RECENT DEATHS.

A Moncton Hotel Man—Well Known Yarmouth Lad.

A dispatch was received this afternoon from St. John, says yesterday's Moncton Transcript, announcing the sudden death of Walter, son of the late Mr. Wallace, of the Hotel, in this city. Mr. Wallace has been in precarious health for some time, and went to St. John for medical treatment. He was 44 years old, and a son of the late Warren Wallace, of the late firm of Wallace & Co., of St. John. He was married, and leaves a wife and three children. Mrs. W. Humphrey, Mrs. Geo. L. Main, and Mrs. Edward Forbes, deceased, had many friends in Moncton, who will learn with regret of his death. The body will be brought to Moncton.

Two old and widely known Yarmouth ladies died yesterday. Mrs. Chandler, of the widow of Deacon Robbins, of the bogie point, and Mrs. John R. Crosby. The former was 77 years of age, and leaves nine children. Mrs. Crosby is a stepmother of John, and was 69 years old.

THE STRIKE IS OVER.

The men working on the Lake Superior who went on strike yesterday are now sorry for the unfair manner in which they treated their employers. This is shown by the fact that early this morning over half of them applied to the foremen for work. Of the number who asked to be taken back all were accepted but two. No conditions were made, and the men will be paid, as formerly, 20 cents per hour. Messrs. Miller and Nolan say they have no desire to use unfairly any man working for them. They consider two dollars a day good pay.

THE I. C. R. DISPLAY.

Is a Great Attraction at 54 King Street Today.

The advertising display of the International is today on exhibition at 54 King street, and is well worth a visit.

This is a new departure for this railway and should bring considerable business.

The old baggage car 724 has been thoroughly repaired and equipped with the coupling devices for use on the American roads, and is now being used for the conveyance of pictures and racks forming the exhibit. The car has been placed in charge of Arthur E. Barton, who for years has been connected with the general offices of the I. C. R. in Moncton.

The contents of the car consist of one hundred and thirty pictures, packed in four in a case, and rack on which they are set up. Besides these there are four large salmon nicely mounted, two mooseheads, and a one color oil painting of the Metapedia valley done by Norman, of Montreal.

A. H. Lindsay, who has recently been appointed to a position on the advertising staff of the I. C. R., is acting as advance agent to this car. He secures space for the exhibit and makes all necessary arrangements for the display. When the car arrives in position and shown by Mr. Barton. The length of time given to the exhibit depends of course on the size of the town, and one day each is allowed for the hanging and removing of the pictures.

The first towns to be visited will be on the Boston and Maine railway, commencing at Portland and then Dover, Haverhill, Lawrence, Malden, Medford, Boston, Woburn, Lowell, Nashua, Manchester, Laconia, Keene, Noy, North Andover, Springfield, Northampton, Holyoke, and Springfield. The car may possibly go as far south as New York, but this has not been definitely settled.

The pictures are splendid. They are in color and show many of the prettiest scenes along the route of the Maritime Express. The display is arranged in topographical order and commencing at Montreal visitors are shown many views of scenery through Quebec, St. John, and the Prince Edward Island railway are also given much attention, the views being very fine.

No better idea of the beauty of the country could be obtained than from an inspection of these pictures. The display will be open to visitors at 54 King street until Saturday night.

AN INVESTIGATION

Of Charges Made Against the Carleton Fire Department.

As a result of the charges made against the Carleton fire department by Robert H. Craft, whose barn was burned a day or two ago, Chief Kerr has decided to hold an investigation. This will take place tomorrow evening in the Carleton fire station. Chief Kerr claims that the men were unnecessarily slow in responding to the alarm. The men deny this and say they turned out as quickly as possible.

George H. Clark, the owner of the fish house, which was burned a couple of weeks ago, has begun a suit against the city for damages on account of what he claims was mismanagement of the fire by the Carleton fire department. He first applied to John Kerr, but as the chief could not act in this matter W. H. Trueman has been engaged.

The Carleton firemen laugh at the idea of the city of Moncton paying damages in this case and say that Chief Clark's claim that there was not enough water used is unfounded.

PROVINCIAL ITEMS.

The Sissiboo Pulp Mill & Paper Co.'s dam at Lake Umbagog, N. S., about 15 miles up the river, gave way during last week's freshets, leaving about 3,000 logs stranded at that place. It cannot be replaced till after the spring rains are over.

On Sunday last Mr. McGregor completed the 20th year of his pastorate of the Presbyterian church at Amherst.

LETTERS FROM THE PEOPLE.

WELCOME TO ENGLISHMEN.

To the Editor of the Star:

Sir,—There was a welcome given to the Doukhobors when the first party landed. Is the "St. George's Society" or "The Sons of England" going to give any welcome to the first organized body of English immigrants coming here? Surely they could arrange for a few to meet and welcome them and wish them good luck on behalf of their countrymen here.

Yours, &c., R. W.

NEW VESSELS.

The new schr. Cardenia was launched last Tuesday from the yard of Solomon Morash, Lunenburg, N. S., for Capt. Backman. Three fine schooners were launched at Mahone Bay, N. S., last week. The Tribune, for Capt. George Geldert, of Lunenburg, is 30 feet keel, 50 feet over all, 15 feet beam, and 6 feet 6 inches hold, registering 23 tons. The Maimie Dell, for Capt. J. W.
