Too Many Trimmed Hats

Naturally when we have weather like Monday and Tuesday our volume of business drops way down. Our workrooms keep producing and orders from the manufacturers arrive, too. The result too many trimmed hats in stock. Tomorrow, Friday and Saturday-hundreds of smart new trimmed hats at quick selling prices. We must cut our stock down by several hundred hats during the next three days—these wonder value prices will do it.

Bedrooms

In the widespread move for better homes, it is natural that increasing numbers of women should elect to start with their own room, the bedroom, in improving their homefurnishings. For it is here that the feminine members of the family may be truly at ease, free of the social obligations of the living room. Here, often, they may exchange with their closest friends those intimate confidences so dear to a woman's heart.

Women who take pride in the appearance of their bedroom furniture appreciate such niceties as reading lamps, artistic bedroom screens, small night stands or tables-enhancing the effect of a bedroom suite of that better quality which reflects the owner's taste and discrimination.

The latest arrivals in bedroom furniture are exceptionally charming. Why not visit our splendid showing of furnishings for the bedroom right now-while prices are still at their lowest?
