Put the potatoes in an **SMP**
Enamelled Potato Pot. Cover
with water. Add salt to
taste. Boil until soft. When
finished, drain off all the
boiling water through the
strainer spout. No danger
of steam scalding the hands
because the handle securely
locks the cover on. If your
family uses potatoes, you
require one of these.

IF ABUSED CREDIT IS HARMFUL

All trades and professions are preyed upon by unscrupulous credit-mongers, who make an art of dodging bills. It is not that they cannot pay, but will not. The family which falls into misfortune and duns up a charge account with the intention of making an honorable settlement at the first opportunity, is not the greatest worry of the tradesman. He knows that he has a better chance of being paid eventually in such a case than in the case of the person who is able to pay but does not. It is hopeless to expect reform from the professional bill-dodger but there are others who may be amendable to persuasion. Getting in debt is, with many, a habit which like all habits, grows the more indulged in. It is being over indulged in on every side these days and it is time defaulters are called to account. Dealers are largely to blame for the condition, for it could be cured if less leniency were shown. The person who ignores his—or her—just debts, not out of necessity, but lack of principle, is an enemy of society. Credit is not necessarily an evil. By it homes have been beautified and the dignity and comfort of life enormously improved. Extended too far it does indeed become a curse. What is needed is for the public to be educated to the right use of credit and for the scoundrels to be dealt with according to their deserts.

Here and There

According to the official records one hundred and thirty whales have been caught by the Victoria, B.C. whaling fleet so far this season. The sperm whale is the most plentiful this year.

It has been estimated that over one hundred and fifty thousand people attended the Calgary Stampede this year. A historical pageant more than five miles long was the opening feature of the jubilee.

With an estimated attendance of five thousand each, twenty conventions have been booked to take place in Montreal for August, September and October, according to figures from the Tourist and Convention Bureau of that city.

It is expected that when Hon. Honore Mercier, Minister of Lands and Forests, returns to Canada, a thorough organization of the Quebec Lands and Forests Department will take place. It is reported that the Province is to purchase several more hydroplanes, to be used for forestry research work, as well as for combating forest fires and other work.

Church dignitaries, statesmen and thousands of laymen congregated in ancient Quebec to be present at the wonderfully impressive ceremonies attendant upon the burial of the late Cardinal Beign. The Basilica, which has only recently been reconstructed and opened to the public, presented a scene of colorful beauty and majestic dignity while the profoundly sorrowful services were being recited.

At this year's Cross-country Ride and Pow-wow of the Trail Riders of the Canadian Rockies it is expected that approximately one hundred riders will cover a new trail which extends from Marble Canyon on the Banff-Windermere Road over the Wolverine Plateau and past Lake O'Hara to Hector, while between 250 and 300 are expected at the Pow-wow near the Wapiti Bungalow Camp. While out west Field Marshal Earl Haig signed on as a member of the Trail Riders.

On the occasion of the departure from England of a party of one hundred school-teachers on board the "Empress of Scotland" to visit Canada and study educational methods here, His Majesty the King sent the following message to the International Education League: "His Majesty congratulates the League upon the happy conception of the undertaking which will give opportunities to study the educational system in Canada and to gain an insight into her history, development and general resources."

"Lillian Gish Eats Carrots For Nerves"—News Item. Some of the folks we know must have made hogs of themselves.

A girl gets the most fun imagining how she would look as a bride.

"How did you get your canary to sing?" "I put a band on his leg."

The man who is told to put up or shut up doesn't either in most cases.

MIDDLETON NOVA SCOTIA

BE SURE ITS A MOOSE

Put a word of warning to the scores of red blooded Nova Scotians who, until Nov. 15th, will rove our Province in search for the antlered monarch of the forests.

Be sure it's a moose before YOU pull the trigger.

Let the 1923 moose hunting season be one in which no fatality shall occur or injury be inflicted to a brother sportsman, to be accounted for when it is too late, by the old, old story, "I thought it was a moose."

Remember! Every movement in the bushes must not necessarily be occasioned by the progress of a prospective trophy of the hunt. It is better to pause for a few seconds and be sure that what you think is a moose "is a moose," before shooting.

A bullet, after it has left the gun, cannot be called back at will or turned from its deadly course by auto-suggestion.

It isn't only dead men who leave their wives these times.

Many a young bride can make a pig but what can you do with it?

ISN'T IT STRANGE THAT—

Cats can smell while asleep. A big nose is a mark of beauty in Japan.

Watercress is most valuable as a blood purifier.

The color of red brick is due to iron in the clay.

Copying ink may be made by adding sugar to ordinary ink.

Exposure to direct sunlight is the best disinfectant for clothes.

There are more specifications about cats than any other animal.

Insects breathe through special pores in various parts of the body.

Peach stones are used as fuel in the fruit-canning district of California.

Paper can be made from practically any thing that can be pounded into pulp.

Sixteen ounces of gold would be sufficient to gild a wire that would encircle the earth.

The deeper below the depth of 200 fathoms that a fish actually swims the smaller are its eyes.

If we moved our legs as fast in proportion as an ant we would travel at the rate of 800 miles per hour.

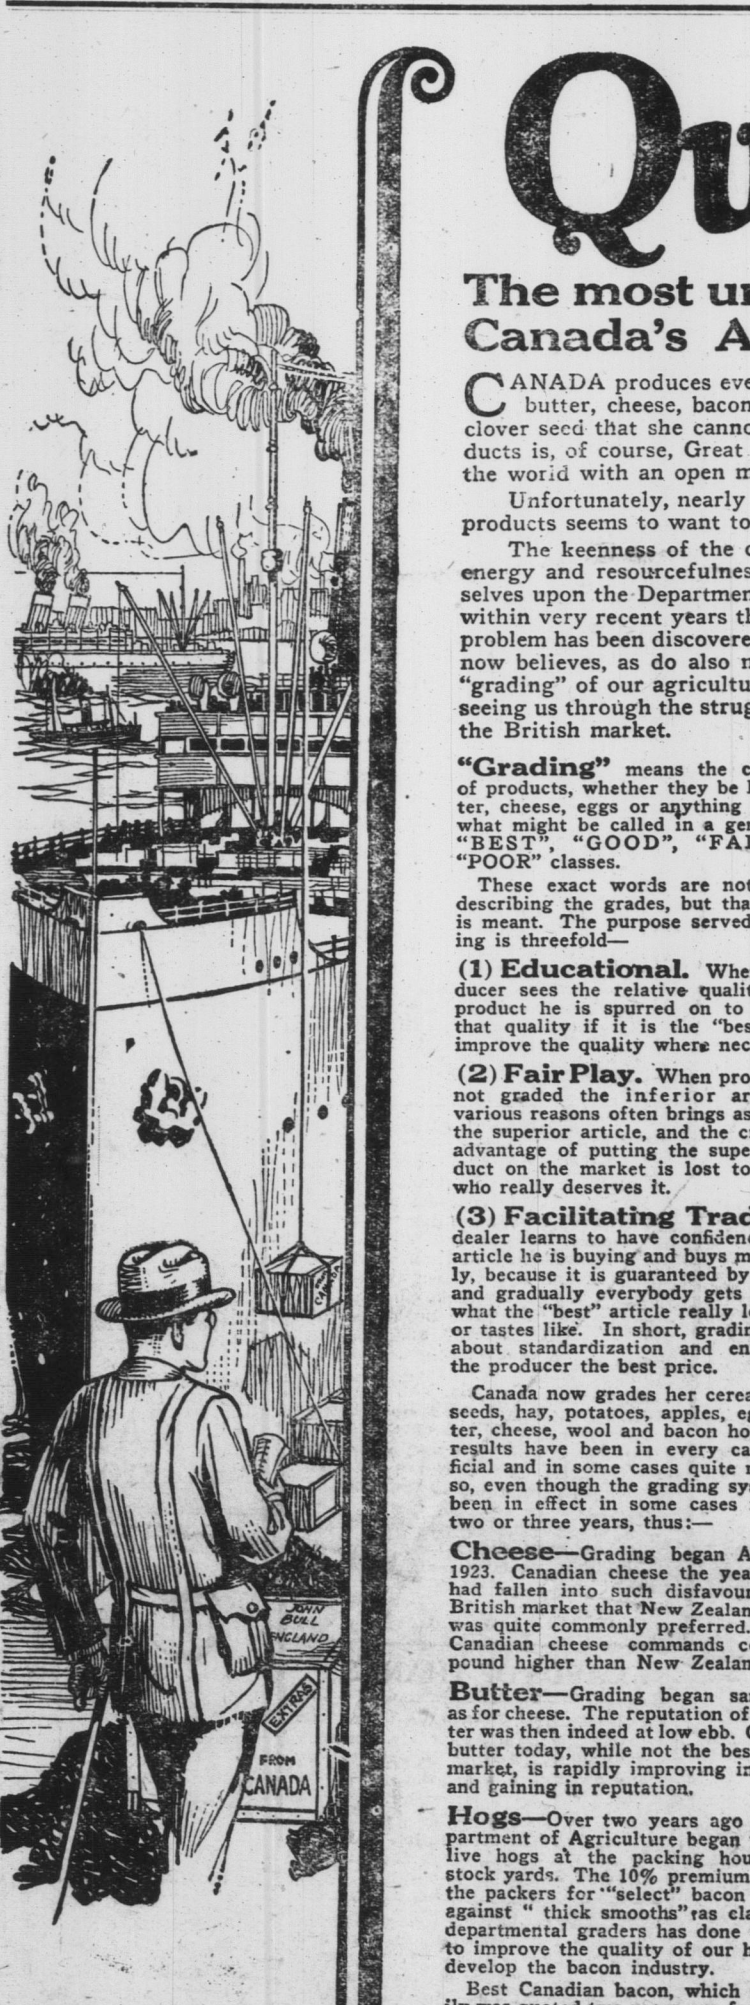

It is amazing all the preparation that is going on for the next war that has been made so impossible.

BUSINESS MEN OF THE VALLEY—By investing in **Anglo Krisp Limited** without delay you will ensure the early establishment of an industry right here in the Valley which will materially increase the prosperity of our fruit growers, stimulate business for yourself and at the same time pay handsome dividends on the capital you invest in it. A post card to Frank M. Ruggles, Bridgetown, N. S., will bring you full particulars.

"IF" (FOR THE GIRLS)
(With apologies to Rudyard Kipling)
If you can dress to make yourself attractive,
Yet not make dress and hair your chief delight;
If you can swim and hike, be strong and active,
But of the gentle graces lose no sight;
If you can dance without a craze for dancing,
Play without giving play too long a hold;
Enjoy the love of friend, without romancing,
Cars for the weak, the friendless and the old;
If you can master speech and language,
And not require as well a priggish mien;
If you can feel the touch of silk and satin,
Without despising calico and jean;
If you can play a saw and use a hammer,
Can do a man's work when he needs occurs;
Can sing or play when asked without excuse or stammer,
Can rise above unfriendly snubs and slurs;
If you can make good bread as well as fudges,
Can sew with skill and have an eye for dust,
If you can be a friend and hold no grudges,
A girl whom all will love because they must;

If you sometime should meet and love another,
And made a home, with faith and peace enshrined,
And you its soul—a loyal wife and mother—
You'll work out pretty nearly to my mind.
The plan that's been developed in the ages
And with the best that life can have in store;
You'll be my girl a model for the ages,
A woman whom the world will bow before.

If all the magazines in the world were laid end to end the oldest copies would soon reach the doctor's office. Civilization has its ups and downs, one of the former being the utter disappearance of yellow button Oxford with belting toes.
