

as teachers. The Library as stated in last Annual Report, has not had any new books added to it during the past year; an appeal was made to the Congregation at the Annual Meeting held in January 1880, to enable the Association to procure a new Library, but without success, when it was decided by the Association to put in as good a state of repair as possible the books they had at their disposal, and await some more convenient time to procure a new Library; after carefully reconsidering their decision in appropriating the sum of two hundred dollars towards the purchase of a new Library, the members of the Association thinking a new School Room was more needed, they by a unanimous vote appropriated the \$200 as the first instalment towards a payment of \$500, which the Association pledges itself to raise in three years towards procuring a building more suitable for Sabbath School purposes. The Treasurer reports the amount collected for the year to be as follows:—
