

Hard Cider Had Part in Crime

Wyman Had Nerved Himself to Shoot Berry At South Livermore With That Liquor In Dog Case

In connection with the Livermore Falls fatal shooting reported in the Times yesterday, a Bangor Commercial despatch from Livermore Falls says:—

Livermore Falls, May 27.—That Lincoln S. Wyman, who shot and probably fatally wounded Constable Howard P. Berry, at South Livermore Tuesday when that officer came to arrest him for not paying his dog tax, and who afterward committed suicide, had nerved himself to the deed with hard cider, seems probable by the discovery in the house of a half empty pitcher containing that liquor, together with a tumbler partly filled, standing beside it.

Nearly the pitcher Sheriff Stevens found this note, written by Wyman to his son, scrawled on a cheap piece of note paper in a shaky hand:

May 26

How long the time seems, but I shall be going soon, good bye, Alfie, God bless you.

The careful manner in which the whole tragedy was carried out is emphasized in the manner in which he wrote a farewell note to his boy. To write it, he put on his eyeglasses, took a pencil and after writing it, laid them carefully down.

It is the opinion that he shot himself while lying on the lounge for the reason that the revolver lay on the lounge beside him.

He had been shot through the ear and the wound apparently had been self-inflicted.

Shooting Was Planned

Every indication seems to show that Lincoln Wyman planned to shoot Howard Berry and his dog. It has been found that he called up Mr. Berry's wife Tuesday morning to find out if the constable had started for his place.

The deadliness of his rage is indicated by the finding of a slug embedded in the shingles of an ice house, which stands in the yard. This is in direct line from the doorway where he stood and where Berry stood by the auto, when he was shot.

The slug evidently taken from some small rifle or revolver was apparently put into the shotgun's shell, in anticipation of shooting the man who came with the dog.

E. R. Boothby, who talked with Wyman Monday, noticed that he, who is known to be a moody man, had some thing on his mind. In talking with him he could not interest him in any conversation and many times did not receive answers to his questions.

Sent Boy From House

Before the arrival of the constable, Wyman sent his boy, Alfie, to pasture down behind the house. The boy, who is 14 years of age is badly affected by the tragedy. He is very well liked in the neighborhood and his life alone with his father has not been of the pleasantest. He will say nothing at present because his father requested him not to do so.

Wyman lived for several years in the west and with his brother in Iowa, when the latter was shot in a saloon.

It is recalled that at different times he has quarrelled with his wife, on one occasion himself, taking parts green to frighten her, and within a few months, in anger against his wife and hired man, he is alleged to have attempted to shoot the hired man. At this time the wife took parts green, and the hired man, critically ill. It is said she is now at Wayne and is still suffering from the effects of the poison.

Berry is about 40 years of age. He is one of the most prominent citizens in town.

The home about which the tragedy took place has a previous tragic history. It is the old Deacon John O. Palmer place.

Made Fast Time

A rather odd feature of the affair is

NUMBER ONE BATTERY

3RD REGT. C. A. DINE

The annual dinner of the No. 1 Battery of the Royal Canadian Artillery, held at the Park hotel last evening, was one of the most enjoyable that the battery or the corps has ever organized. A splendid spirit of comradeship prevailed and there was a good programme of music after a well served dinner, the event was in every sense a success. Lieut. Inches was in the chair in the absence of Major Harrison, and the chief guest was Col. B. R. Armstrong.

In response to the toast of his health, Col. Armstrong spoke in high terms of the efficiency of the men of the battery, and their excellent discipline. He also mentioned the interesting fact that the battery is the oldest volunteer corps in Canada, having been formed in 1868.

The battery had on several occasions won the Solomon cup, and the colonel roused a good deal of enthusiasm when he said that he hoped that

HAD INDIGESTION.

Almost Despaired of Ever Getting Well.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unassimilated, undigested portions of food, which they cannot properly digest as speedily as possible from the body, therefore only giving the blood a small percentage of nourishment with which to feed the tissues.

No wonder then that indigestion and dyspepsia attack the stomach. No medicine can surpass Burdock Blood Bitters as a cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the debilitated system.

Mrs. Mary McKay, Hunter's Mountain, N.S., writes:—"I was troubled with indigestion for more than ten years. I tried several Doctor's medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good, and I can eat most everything without any disagreeable feelings. I can strongly recommend B.B.B. to anyone suffering from indigestion."

that both sheriff parties, who were notified by telephone, had to make a trip of approximately 16 miles by automobile. Sheriff Stevens started from Auburn at 9:45 and arrived there at about 10:30. Deputy Sheriff Williams was at North Jay and both automobiles coming in opposite directions drew up in front of the Wyman homestead at the same time.

Coroner Doe also came from Auburn, making the trip in two minutes short of hour. He immediately made an examination of the body and his opinion was that the bullet from the .38-calibre revolver after entering the right ear, took an upward course and is now lodged somewhere behind the forehead; that it was a plain case of suicide and no inquest seemed necessary.

Homestead Deserted

The pretty little homestead of Lincoln G. Wyman here is deserted except for Deputy Sheriff Williams, who will remain in charge until someone takes it over.

Mrs. Wyman is at the home of Mrs. Grover in Winthrop and in a pitiful condition as the result of taking parts green last fall. She is paralyzed.

The boy, Alfie, is much affected and is being cared for by neighbors.

While there may have been a small mortgage on the farm, Wyman was understood to be doing well. The neighbors speak of him as a peculiar man and very high strung. He had been on this farm for three years, coming from Fayette where he was engaged in the work of carpentry.

About the rooms everything was in good order. Apparently he was a great smoker and a great reader. Newspapers of late date covered the table. Pipes and cigars were in evidence on shelves and stands.

IS SHOT WOUNDS

IN BERRY'S BODY

Lewiston, May 27.—Announcement was made at the hospital here Tuesday night that Howard Berry, the Livermore Falls constable, shot by Lincoln G. Wyman on Tuesday morning had a fighting chance for life. The surgeons were unable to operate upon him Tuesday to remove the buckshot.

Mr. Berry's condition was such that they did not feel sure to make the attempt. A number of pieces of bone and bits of false teeth were taken from the wounded man's body.

Dr. Scannell stated that while no bullets were removed the wounds are such as must have been caused by a slug or an exceptionally large size of buckshot.

In the event Mr. Berry's recovery, the physicians state that while he undoubtedly will be disabled, they do not think he will lose his sight, though the piece of wadding shot one of his eyes.

The injured man reached the hospital at about 12:30 o'clock and immediately received the attention of Dr. Scannell and Dr. Barrell, who worked upon the patient until 1:15 o'clock. He is in an extremely critical condition with all his chances against recovery.

The physicians found 18 distinct wounds. One was under the right eye, one on the face, another passing through the lip, two under the jaw, causing a double fracture of the jaw, four or five in the neck, several in the shoulder, and three passing through the chest, of the chest and perforating the lungs.

Considering the terrible shock of the injury, Mr. Berry stood the automobile trip from Livermore Falls to Lewiston well and was partially conscious when he reached the hospital.

Mr. Berry's wife had telephoned his sister, Mrs. Cyrus Brown of Auburn, telling her of the accident and asked her to be at the hospital when the patient arrived. Mrs. Brown went immediately to the hospital and was there when Dr. Smith arrived with Mr. Berry.

they would continue to keep up this high standard for many years.

Speeches were also made by Sergt. Major Lamb, Quarter-Master-Sergt. Primer, Sergt. Vincent, Orderly-Room-Sergt. Ciley, Sergt. Evans, Weatherhead and Tyler; Quarter-Master-Sergt. Instructor Lindsay, of the signalling section, and others. Sergt. Major Lamb remarked that if the battery continued to improve as present it would soon be easily the finest in Canada, while Sergt. Vincent spoke of the men's willingness at all times to undertake their arduous duties cheerfully.

The following programme was gone through: Solo, J. Garrett; monologue and song, T. Stack; comic boxing, Messrs. Dipp and Herdell solo, T. Kirby; comic songs and jokes, C. Duplisse; sword swinging, T. Brown; bagpipes, P. Haver; reading, R. Harding; solo, D. Higgins; sword dance, Corp. Gibb; comic sketch, Corp. Owens; solo, Corp. Preston. Mr. Colwell was at the piano. P. Howard was to have sung but had to leave for late duty and was given three rousing cheers. The National Anthem closed the evening.

LONGSHOREMEN WANT FIXED WORKING HOURS

Matters of a routine nature and measures of interest more directly to the members, were dealt with yesterday afternoon at the continued sessions of the Atlantic Coast District International Longshoremen's Association. The president, John T. Joy, occupied the chair, and amongst the resolutions passed were the following: One for the establishment of a stamp system in connection with district locals; another for the appointment of organizers of various nationalities; and another in regard to certain grievances of the members of the association in connection with the work at some ports.

It was decided to send three delegates from the Atlantic District to the International Convention in Milwaukee, convening on July 18. These delegates will probably be chosen today. A resolution was also passed with regard to a definite working period for the longshoremen, it being considered that in many cases where the work being done was of a laborious nature a particularly lengthy day was not desirable. The members are inclined to favor the establishment of a definite number of hours for longshoremen's labor.

Ahead of the Game.

"I see where a Cincinnati woman owns a number of drug stores. I think of the advantage she has over other women in that town."

"In what way?"

"She can eat her complexion at cost."

SUPPLEMENTARY ESTIMATES MORE THAN \$17,000,000

Conservative Expenditures Total \$88,000,000 More Than Liberals Ever Spent

Ottawa, May 28.—The supplementary estimates, totalling \$17,428,912, brought down in the commons today by Finance Minister White, bring the total appropriations for the current fiscal year up to \$208,174,088. This is \$5,517,922 more than the appropriations for the high spending record of last year.

It is also to be borne in mind that the votes in the above total do not include expenditures under special statutes, such as the \$1,200,000 for Farmers' Bank deposits, another million or so for Fenian Raid bounties; \$45,000,000 for Mackenzie & Mann, and any railway subsidies which may be brought down later.

The supplementary estimates brought down today are divided into \$9,666,197, chargeable to revenue, and \$7,772,715, chargeable to capital account. Taken in conjunction with the main estimates submitted last February, the total appropriations on revenue account amount to \$156,402,828, and the total appropriation upon capital account to \$51,771,265. This is an increase in the amount asked for the ordinary expenses of government of \$18,229,506, while capital expenditure appropriations are decreased by \$7,721,586.

Tory "Economy."

During the last year of the Laurier administration the total amount spent on the ordinary expenses of administration was \$87,774,189. After three years in power the present government is asking some \$68,000,000 more to carry on the administration. This is about \$9 more per head, or about \$45 more per family than it cost to run the country under the Liberal regime.

The total expenditure in the last year of the Laurier government was \$122,861,260. The present government is asking \$86,000,000 more for total expenditure this year. What will happen next year, when the pre-election estimates are brought down, can only be left to the imagination.

Yotes for public buildings in the maritime provinces include the following: Amherst—New post office, \$30,000. Hantsport—Public building, \$35,000. Mahone Bay—Public building, \$20,000. Port Hawkesbury—Public building, \$38,000.

Shubenacadie—Public building, \$2,000. Stellarton—Public building, \$2,000. Wolfville—Public building, re-vote, \$5,000.

Milltown—Public building, \$10,000. St. George—Public building, \$7,000. St. John's—Public building, \$10,000. St. John's—Public building, \$10,000. Sussex—Public building improvements, \$2,500.

Harbors and Rivers.

Anderson's Cove—New breakwater, \$6,000. Arisaig—Wharf repairs, \$1,000. Bass River—Wharf, \$3,000. Bear Cove (Halifax county)—Boat skid, \$1,700.

Cape Dauphin—Boat harbor, \$1,500. Cape Negro—Completion of wharf, \$1,200. Chegoggin—Extension of breakwater, \$2,700.

Cheverie—Wharf extension, \$3,300. Christ Cove—Breakwater, \$3,000. Eastport Le Hebert—Mooring pier, \$1,200.

East River—Improvement, \$13,000. Eum Secum (Halifax county)—Breakwater wharf, \$2,300.

Litchfield—Breakwater extension, \$2,500. Little Bass River—Wharf, \$2,500.

A DEAD FLY

May be as Dangerous as a Live One!

It is certainly more repulsive, and, if left, it is far more disease than ever it did when alive.

It is not sufficient to kill the fly. You must destroy the germs as well. These, if allowed to multiply, will spread disease and death. Give up using the fly swatter and the unsanitary sticky fly paper.

Buy WILSON'S FLY PADS—the only really effective method of exterminating the death-dealing housefly. They kill all the flies in the house in a few hours. No dead flies left lying about.

Be careful to follow directions found in each packet.

Too Much Indorse Causes HEADACHE

THAT miserable feeling is due to impure blood resulting from winter's indoor living.

Dyspepsia, Liver Complaint, Jaundice and Constipation come from impurities in the blood. There's no remedy—trial, local, and found efficacious for the last fifty years—and that is

Dr. WILSON'S HERBINE BITTER'S

a preparation made from Dandelion, Mandaraka, Burdock and other purifying herbs.

At the first approach of "spring fever," constipation, taking this "true Blood Purifier" will rid you of so much worse to develop.

Sold at most stores 5c. Family size, five times as large, \$1.00.

Brewery Drug Co., Limited, St. John, N.B.

Dandelion: Warranted to be a reliable cure for worms in only four days.

Was Confined To His Bed For Four Months With Rheumatism.

Mr. W. H. Riley, Ruddell, Sask., writes:—"It is with the greatest of pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who says me then would not know me now, as I am strong and active since taking your valuable medicine."

Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and thus clean out the system, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

Westfield—To complete high water wharf, \$1,400.

Wilson's Beach—Repairs to wharf, \$1,000.

The Taylor's Silver Black Fox Company, Limited

Offers the very best inducement to those desiring to invest in the Silver Black Fox Industry.

Twelve Pairs of Foxes are guaranteed to be on the ranch by the First of September, A. D., 1914. Seven pairs of breeders are already on the Ranch. The capitalization is \$180,000, making the Foxes \$15,000 a pair this year. This is a low capitalization in comparison to any company now offering fox stock for sale. Prospects this year for large litters are exceedingly good.

Reports so far are brighter than last year. The Dalton loss was peculiar to that ranch and takes the biggest competitor out of the market for 1914. Prices for this year's pups are higher than last year.

The Taylor's Ranch is the finest and most up-to-date on the Island.

The shares are \$100.00. 20% on application; the balance on delivery of certificate.

BOARD OF TRADE URGES SUGGESTIONS FOR HARBOR WORK

The Board of Trade has sent to the civic and federal governments the suggestions made by the C. P. R. officials for the improvement of the harbor facilities required for next winter's work. They have also forwarded to the Ottawa their own recommendations comprising the following suggestions:—

The immediate construction of the revetment wall from the new wharves to the base of the Negro Point breakwater, or placing the cribs along this line for the base of the proposed additional wharves with the space between filled with riff-raff to meet the same need.

The prompt completion of the construction of the new government berths, Nos. 15, 16 and 17.

The erection of warehouses for these wharves.

Filling in the space between the wharves and the shore.

Building a new face to the old C. P. R. and No. 1 wharf in a straight line to remove the present angle.

Extending the breakwater to Partridge Island.

The Smile Worth While
