Annapolis, N. S., June 10—The death of Harry Burnham, for many years customs detective officer, occurred here at an early hour this morning from creeping paralysis, aged fifty-three years. He had been ill for a long time and went out several weeks ago in the hope that the change of climate might prove beneficial to his health, returning home here last summer apparently better, but since his return he gradually grew weaker.

The deceased was a member of Annapolis Royal Lodge of Free Masons of this town, and a member of St. George's Lodge of Oddfellows, Digby, and a member of the Foresters. He will be buried by the Free Masons. He was very highly respected and will be greatly missed.

## FOR BRIDES-ELECT.

Last evening the married and elderly people of Brookville and Torriburn tendered a surprise party to Miss Gertrude Adams at the home of Mrs. Harry Hayes. Nearly fifty people were present and on behalf of the gathering Keith A. Barber presented to Miss Adams a "Community Gift" in the shape of a handsome silver scullap dish and upon and in doing so expressed the thoughts of those present by saying that the wishes of the community were for the happiness of Miss Adams in her new home in the west. Mr. Barber also referred to her kindly and sympathetic attitude to both young and old and how she carried sunshine wherever she went. An enjoyable time was spent with music and refreshments.

On last Tuesday the young ladies of Torriburn made up a "handkerchief shower" for Miss Adams at the home of Miss Downey. Miss Adams and her mother will leave for Winnipeg by C. P. R. on Saturday.

An event not included in the usual routine took place in the offices of the New Brunswick Telephone Company yesterday when the young ladies of the office staff suddenly surrounded Miss Cora Ferris, one of their number, who is to become a bride in a few days, and after wishing her all the happiness possible, presented to her a beautiful chest of silver as a mark of the esteem in which she is held. The presentation was made by A. W. MacMachin. Miss Ferris, who was completely taken by surprise, replied in a few words.

## NOT FIX DEFINITE SUM THAT MUST BE PAID BY GERMANY

(Continued from page 1)

The determination of France not to consent to any material changes in the treaty was clearly defined after the meeting of the council and various commissions which failed to reach any solution of the deadlock on the important points on which difference of opinion have arisen.

In spite of the attempt to speed up the work of the peace conference, reports are still unavailable from commissions dealing with Schleswig-Holstein, the eastern boundaries of Germany, the Belgian frontier and waterways and harbors. The fluid state of the proceedings makes it difficult to accept the optimistic statements of various members of delegations that an agreement on the reply to the counter-proposals from Germany will probably be reached speedily. Premier Clemenceau is especially firm in his refusal to agree to the admission of Germany to the League of Nations immediately. The French hold that they understand German psychology better than the Allies, and realize what the increasing arrogance of the German delegates during the last few weeks means. They say they appreciate how much this arrogance would be increased if the peace conference should yield to the German demand for immediate admission to the league. The French, it is understood, are willing that the Germans should be admitted later, but insist that the admission must not be in compliance with what they term "Germany's present haughty demands."

## Austria and Hungary.

Paris, June 11—(By the Associated Press)—Little progress is being made in the drafting of the missing articles of the treaty with Austria, owing to the greater urgency of completing negotiations with the Germans. One official who is working on the Austrian treaty asked yesterday when the rest of the summary would be available, replied: "There may not be any more. The Austrians have more now, apparently, than they are able to sign."

The same waiting attitude is observed regarding the Hungarian treaty, parts of which are identical with the German and Austrian treaty and are already in print.

Paris, June 11—Karl Renner, Austrian chancellor and head of the Austrian peace mission, has sent a letter to the peace conference complaining of the "hard conditions" imposed upon his country which, he says, is "overwhelmed with despair," and pointing out the complexity of the Austrian frontier question. The letter will be laid before the Council of Four today.

## Request Refused.

Paris, June 11—The reply to the German counter-proposals agreed upon by the peace conference heads refuses the German request for a mandate for the former German colonies.

## The Senate and the Treaty.

London, June 11—Secret negotiations at Paris and the non-publication of the treaty with Germany have been denounced here often that the action of the United States senate in making public the text of the treaty has been given much prominence in the newspapers. It has been given sympathetic comment by the London press, with, in some cases, sharp criticism of President Wilson.

To keep sparrows from eating lettuce in the garden a Plymouth man placed a five-foot length of old black rubber garden hose among the lettuce, curling it so that it looks like a snake, and he says the birds do not come near enough to detect the fraud.
