The Teachers and Office-bearers take great pleasure in submitting the Annual Report of the Sabbath School.

The year ending March 31st, 1884, has been an eventful one in the history of our School. Many changes have taken place and valuable christian workers have gone from our midst, viz.: the Misses Fowler, Smith, Sutherland and G. Fraser, the latter having been a faithful and zealous teacher for a number of years. Also Dr. Smith and Mr. Rattray. Mr. Rattray was connected with our School only for a short time but we remember him with pleasure. Dr. Smith, as we anticipated in our last report, has since removed to St. John, N.B. We pray that God's blessing may rest upon and abide with all of them in their different circumstances and new fields of labor.

Notwithstanding the loss of these co-workers, together with its very efficient Superintendent, Dr. Smith, the School has very great reason to thank the Divine Teacher for the degree of success and marks of encouragement which have been experienced.

There are 259 scholars on the roll; the average for the year has been 232; average attendance Infant Class 36, Bible Class 8.

All have studied the International series of lessons together with the Shorter Catechism. The Infant Class only using the Mother's Catechism instead of the Shorter.
