

RADWAY'S READY RELIEF

THE TERROR OF THE HOUR—DEATH AMONG THE CHILDREN—WHY EPIDEMICS ARE TERRIBLE—THE TRUE CURE, BY SIMPLE MEANS.

Whenever any disease or symptoms appear as an Epidemic, and is more than ordinary fatal, and less manageable by medical men, and yields less readily to the remedial agents applied—it is pronounced "a pestilence," "a fatal malady," "a visitation," when in reality, if the proper remedial agents were applied, and judicious treatment pursued, it would be just as manageable, and yield as readily as any ordinary ailment. No matter what may be the character of the disease or its symptoms—if the doctors with their remedies fail in arresting it, or curing those seized, it is at once declared incurable, or a pestilence, and doctors congratulate each other on the incurability of the disease, and maintain that its frightful ravages are outside the power of medical skill or science. Not one of these diseases called pestilence—whether MALIGNANT SCARLET FEVER, that is said to be prevailing fatally among the children of the Lower Province, or Diphtheria, Influenza, Pneumonia, Congestion of the Lungs, Lung Fever, Small Pox, Measles, and all forms of malignant Fevers—where they prevail in a more malignant and violent type than ordinary—but if the proper treatment is pursued, and the right remedies used, will be as easily managed as any other ailment; the same with Asiatic Cholera, Yellow Fever, Typhoid Fever, etc.

TREATMENT AND CURE.

In Malignant Scarlet Fever, Diphtheria, Putrid Sore Throat, Influenza—give at once Radway's Ready Relief, diluted with water—30 drops to a teaspoonful of Relief in a tumbler of water, and give of this from half a teaspoonful to a table spoonful every two or three hours. Next—sponge the body over with Ready Relief (if an infant, dilute the Ready Relief in water); continue this sponging for 10 or 15 minutes, until the skin becomes reddened; also wear a piece of flannel saturated with Ready Relief (diluted with water if the skin is tender), around the throat and over the chest; also gargle the throat with Ready Relief diluted with water, one teaspoonful to a tumbler of water; or if convenient, and there is inflammation, ulcers, or redness in the throat, make a swab, and apply the Ready Relief by this means to the parts of the throat inflamed.

The Philosophy of this treatment will be understood by all, when it is known that the Ready Relief secures the following results: Radway's Ready Relief is a counter irritant—it withdraws to the surface inflammation, and allays irritation in the glands of the throat, larynx, wind-pipe, and Bronchia. It is an anti-septic—it destroys at once the poison of Scarlatina or other virus, and prevents degeneration or ulceration of sound parts, and likewise prevents inflammation or dryness of the fauces or salivary juices. It is an anti-acid—neutralizing the malarious acid and poisonous gases and vapors generated in the system either from the poison of fever, or malarial inspired or expired.

It is a tonic and diffusive stimulant—it strengthens the relaxed nervous system, and sets in healthful circulation the blood through the veins, and as a Sudorific, not only prevents the choking up of the blood vessels and air cells, but keeps up a free action of the excreting vessels of the skin. These are a few of the essential indications of cure secured by the Ready Relief.

Radway's Pills are the only aperient medicines safe to take in all these cases of eruptive fevers—the peculiar character of the poison or virus of this class of fevers irritate, blister and ulcerate the mucous membrane of the internal viscera. All known remedial agents furnished by Materia Medica, for the purposes of a cathartic, irritate and inflame; and in order to secure dismissal of these decayed and decomposing humours, most medical men resort to mercury calomel that utterly fails in expelling these humours; here then is where Radway's Pills supply a want that science has failed to secure.

DOSE.

On some persons 2 pills will act more freely than 4 on others; and often the same person will find that 4 pills at one time will be less active than 2 at others this depends on the condition of the system. The first dose will determine the quantity required: an ordinary dose for an adult in these malignant fevers is 4 to 6 pills every six hours, to be increased or diminished according to the judgment of the patient.

Infants under 2 years, may take, to commence with, half a pill, to be increased if necessary, to one pill.

Children from 2 to 5 years may take one pill to one and a half, and if not sufficient, 2 pills or more may be necessary. Where inflammation exists, grind one, two, or more, and for adults six pills to a powder; if within one hour relief does not follow, repeat the dose, given in this way, and the desired result will ensue in from 30 minutes to 2 hours.

In severe attacks of Gastritis, Bilious Colic and Inflammation of the Bowels, 6 of Radway's Pills, ground to a powder, have secured results which Croton Oil and other powerful agents have failed to produce.

AFTER THE CURE.

Radway's Pills should be taken in small doses, half a pill to four pills per day, for ten or fifteen days, after the patient is considered cured, for in many cases of fever, especially Scarlat Fever, Measles, &c., the patient may, if exposed too soon, suffer from deafness, weak sight, &c., so that good nursing is necessary after a cure is effected.

Radway's Sarsaparillian Resolvent, aided with the Ready Relief and Pills, are making wonderful cures every day; and why? because it supplies the system with those constituents, which that a consumptive person demands, and supplies the great wastes and ravages that disease makes.

It supplies the blood with nourishment. Its repairs are greater than the wastes. It increases Appetite. It resolves Tumors, Nodes, Hard Lumps. It heals Fever Sores and Ulcers. It removes from the Skin every spot and blemish.

Let those afflicted with disease get Dr. Radway's Almanac for 1869—can be had free of charge by applying to any druggist or general storekeeper; if not, send a stamp to pay postage, to Dr. John Radway & Co., 439 St. Paul Street, Montreal, or 57 Maiden Lane, New York.
