Peterson, Miss Bradley, Miss Carrie March, Miss Jean Anderson, Miss McPhail, Warren Anderson, George Peterson and Horace Speight.

WAS ENJOYED.

A successful concert and entertainment was held, under the auspices of the Dominion Lodge, I. O. G. T., in their hall on Murray street, last evening. The programme was furnished by the St. John Concert Company and was enjoyed by a large and appreciative audience. The proceeds were for the building fund of the lodge. A feature of the entertainment was a sketch teeming with comedy and presented in a commendable manner. The taking part were Mrs. F. Duff, Mr. and Mrs. James Corey, Mr. and Mrs. Burton Ring, and Clarence Cain. The other numbers on the programme were: Selections by the North End quintette, Mr. and Mrs. Ernest Simpson, Alfred Simpson, Burton Ring and Clarence Cain; comic song by Ernest Simpson, solo by Mrs. Breen, reading by Miss Gaskin, recitation by Miss Taylor, mandolin and banjo duet by Messrs. Ring and Cain, musical selection by the Gibson family, Irish ologue and clog dance by Clarence Cain. The programme was arranged by Messrs. Ring and Cain.

SEVEN YEARS FOR COAL STEALING

Another Sentence for George Lord to Run Concurrently—Other Cases Before Judge Armstrong.

Several cases under Speedy Trials were disposed of today by Judge Armstrong in the county court. A sentence of seven years on a charge of stealing coal to the extent of about 100 tons from the Dominion Coal Co. where he had been employed, was imposed upon George Lord and three years on a charge to attempting to steal a case of liquor from the warehouse of Ferguson and Poole. He was found not guilty of breaking and entering as was George Brooks who was charged with a similar offence. The sentences in Lord's case are to run simultaneously. G. Earle Logan acted for Lord and C. H. McLean for Brooks. Frederick Martin and Joseph Cullinan were sentenced to two years each on their plea of guilty to the charge of stealing hens on separate occasions from four places including the St. Patrick's Industrial Home. They admitted having stolen fifty-nine hens valued at \$127.50. Arthur Thomas who some time ago elected speedy trials on a charge of attempting to go on suspended sentence. He has been in jail for about a month.

OPEN ROCKWOOD TO PASSAGE OF AUTOMOBILES

City Asked to Share Cost of Widening Road Around Lily Lake—Charges for Use of Swimming Scows—Winter Street Water Main.

With a view to throwing open Rockwood Park for the passage of automobiles, which has hitherto been prohibited, Hon. J. R. Armstrong, representing the Horticultural Association, appeared before the mayor and commissioners in committee this morning to ask that the city assist in the widening of the road around the southern side of Lily Lake.

Judge Armstrong said that the road was too narrow to allow for both foot and vehicular traffic and the projection of a rock ledge at one point prevented it from being widened. He said he accompanied the commissioner of public works to the site recently and it was estimated that the cost of removal of the rock would be about \$400. He said that the association was willing to bear half of the expense and asked the city to take care of the other half. He said that the proposed work would permit automobiles to go as far as the bridge over the lake outlet.

The mayor suggested that from that point to the animal cages a footpath might be made along the side of the road to permit the cars proceeding farther.

Commissioner Frink said an eight foot cut out of the rock would be required and he thought that the city should bear the expense of a portion of the cost, as it was without doubt a public benefit. The work could be done by city equipment.

Commissioner Bullock also spoke in favor of the suggestion and the matter was referred to the mayor and Commissioner Frink with power to act.

Commissioner Thornton said that he was opposed to providing extra funds for this work, as a grant had been made to the park commission by the city. He thought that a report should be made to the council before action was taken.

This was added to the motion and the motion carried.

Commissioner Bullock moved that a shed on Nelson wharf be rented to the Caldwell Fuel Co. for one year at \$25. The motion carried.

Regarding the tax of the Dominion Express Co., a solicitor reported that the city could do nothing but accept the \$281.37 offered instead of \$589.75 assessed last year.

Dr. Frink moved that the assessors be instructed to accept the sworn statement of the company regarding income. Carried.

The mayor said the amount had not been paid for 1920.

Swimming Scows. Commissioner Bullock reported in the matter of charges for use of the swimming scows. He suggested that charges be made as follows:—

Children under sixteen years..... \$1.00
Persons over sixteen years..... 1.50
Single admittance..... 10
Lockers..... 25

He moved that this schedule be adopted. Carried.

Regarding the installation of a gasoline tank for which the St. John Garage and Supply Co. made application, Commissioner Thornton recommended that the permission be granted. Carried.

The College Inn applied for permission to erect an electric sign in Charlotte street. The application was referred to Commissioner Frink.

More Water For North End. The city engineer was authorized to draw up plans and specifications and call for tenders for trenching and backfill for a twelve-inch water main in street. This would replace a smaller pipe. Commissioner Jones said, and would give a better water supply to the north end.

Commissioner Frink, reporting on the application of residents of Somerset street, said that it would take a large sum to put the street into proper shape. Referring to an anonymous letter in the Globe, he said that this method would not have much effect on him. If the council was willing to authorize a bond issue of \$50,000 to \$75,000, he would be prepared to spend the money.

Commissioner Thornton said some filling might be done to make the paving more passable until the paving was done.

Commissioner Jones said that the contractors who put in service pipes should do this work. He said he would take the matter up.

The annual meeting of the Maritime Division of the Canadian Manufacturers' Association was held in the board of trade rooms this morning. The business of the meeting was taken up during the first part of the session following which the election of officers and the appointment of committees to carry on the work of the year took place. W. S. Fisher was nominated for election to the presidency of the Canadian Manufacturers' Association at the annual general meeting to be held in Quebec on June 7, 8 and 9. The matter of transportation problems affecting the maritime provinces was taken up and discussed and many valuable suggestions were received. The feature of the meeting was the address of J. E. Walsh, of Toronto, general manager of the association, who spoke on the subject of the New Brunswick manufacturing industry. The election of officers resulted as follows: Chairman, L. W. Simms; vice-chairman, C. S. Sutherland; J. A. Harven and J. E. McLaugh, and secretary, H. R. Thompson. The afternoon session was taken up with the discussion, by the New Brunswick employers with members of the Workmen's Compensation Board regarding the general working of the Workmen's Compensation Act. The evening session, which will be held at Bond's, will be taken up with organization work of the association.

that we've lowered our quality standards because our prices are 25 p.c. to 40 p.c. lower than they were last spring.

On the contrary, we've never shown any finer fabrics, better tailoring or more attractive looking suits and to-casts.

We could make our prices still lower by cheapening the quality and tailoring in little ways the customer would hardly notice when buying, but in the end we'd lose public confidence, and that wouldn't pay.
