SPECIAL ADVERTISEMENT.
Mr. Thompson, Chief Superintendent of Schools in this Province, in possession of an official letter from the Provincial Secretary, under the authority of His Excellency the Governor in Council, wherein he is informed, with reference to a complaint of his against me, that a repetition of such disgraceful conduct on my part will render it impossible to retain me in the public service.

Some public notice of this official proceeding is necessary, because Mr. d'Avray will doubtless, as heretofore, make it the foundation of slander under official authority and protection.

I received official intimation of the sentence of binding over to the peace, on 30th October last, and immediately justified myself as far as possible under the circumstances, for I had not received a copy of Mr. d'Avray's complaint, nor seen it, nor have I up to the present moment notwithstanding my immediate application for it.

The leading facts, however, must be those I learned on the evening of Sunday the 7th of September last, that Mr. d'Avray had some time before stated, as in the presence of witnesses, that I had stolen £120 of the Parish School Book Fund—a statement which, before His Excellency in Council, and which every one present knew or could easily have ascertained, to be absolutely false and malicious in all its approaches. Inquiry satisfied me that although Mr. d'Avray's words were actionable, I could not vindicate myself by an action at law owing to certain official proceedings which I have found it necessary to bring under the notice of Her Majesty's Imperial Government. On 10th September observing Mr. d'Avray in the office of the Provincial Secretary, a few minutes before 10 A. M., the office hour, I, under immediately antecedent irritating circumstances, said to him, to the effect, that I would have shot him had I heard at the time a remark he made to Mr. Grosvenor in the presence of the Rev. Mr. Ellwell—referring of course to the villainous assertion above mentioned. Some few words then ensued, neither loudly nor boisterously spoken, and there being only two other persons present, both belonging to the office, I ultimately called him a contemptible puppy, a most mean contemptible puppy, and a scoundrel.

In the presence of the Almighty—a Being of infinite perfection—my words were said and demand repentance; but I admit nothing in them to be irreparable, and such as should disqualify me for public service in the estimation of men influenced by the like passions and frailties when unjustly assailed. Nevertheless, submit I must, unless I would alter my pursuit in life, which thirty years of faithful public service would render an easy one to any man, particularly where hurried by a large family.

Professor d'Avray can now attach what antecedents he chooses to his official complaint. I am in the same predicament as when on 20th September last I addressed the Secretary of State for the Colonies as follows:—

By official irregularity, by the suppression of evidence; by the falsification of my accounts; by adverse because unopposed testimony irregularly put into the possession of an unscrupulous enemy, my reputation can now, under the protection of the Government, be undermined to any extent. I cannot, however, believe that Her Majesty's Government will sanction my being subjected to so grievous a wrong, and I claim the protection of Her Majesty's Government so far as tending to the amelioration of the system as regards the comparatively poor, is deemed worthy of being degraded and wronged at the expense even of the sacred and eternal principles of justice so fully enshrined in and so truly protective of monarchy.

IMPORTANT TO EVERYBODY.
FOR the last three years, I have been engaged in a business known only to myself, and comparatively few others, where I have instructed for the sum of 200 dollars each, which has averaged me at the rate of \$1000 to \$2000 dollars per annum; and having made arrangements to go to Europe in the Fall of 1857, to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada, who will remit me the sum of \$1000. I am instructed, from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from 5 to 15 dollars per day at it, to give any person an opportunity to engage in this business, which is a very pleasant, and very profitable, and a small cost. There is positively no hazard in the matter. References to the best of my agents, agents, in which either ladies or gentlemen can judge, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from 3 to 6 dollars per day at it. If a gentleman wishes to receive a full and complete instruction, I will send him a receipt of \$1000, which is required to start the business, which can be perfectly understood at once. All letters must be addressed (post paid) to A. T. PARSONS, 335 Broadway New York, November 1856.
