Diphtheria has been very prevalent of late in Toronto. A fine harbor salmon was caught yesterday. The fish weighed twenty-seven pounds and is on exhibition at Smith's fish store on Sydney street—Sun of Saturday.

Treasurer Hall, of the Quebec government, brought down his estimates on Tuesday last, which show a saving of \$1,208,000 on those brought down last year by Mr. Sheehy.

Ambient water works debentures to the amount of \$400,000 have been taken by J. C. Mackintosh, of Halifax. Mr. Mackintosh's tender was 4 1/2 per cent at par, with 25 as a bonus.

The late F. H. Hayes, whose death occurred on Friday last, was known as a faithful and efficient officer in his capacity of Superintendent of the city schools. His death at the early age of 36 is widely regretted.

Reports received from all parts of Manitoba and the North-west territories indicate that wheat seeding is about completed. They also show that the prospects for larger wheat crops this year are most favorable.

The by-election for the seat in the commons for North Perth, made vacant by the decease of the former member James Grieve, Liberal, took place on the 19th, resulting in the re-election of Grieve by an increased majority.

The Wolfville Advertiser says: Rev. Mr. Sanford has rented the dwelling next the college campus, from Mr. Sidney Borden, and will make his home in Wolfville. The property has undergone thorough repairs since purchased by Mr. Borden, and is now a desirable place.

Sir Alex Campbell's term as governor of Ontario is expiring the last of the month, and a great deal of speculation is indulged in as to his successor. Six months ago the name of Hon. John Carling was in all lips, but now the Hon. Geo. Kirkpatrick, M. P., of Frobitone, is suggested.

The vote was 19 for and 44 against, yesterday, after the debate on the bill introduced in the Quebec assembly by Mr. Morris (Cons), seconded by Mr. Hackoff (Cons), proposing the abolition of the legislative council. The opposition unanimously supported the measure; three ministers also voted for it.

The 18th May two hundred and fifty years ago was a great day for Montreal, for on that date La Motte, a native and follower landed and founded Montreal. The corner stone of the monument to be erected to his memory on the Place d'Armes square was laid today, under the auspices of the Numismatik Society.

The committee of the St. John university extension work met on Friday last and received the report of last year's work. Nearly 500 persons attended the classes last year. The receipts paid the expenses, the balance remaining over for their first year's work. It is proposed to raise the fee from \$1 per course to \$2.50 and to allow the lecturers \$5 per lecture next year as a beginning in the hope of increasing the attendance in the future.

Dr. McLeod, of McLeod's Hotel in Kentville, is in possession of a valuable relic of Acadian times. It is a gold locket of 1701, bearing the effigy of Louis XIV. of France and Navarre, the "Grand Monarque." The locket was found by Mr. McLeod on Grand Pré, while taking his cattle to pasture, and is in a good state of preservation. The value of a locket of this age is eighteen shillings sterling, but this specimen would probably sell for many times that amount.—Halifax Tribune.

Professor Saunders, director of the experimental farm, Ottawa, was in the Maritime Provinces last week in connection with the Canadian exhibition at Chicago next year. The main object of Professor Saunders' visit was to make arrangements with the various provincial governments for co-ordinated action on the subject, but he will be happy to consult with any one who contemplates taking part in the exhibition. Canada having decided to take part in the exhibition, it is very desirable that one exhibit should be the best possible.

A Kingston, Ont., despatch says: Fifty Roman Catholic priests and laymen married here from New York today to arrange marriages for the past year at Carlton Island opposite this city, for the purpose of holding summer assemblies like that of the Chautauque. The first session will last three weeks and there will be about forty-five lectures on ethics, science and related religious history, political economy, literature and miscellaneous topics. Archbishop Corrigan and Cardinal Gibbons will be among the first who will be invited.

Yarmouth Times: A policeman in Halifax had a unique experience the other day. A warrant was put in his hands to arrest a man for assault. He found he was the man himself, so he promptly arrested himself and the warrant was returned in due form. He brought himself before the court in his own custody, and was admitted to bail, without being obliged to lock himself up overnight. It is fortunate he went quietly and did not resist, as it would have been a distressing spectacle to see a policeman dragging himself along by his own collar or knocking himself down with a club.

Acadia Seminary.

A musical recital was given in College Hall on 13th inst. by the pupils of the Seminary. The instrumental music furnished was well rendered, and the exhibition of vocal culture, which was intended to be the principal feature of the entertainment, was highly praised by the lovers of music present. It is stated on the authority of Secretary Baine that Mr. Justice Harlan, of the United States Supreme Court, and John Morgan, United States Senator from Alabama, have been selected by the President as arbitrators on the part of the United States in the Behring Sea arbitration. England will now appoint two arbitrators, and there are three others to be appointed—one by the King of Sweden, one by the President of the Republic of France, and one by the King of Italy—making seven arbitrators in all.

In the Opanha Methodist conference the committee on the state of the church brought in a report calling upon the government, the State officials, the Methodist Episcopal church and all good citizens "to arise in their might and abolish the indignities and outrages that are put upon the colored people and all white people who love to work for the elevation of the colored race in the Southern States." The resolution declared that the colored people were treated shamefully on the railway trains and at hotels and in every way. They were shut down like dogs and the law of the land was trampled under foot by the people who despised the colored race. The resolution was the signal for tremendous cheering. Adopted by a rising vote.

BENT.—Mrs. Sarah Bent, of Nictaux Falls, at the advanced age of 93 years, was called to her heavenly home on the 1st of May. She had been for many years a member of the Baptist church, having been baptized by the late Dr. Bill, at Mount Handley. She was in her last years a great sufferer. But she bore her trials with Christian resignation, and had the joy of realizing that the Saviour was with her as she went into the valley.

SAUNDERS.—At Tremont, Kings Co., N. S., April 24, of consumption, Henry B. Saunders, aged 42 years. Brother S. professed faith in Christ some years ago and united with the Lower Aylesford Baptist church, but on his removal to Boston, Mass., he united with the Harvard street Baptist church there, and lived since his removal with his brother Adoniam, at Tremont, where all was done for him that loving hands could do. He made arrangements for his funeral and passed away in the triumphs of faith to the rest that remains to the people of God.

WETMORE.—At the residence of her son, Rev. J. D. Wetmore, Jernag, Queens Co., Mary Fisher, wife of Thomas B. Wetmore, aged 67 years. The departed professed her faith in Christ and was baptized by the late Rev. James A. Smith over forty years ago at Springfield, Kings Co., her native place. For over a year this sister's health had been gradually failing, and although at times her intellect was somewhat deranged, yet there were times when her mind was perfectly clear, especially near the close of her life, when she talked freely and with much anticipation of her home beyond the narrow river, and of meeting her Saviour and loved ones. In looking back over her past life she was able to say with the Psalmist, "Many have been my afflictions in the past, but the Lord has delivered me out of them all." The remains were taken to Bely's Cove, where service was conducted by Rev. G. W. Springer, and then the body was laid to rest in the burying ground of that place, where some of her kindred already sleep, to await the resurrection of the just made perfect. A husband, one son—the pastor of Jernag church—and one daughter mourn their sad loss.

NICKERSON.—Killed by falling upon a circular saw at Carleton, Yaguoths Co., John Nickerson, aged 38 years. Our brother was hopelessly converted over a year ago, during a revival of services conducted by Rev. E. P. Caldwell, in his late charge, Deerfield. He adorned his profession to the end, and was ready to respond to the very sudden and unexpected call of the Master, "Come up hither."

BROWN.—At Apple River, April 26, of inflammation of the lungs, Amy Ann, beloved wife of Robert Brown, aged 46 years. Our sister was a consistent member of the Apple River Baptist church, and died in a pure and certain hope of a glorious resurrection. She leaves a husband, three children, father and mother, six brothers and two sisters to mourn the loss of a loving wife, a kind mother, an affectionate daughter and sister. May Divine grace be given them in this hour of their trouble.

WATTS.—At Johnston, on May 4, Daniel, relict of the late James Watts, in the 50th year of his age, leaving four daughters, together with a large circle of relatives and friends, to mourn their loss. Sister Watts professed religion a number of years ago and was baptized by one of the fathers of the F. C. B. denomination. Although her suffering was great she bore it with resignation to the divine will of her Father. Funeral services were conducted by Rev. S. J. Purry assisted by Rev. A. B. McDonald (Dayton).

BROWN.—At Milton, Queens Co., N. S., of consumption, Maggie Brown, in the 28th year of her age. A consistent, warm-hearted Christian girl, our sister was converted thirteen years ago and baptized by the late Rev. Mr. DeWolf. She will be much missed, for her influence was felt all over the community. Her last message to the young people she gave her pastor a short time before she died. "Tell them to try and do more good than Margaret did." Parents, three sisters and one brother cherish fondly her memory.
