or suffering from backaches or sideaches. Mrs. Elmer C. Taylor, Calgary, Alta., says: "I was so run down with anemia that I could scarcely walk without aid. I was not able to leave the house. I had no color, no appetite, and was constantly troubled with headaches, dizzy spells and a general disinclination to move about or do anything. My friends did not think I would get better and even the doctor was apprehensive. I was constantly taking medicine, but it did not do me a particle of good. One day a friend asked me if I had tried Dr. Williams' Pink Pills, and I decided to do so almost as a forlorn hope. After I had used a few boxes there was a decided change for the better, and people began to ask what I was taking, the change was so noticeable. As I continued the Pills my color came back, I could eat my meals regularly, the headaches and dizzy spells ceased, I gained in weight and took a new interest in life, my cure being complete. I have told many sickly women and girls what Dr. Williams' Pink Pills did for me and urged them to take them and shall continue to do so, knowing what a splendid medicine they are."

Every weak and ailing woman who will follow Mrs. Taylor's example and give Dr. Williams' Pink Pills a fair trial will find new health and strength through their use. Sold by all medicine dealers or sent by mail at 50 cents a box six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

About Colds
A cold is one of the most common ailments. Most people do not take ordinary precautions to guard against it. It is communicable, and readily passed from one person to another. A cold is a little sore throat, especially in children, should be taken seriously. Measles and whooping cough usually begin like colds. Diphtheria and scarlet fever are often "just a little sore throat" at the beginning. Every weak and ailing woman who will follow Mrs. Taylor's example and give Dr. Williams' Pink Pills a fair trial will find new health and strength through their use. Sold by all medicine dealers or sent by mail at 50 cents a box six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.
