THE REGENTS RESIGN.

DISHEARTENED BY THE KING OF DENMARK'S ACTION.

Austria's Position Defined by Count Kalnoky—The Sobranje Adjourns—Andrassy to be Heard From.

TIRNOVA, Nov. 13.—Upon receiving from the King of Denmark a telegram refusing his consent to Prince Waldemar's acceptance of the Bulgarian throne, the Regents resigned. The Sobranje voted confidence in the Regents but they declined to withdraw their resignations. The Sobranje has adjourned, all the members going to Sofia. A deputation will visit the European courts to pray the powers to nominate a candidate for the throne.

The Sobranje elected Zivkoff to succeed Karaveloff. A resolution was adopted severely censuring Karaveloff in the course pursued by him. The deputies appeared to be disheartened on account of the action of the King of Denmark and to be wearied of the continual strain to which they have been subjected.

Austria's Position.

BUDA-PESTH, Nov. 13.—Count Kalnoky, Minister of Foreign Affairs for the whole Austro-Hungarian Empire, to-day made before the delegations a declaration of the imperial foreign policy. The tenor of his entire address was pacific. In fact, Count Kalnoky's speech was a re-echo of the sentiments lately expressed by M. Tisza, maintaining the latter's declaration that the peace of Europe was for the present assured.

Count Kalnoky's statement was as follows: Austria's interests in Bulgaria will be the maintenance of treaty rights. It is immaterial how internal affairs in Bulgaria proceed if the essentials of the Berlin treaty are not infringed. It will be most difficult for Austria to avoid taking action during the present excitement. The importance of Gen. Kaulbars' mission has been greatly overestimated. He has succeeded in making Russian influence felt in a most disagreeable manner, but he has also evoked the sympathy of Europe for the Bulgarian people. Gen. Kaulbars, by the course he has pursued, has attained nothing which is calculated to decide the political existence of Bulgaria. In the meantime Austria will patiently await events, abiding by the principles embraced in the declaration of Herr Tisza, the Hungarian Prime Minister, which will remain a criterion of policy for a long time to come. If Austria is forced to interfere in order to vindicate the Berlin treaty the sympathy and co-operation are assured of all the powers resolved to protect European treaties.

Referring to the Austro-German alliance Count Kalnoky said: There are some interests not common to both countries, certain interests of one government lying outside the sphere of the other. There is no obligation for the power not concerned to protect these interests. It depends on the conscience of each power when independent action shall be deemed necessary. Relations such as exist between Austria and Germany are only called into practical action when united interests are concerned. The continuance of each country as a strong independent power forms an important interest for both, unshakable as if based on the clauses of the treaty. Germany has made no secret of the fact that her only interest in the Bulgarian question is to preserve the peace of Europe. She has made her influence felt in the most effectual way to attain that end in accordance with our interests.

Count Kalnoky's statement before the delegation has made a favorable impression here, confirming as it does the belief that the entente between England, Austria and Italy is approved of by Germany. Count Andrassy is preparing a great speech for Tuesday next when the debate on Count Kalnoky's statement will take place. It is expected he will endorse in the main the principles embodied in Kalnoky's address.

THE NEW EARL OF ENNISKILLEN.

Viscount Cole Succeeds His Father in the Peerage—An Incident of His Career.

LONDON, Nov. 13.—The death of the Earl of Enniskillen causes his son, Viscount Cole, to succeed to the peerage and the large family estates in the County Fermanagh, Ireland. Cole is mainly associated in the public memory with the famous Mordaunt divorce case of a number of years ago, in which the Prince of Wales, being one of the accused triflers with the lady, went on the witness stand and swore to the contrary—in the quaint language of the day, "perjuring himself like a gentleman." Cole was the principal co-respondent in that trial and figured as a very gay young lothario. He married soon after a Miss Charlotte Baird of Caseburn, Scotland.

The Program of the Reichstag.

BERLIN, Nov. 13.—The program of the Reichstag opens with the discussion of the report of the Budget Commissions on Foreign Affairs and Marine. It is uncertain whether the Government will propose new or augmented taxation. Official papers assert that the Government has decided against attempting to levy new imports, Prince Bismarck postponing further taxation projects until the meeting of the next Reichstag, in the hope that the electorate will return a more submissive majority. Coupled with the statements that there will be presented no new taxation proposals are vague hints that the Government is preparing reforms of the financial administration, suggesting a disguised scheme of increased duties. No section in the Reichstag will oppose an increase of the marine budget, a larger appropriation being considered necessary. It is admitted that the fleet is unequal to the wants of the country for defence and offence.

A Boomerang for Count Bismarck.

BERLIN, Nov. 13.—Count William Bismarck's recently published letter rebuking the officials of Hanau, Prussia, for their excessive gambling and immoral habits has evoked a deluge of sarcastic comments from the Liberal press. One paper reminds the moralist that he, with certain convivial companions in the military and civil service, on the occasion of the last anniversary of the battle of Sedan, forcibly entered a brothel in the middle of the night by crawling through the windows, in spite of the fact that the house was closed and no one could be legally admitted.

Ships Destroyed by Man-of-War.

LONDON, Nov. 13.—An Egyptian man-of-war has destroyed ships belonging to Massowah traders engaged in supplying corn to the Soudanese rebels and has detained the crews. The Italian Governor of Massowah has demanded the release of the crews on the ground that they are Italian subjects.

Two Crofter Sympathisers Arrested.

LONDON, Nov. 14.—John MacPherson, who is known as the "Glendale Martyr," and Rev. Donald MacCallum have been arrested in the Isle of Skye on a charge of inciting violence. MacCallum advised a meeting of crofters to resist the removal of cattle. MacPherson also spoke at the meeting, giving the crofters similar advice.

Terrible Catastrophe at Sea.

LONDON, Nov. 14.—Advices have been received at Plymouth that the Chinese steamship Tak-Ataman burst her boiler while running under a high pressure in a gale off Niigata and that ninety-six persons perished, including the officers, who were Englishmen.

A Prince Commits Suicide.

ROME, Nov. 14.—Prince Roccagiovini Bonaparte, who was wounded when serving as a volunteer in the French army in Tonquin, has committed suicide by shooting himself with a revolver. He had lately shown signs of insanity.

Will Not Pay the Landlord.

DUBLIN, Nov. 14.—Three hundred tenants on the Ponsoby estate met at Killiagh to-day and were addressed by Irish leaders. They resolved to deposit the amount of their rents, less 30 per cent, with a trustee instead of paying the landlord.

MICHAEL DAVITT'S CAREER.

Brief Sketch of this Distinguished Irish Patriot.

With the coming of Michael Davitt, who is to lecture in this city on Saturday, Nov. 20, a brief sketch of his early life cannot fail to be of interest. Michael Davitt was born in 1846 near the small village of Straid, in the county of Mayo. His father, a farmer, was among the many thousand victims of those wholesale evictions which destroyed his home when young Davitt was about 4 years of age. Frequent repetition of the details of this cruel and memorable episode in his earlier years has been the fiercest incentive of Davitt's attitude toward landlordism ever since.

Several years ago Mr. Davitt, replying to an ungenerous attack made upon him, wrote of the eviction scene and its results as follows:

"Some twenty-five years ago my father was ejected from a small holding near the parish of Straid, Mayo, because unable to pay a rent which the crippled state of his resources, after struggling through the famine years, rendered impossible. Trials and sufferings in exile for a quarter of a century, in which I became physically disabled for life, a father's grave dug beneath American soil, myself the only member destined to live or die in Ireland, and this privilege existing only by virtue of ticket of leave, are the consequences which followed that eviction."

When Davitt was a little child he was sent to work in a mill and was there deprived of his right arm by an accident. At 11 years of age he secured employment in the local post-office and had an occasional opportunity of aiding his education from books of the postmaster, who was also in the printing and stationery business. In this way he attained to some prominence among the Irishmen of his district, and broader knowledge of the wrongs under which his country suffered caused Mr. Davitt to become an ardent Irish Nationalist. He soon became an active member of the Fenian organization, and took part in the attempted seizure of Chester castle. Being unable to shoulder a rifle with his single arm, it is related, he carried a small store of cartridges in a bag made from a pocket handkerchief.

On May 14, 1870, he was arrested in London for connection with this movement, and upon conviction was sentenced to fifteen years' penal servitude. He was released on Dec. 19, 1877. After seven years and seven months of brutal treatment in an English prison Davitt arrived in Dublin to begin anew the agitation which gained for him the title, "Father of the Land League."

With his recent history nearly all are familiar. His efforts in aiding the distressed and famishing people on the coast of Ireland are still fresh in mind, his present tour having been undertaken to recoup funds which were generously spent in this behalf.

Jumped the Track at Jarvis.

JARVIS, Nov. 13.—The morning train going south on the Northern and Northwestern Railway was ditched about one mile south of this place. The engine and tender are a total wreck, and the baggage car is off its trucks. The track is badly torn up for quite a distance. The accident was caused by the cow-catcher catching in the ties of the track. Edward Williams, the driver, was thrown under the boiler, but only received slight injuries. Fireman Graham and all the other trainmen escaped with a bad shaking up. It was one of the worst smashups that have occurred in this vicinity. Workmen are busy clearing the track, which will likely be done by Monday.

Butter, Cheese and Eggs.

CHICAGO, Nov. 13.—The members of the National Butter, Cheese and Egg Association to-day elected H. B. Gurler of DeKalb, Ill., President for the ensuing year. They had quite a spirited discussion over a resolution by Mr. Dutton of New York, that all dealers and exhibitors of oleomargarine be boycotted. Everybody wanted the floor at once, but the tempest was abated by the adoption of a substitute that the members of the association should hold themselves aloof from the Illinois State Board of Agriculture as long as that body encourages those who manufacture oleomargarine.

Discharged and Rearrested.

NEW YORK, Nov. 13.—Charles Curtis, alias Tichborne, was to-day discharged on the completion of his trial for obtaining a pension fraudulently. He was, however, immediately rearrested on the charge of obtaining a pension under false pretences in swearing his fingers were shot off in the war, when, in fact, he lost them while raising a house in California. Evidence on this point was taken and the hearing then adjourned.

Italian Laborers with Dynamite.

STAMFORD, Conn., Nov. 12.—To-day a large number of Italian laborers working on the sewers, who had not been paid by the subcontractor for four weeks, smashed the sewer pipes and tool boxes and threatened fire. The warden finally assured them that they would be paid on Monday. Dynamite cartridges were found among the laborers.

BERLIN, Nov. 13.—According to official returns for the present year the German merchant fleet is composed of 4135 vessels, having a registered sea-going tonnage of 1,282,449 tons, and the crews number 38,931 men. As compared with the returns for the year 1885, these figures show a decrease in the number of vessels of 122, and a falling off in tonnage of 11,839 tons.

FROSTY LACROSSE MATCH.

THE TORONTOS BEAT THE ONTARIOS AT ROSEDALE.

Ryan Knocked Out by Sullivan—'Varsity Defeated by McGill—Good Bye to "Tart" Stowe—Averages of International Clubs.

Torontos 3, Ontarios 0: This was the score at the close of the lacrosse match on the Rosedale Grounds on Saturday afternoon when the Torontos and Ontarios, by order of the management committee of the National Amateur Lacrosse Association crossed sticks to play off the draw of May 24.

It was a biting cold day and only a couple hundred of lacrosse enthusiasts were courageous enough to face the weather, more fit for snowshoeing had there been snow enough, than for lacrosse. There was some snow on the ground and it looked odd to see it scooped up by the sticks. The players were clad in motley garb that made it difficult to recognize some at a distance. They wore all the thick duds they could conveniently carry. Jack Drynan started out wearing his white flannel tobogganing suit, hood on head, but it soon grew too warm. Percy Schofield and Joe Irving got into heavy overcoats, with big Persian lamq and otter collars turned up. Ross Eckhardt was disguised in a pair of long trousers, an overcoat and one of those double-peaked cloth hats that are English, you know: Alf. Blight was distinguished by a pair of brown leggings. Burns was the only player who wore the regular uniform. Thompson had his ordinary clothes all the way up and a Scotch cap. Macpherson, between the flags, wore similar clothes, a stiff hat and a cigar. The teams, times, etc., were:

Torontos.		*Ontarios.*
Jack Irving	goal	Macpherson
W. Hubbell	point	D. Small
J. S. Garvin	cover point	P. Small
J. Drynan	defence field	Geo. Rose

Referee, H. Gray; umpires, J. Tait and C. E. Lennox.

Game.	*Won by.*	*Scorer.*	*Time.*
1st	Torontos	Eckhardt	1 min.
2nd	"	Joe Irving	8 min.
3rd	"	"	15 min.

The play was of short duration, less than half an hour, and all were glad that it was so. The Torontos proved that they have kept up practice well, for they were as agile as ever and showed that they will "hold their end up" high when they meet the Montreals next Saturday. Their home was somewhat weak, but the defence was such that the Ontarios did not have more than one or two shots on goal. The Ontarios were not up to their usual condition, but then they have not been practising as the Torontos have.

This match makes the Torontos and Montreals even, each club having won 10 out of a possible 12 matches. The final tussle will come off next Saturday in Montreal, and if close training is of any use the Torontos will not be left.

Osterhout fifty-second with .223, Darling fifty-ninth with .212, Davis seventieth with .182, McGucken and Humphries seventy-third with .176, Curry eighty-third with .148. Of the pitchers, Davis was fifth with .799, Veach thirteenth with .728 and Emslie nineteenth with .639. Parsons of the Rochesters leads with .858. Darling stood second best as catcher, having one point behind Morrison of Hamilton whose percentage was .959.

Ryan Easily Knocked Out by Sullivan.

SAN FRANCISCO, Nov. 13.—Owing to the benefit for the Charleston sufferers, the Sullivan-Ryan four-ounce Marquis of Queensberry fight did not commence until after 11 o'clock to-night. The pavilion was crowded, and Sheedy, Sullivan's manager, said he thought $12,000 would be realized. After shaking hands the two men sparred for five seconds for an opening, when Ryan suddenly let out with his left, catching Sullivan on the right cheek. Yells of "Good for Paddy" were heard all over the house. From this moment both fought savagely, Ryan leading throughout. Ryan followed up with another right-hander on the cheek and attempted to follow up with a stomach blow. The hit fell short. For the first minute the fighting was so severe that Ryan then began to show signs of failing wind and Sullivan took advantage of this and made a rush at Ryan, when both clinched but were quickly separated. In the second round Ryan again forced the fighting, but with less apparent effect, though he reached Sullivan's face and body several times. He had lost some of his powers through becoming winded. Sullivan started to force the fight and leading reached Ryan, who countered it effectually. Sullivan then again reached for him and landed a body blow, which downed Ryan amid loud cheers. This was repeated twice. Ryan essayed tactics of clinching to avoid punishment and at the end of the round it was apparent that Ryan's chance for victory was gone. The third round was a regular slugging match, Sullivan being in better wind, forcing the fighting from the start, but both men showed signs of having punishment. After the third pass Sullivan sent in a terrific right-hander on Ryan's jaw, which sent him spinning to the ropes—a clean knock down. The blow rattled Ryan so that it was with some difficulty he staggered to his feet. He shook himself together, and in a dazed way led off with his left for Sullivan's face. The latter stopped it prettily, and then repeated his right-hander on Ryan's jaw. The blow was so violently and well directed that Ryan went down as if shot from a cannon. It was a knock out of the cleanest kind. Ryan lay on the floor utterly unable to move. The police rushed in, but it was too late. When time was called Ryan was still on the floor. Sullivan then stooped down, raised him up and carried him to his corner.

Break Down of a Celebrated Steeplechaser.

It is reported that the famous steeplechaser Bourke Cochran, the property of M. N. Nolan of Albany, is broke down. Bourke Cochran started in eight races this season of which he won six. The first race was the Grand National at the Rockaway spring meeting, where he carried 173 pounds and ran second to Major Pickett in a field of twelve. He also started again on the last day of the meeting in a consolation steeplechase with 172 pounds up, defeating a field of five. He was then taken to Jerome Park, where he was beaten by Disturbance, who carried 144 pounds, Bourke Cochran being second, carring 168, with six other good horses behind him. Two days afterwards he came out with the same weight on and defeated a field of eight, amongst them being such good 'uns as Jim Carlyle and Jim McGowan. He then went to Saratoga, where on the opening day he won a handicap steeplechase with 170 up, leaving six others behind him. The following week he again caught the judge's eye first, carrying 172 pounds. He next started in the Trouble Stakes, which he won easily, carrying four pounds more than his previous race. His last race was the North American Steeplechase, when he carried the same weight as in the Trouble and won easily. In all these events he was ridden by Pat Meany. His total winnings were $7540. He was undoubtedly the best steeplechase horse in America.

'Varsity Beaten by McGill.

The annual Intercollegiate Rugby football match between the 'Varsity and McGill College was played Saturday afternoon in Montreal, and resulted in McGill winning with a score of 4 to 1. Snow had been falling all day, and there was from four to six inches on the ground. This materially lessened the 'Varsity men's chance of victory, as they were not so accustomed to playing in snow as their opponents. The game lasted one hour. McGill got a safety touch and two rouges and 'Varsity one rouge. The teams were as follows:

McGill: Backs, Hamilton, Blanchard; half-backs, Maclean, Lucas; quarter-back, Dunlop; forwards, Springle, Hughes, May, Macdonnell, Kirby, Drummond, Robertson, McNult, Palmer and Henderson.

'Varsity: Forwards, Smith, Watt, Cross, McDonall, Sullivan, Ferguson, Maclean (captain); quarter-backs, E. C. Senkler, McClean; half-back, L. Boyd, F. Mill; back, J. H. Senkler.

U. C. Beats O. A. C. at Rugby.

Upper Canada and Ontario Agricultural Colleges played a Rugby football match Saturday morning on the former's grounds. Both teams were in good trim and played a fine game. The Guelph college had to rouge and shortly after had to make a safety touch; then the U. C.'s got a try and in a few minutes scored another try which resulted in a goal, giving them 8 points, a total of 15 for the half time. After half time Upper Canada was forced to rouge four times. The scrimmage was carried over the Upper Canada goal line, and the Guelph scored 4 points more, a total of 8 points to their opponents' 15. For Upper Canada, Martin, Edgar Crocker, and Ballantyne played well. Bunting sprained his ankle in the early part of the game and had to go off. The honor of Guelph was sustained by Smart, Fitzmorris and Gilbert, and the general play of the team was good. G. Gordon and ——Baldwin of the Torontos were umpires; F. Cary was referee.

Good-bye to "Tart."

After the Toronto-Ontario lacrosse match on Saturday the members of the Toronto Lacrosse Club assembled in the dressing-room, where Capt. Massey asked Mr. A. M. Stowe (commonly called "Tart") to stand forward. "Tart" did so, and Capt. Massey read an address expressive of the club's esteem of one who had always done his best to keep up its reputation. He concluded by handing a handsome gold locket to Mr. Stowe, who made a suitable reply and who was "bounced" in orthodox style. Mr. Stowe has been in the employ of the North of Scotland Canadian Mortgage Company, but he leaves to-day for Winnipeg to accept a better position. He joined the Torontos seven years ago and for the last four years was one of the first twelve.

This match, however, it is expected will show no such result; both teams being in excellent condition and both having won many matches.

Mr. Dave Patterson of the Montreal Lacrosse Club arrived in the city yesterday on a still hunt for pointers as to the composition of the Toronto team for next Saturday's deciding match. The most profitable pointer he can get is that the Toronto twelve will not play the match on technicalities, but on their best mettle.

Guelph Agricultural College beat the second team of the Torontos at Rugby football on the latter's ground Saturday afternoon by a score of 9 to 4. The Torontos got a try, after which they rouged, giving Guelph 1 point. Then Calvert for the Guelphs got a try, which he converted into a goal worth 8 points. R. G. Muntz and W. Smith were umpires, and W. Nesbitt was referee.

On Saturday afternoon a few members of the Hunt Club met at the Kennels to have a little run. The hounds were taken out Bloor-street and cast off just back of High Park, where they soon took up the scent, running north and across old Carlton race course on to Mr. Kennedy's property. Then, turning southward, they crossed Bloor-street into High Park, and after fifteen minutes of a run doubling backward and forward, reynard met his fate in the northern part of the park. Mr. W. S. Lee received the brush and Mr. Lee, jr., the pate.

BARGES LOST ON LAKE ONTARIO.

Feared That Twelve Seamen Have Perished in the Storm.

OSWEGO, Nov. 13.—The tug Proctor left here for Charlotte last night before the storm with the barges Bolivia and E. C. Buel in tow. She got lost in the snowstorm and her barges broke away. The tug, badly iced up, finally got into Charlotte, but nothing has been heard from the barges. There were six men on board each barge. They are probably lost.

Advices from Charlotte report that a large barge is ashore at Braddock's Point on the rocks, eight miles west, and the life-saving crew have gone to its assistance. The schooner Snow Bird, Capt. A. Beard, missed the pier during a blinding snow storm last night and went ashore a mile and a half west of Charlotte. The Snow Bird left Oswego yesterday. The crew is safe. The steam barge Bell Wilson of Picton, Capt. Collier went ashore five miles west of this city. She is reported to be in good shape on the beach. Arrangements have been made to release her as soon as weather permits. Capt. Collier reports great suffering of himself and crew.

Fierce Storms in the Lower St. Lawrence.

FATHER POINT, Quebec, Nov. 14.—Last night and to-day one of the fiercest storms experienced raged along the Lower St. Lawrence, accompanied by a blinding snow, for nine hours. The wind averaged a measured velocity of seventy miles per hour, with a furious sea running. The sea washed clear over the pier at Rimouski. The steamer Contest and some schooners rode out the storm in the basin of the Rimouski, but this afternoon the steamer Contest sought shelter near Barnaby Island. A foot of snow fell and there are drifts in place four feet high.

The schooner Marie Henriette, Capt. Caron of Sandy Bay, running under bare poles, was driven ashore four miles above here at 1 this morning and immediately went to pieces. The crew were gallantly rescued by Capt. Levien Bouillon and another.

The Crown Prince and the Cross.

BERLIN, Nov. 14.—The North German Gazette quotes this story from the Halle Gazette: Crown Prince Frederick William, while inspecting recently the restored high altar of the Merseburg Cathedral, perceived the absence of a cross. In a moment of inspiration the Crown Prince went to the sacristy, lifted a crucifix reverently with both hands and carried it to the altar, upon which he placed it. Then turning to those accompanying him he exclaimed: "Do you not believe this sacred symbol will remain forever here?" This action is taken to imply that the Crown Prince is ready to combat all attempts upon the church.

DUBLIN, Nov. 14.—Edward Byrne, editor of the Freeman, has had a summons issued against Wm. A 10-DAYS' STARRING TOUR

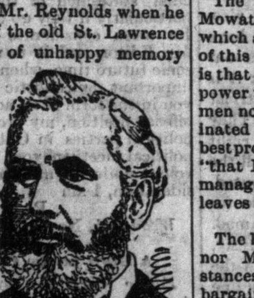
SIR JOHN AND THREE OF HIS LIEUTENANTS TAKE THE ROAD.

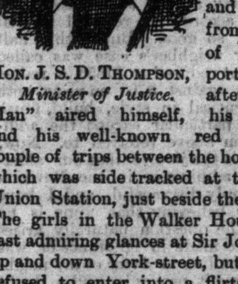
The "Old Man," Hon. Thos. White, Hon. J. S. D. Thompson and Mr. W. R. Meredith in Town—A Sunday Night Snooze Beside the Fruit Market—Off for Owen Sound.

The Canadian Pacific express train from the east which came into Toronto yesterday morning had Sir John Macdonald's private car attached. This car has borne the Prime Minister on many a political jaunt in its day. It was formerly used by Mr. Reynolds when he was General Manager of the old St. Lawrence and Ottawa Railway, of unhappy memory to travelers who were compelled to reach the Political Capital by that route. When the Canadian Pacific Railway got control of the St. Lawrence and Ottawa this car was fitted up for Sir John's special use, but it bears the advertisement: "Canadian Pacific Railway," and the porters who look after it wear caps lettered "Official Car."



HON. THOS. WHITE, *Minister of the Interior.*

When the train slowed up Sir John, Hon. Thos. White and Hon. J. S. D. Thompson alighted and walked to the Queen's Hotel and breakfasted.



HON. J. S. D. THOMPSON, *Minister of Justice.*

The day was spent by the three Ministers in peace and quietness, far from the keen gaze of keyholing reporters. In the afternoon the "Old Man" aired himself, his good clothes and his well-known red necktie by a couple of trips between the hotel and the car, which was side tracked at the east end of Union Station, just beside the Fruit Market. The girls in the Walker House dining-room cast admiring glances at Sir John as he passed up and down York-street, but he persistently refused to enter into a flirtation, as he was evidently deeply engaged in political meditation and thoughts of the great coming battle.

Sir John had no callers during the day; his arrival in town, outside of the hotel porters, was known to but a very few persons. At 5 o'clock in the evening the three Ministers went up to Mr. Dalton McCarthy's handsome and comfortable residence in Beverly-street, and remained to dinner. When the 7.45 Grand Trunk train arrived from Hamilton last night Mr. W. R. Meredith alighted and went straight to Mr. McCarthy's house and joined the party. After dinner a conference that lasted till nearly 10.30 took place, and the political outlook was pretty thoroughly discussed. Mr. White, Mr. Thompson and Mr. Meredith then walked down to the Queen's Hotel. Mr. White and Mr. Thompson subsequently went to their car and went to bed. Sir John had preceded them by a couple of hours.

Sir John and his Ministers and Mr. Meredith will leave at 7.45 this morning for Owen Sound, where they will address two meetings, one this afternoon and one this evening. The party will then make a ten days' stumping tour. Definite dates have been arranged up to Friday. There will be no meeting to-morrow, and on Wednesday the party goes to Walkerton, where two meetings will be held. Thursday (Thanksgiving Day) will be observed as a day of rest, but they will receive an informal welcome at Palmerston en route, and they will probably address their welcomers from the car steps. Friday afternoon a halt will be made at Dungannon, and Friday night the beautiful town of Goderich will be entertained with speeches by the party. It is not likely that any speaking will be done on Saturday.

Next week's dates have not been definitely arranged, but it is understood Guelph, Berlin, Orangeville and Orillia will be visited. "Sir John is in the best of health, but he is getting too old," said one of the party, "to speak every day, and he will take things as quietly as possible."

As the faces of Mr. White and Mr. Thompson will be new to many of the towns to be visited, The World prints portraits of them above. Sir John and Mr. Meredith are too well known to need reproduction here.

POLITICAL CHRONIQUES.

The Globe of Saturday essayed to answer "the old exploded falsehood that there have been dealings between Mr. Mowat and Mr. Nelson of Edinburgh respecting this journal [The Globe]." And notwithstanding the denial there made it is still true and undeniable.

Mr. Mowat's firm represents Mr. Nelson; Mr. Maclennan, Mr. Mowat's partner, sits on the Globe directorate as president; Mr. Maclennan holds Mr. Nelson's proxies and elected Mr. Jaffry and Mr. Edgar to the board and by virtue of the same "removed" the former editors. This is the answer to the first assertion of the Globe, viz., that "the Globe is wholly independent of Mr. Mowat."

The second is "that it supports him [Mr. Mowat] for exactly the same reasons as those which actuate the large majority of the people of this province in supporting him." The truth is that it supports him because he has it in his power to compel the support, and because the men now in control and on the board are nominated by him and must do his bidding. The best proof of which is in the third answer, namely, "that Mr. Nelson never interferes with the management of this journal." Certainly, he leaves it all to Mr. Mowat.

The last answer is "that neither Mr. Mowat nor Mr. Nelson would, under any circumstances, become a party to any disreputable bargain of any sort." The truth is that there was a deal; that the school book monopoly was so "fixed" by Mr. Mowat and his colleagues that Mr. Nelson got $25,000 for his interest, and is in receipt of an annual percentage which, in ten years, will foot up to $100,000 in all.

This deal was as much a bargain and sale for support—the journal was turned over to Mr. Mowat's control—"Mr. Nelson never interferes" are the words—and the goods were given and delivered in consideration thereof. It is not a question whether Mr. Nelson or Mr. Mowat *would* be a party to the transaction; the issue is, were they? They were.

The Globe is therefore more disreputable than the "kept Tory press" which it is denouncing every day, for to its own prostitution is added the sin of pharisaical hypocrisy. ST. IAN.

WILL GO BACK TO WO[RK]

THE CHICAGO STRIKE ORDERED OFF BY POWDERLY.

Many Knights Protest Against the M. W.'s Action—Lively Meetings—Violence by Strikers.

CHICAGO, Nov. 13.—At a meeting of the strikers to-night a despatch was read by Mr. Barry from Mr. Powderly ordering the strike off and the men to return to work. The sentiment of the meeting was equally divided, and further action on the matter was postponed until Monday.

It appears Mr. Barry has had the order in his possession since Wednesday. He claims to have delayed its promulgation solely for the purpose of satisfying himself of its authenticity. The scene in the meeting when the order was read was in many respects an extraordinary one. Mr. Barry had not finished the announcement before the assemblage was in an uproar. Men rose to their feet and shouted they would never go back; that they would starve before they would surrender, and that they would have eight hours or nothing. After much heated talk the question of obeying or not obeying was left open by postponement until Monday.

CHICAGO, Nov. 14.—The discussion of the strikers last night, whether or not to obey the order to return to the works, led to serious complications to-day. A special meeting of the Chicago Trades Assembly had some time ago been called for this afternoon, the understanding being that action would be taken in regard to boycotting Armour. Powderly's order had led many of the delegates to believe this morning that the object of the meeting had been removed, but President Rowan had scarcely rapped the assembly to order when a general discussion of Powderly's order took place, on the attitude of the strikers and what action should be taken. It was soon developed that there was a very strong opposition in the assembly to obeying Powderly's order.

It is said that the radical element of the strikers sent a number of very severe telegrams to-day to Powderly expressing disgust at his interference and intimating that he had better revoke the mandate and let them help themselves.

T. B. Barry, of the K. of L. General Executive Board, said to-day that he believed the men would go to work to-morrow and that the strike was at an end. He had great hopes that the non-union men would all leave the packing houses in a short time, and in this way all the striking knights could obtain their old situations. This afternoon he visited all the assemblies he could, urging them to comply with the order to return to work. Only two K. of L. assemblies are known to have refused to ratify the Powderly order. The first was the Coopers. The other refractory assembly is that known as a mixed assembly.

A large mass meeting of the Knights of Labor was held to-night, when 1000 of the strikers dissented against Powderly's order, but after being spoken to by Carlton and Barry the meeting was carried by storm, a unanimous vote being taken to obey the order and resume work to-morrow. The feature of the meeting was the assurance given by Barry that they would sooner or later secure the places they had quit.

Violence by the Strikers.

CHICAGO, Nov. 13.—About 4.30 o'clock this afternoon a crowd of nearly 2000 strikers gathered about the dwelling of the Armour employe who was attacked yesterday while attempting to move his household goods to another neighborhood. The ire of the strikers against this man is owing to the fact that he is a Knight of Labor and refused to go out with the others. He again had his goods upon wagons this afternoon when set upon by the mob. Company E of the First Regiment arrived before much damage was done and charged the mob which fell back. Company E then divided into detachments, which were stationed at the street corners in the vicinity. A patrol wagon load of Pinkerton's men being left to protect the goods of the unpopular employe. Another crowd was quickly organized and had nearly overpowered the Pinkerton guard when Company C of the Second arrived on a double quick, and charging through the mob, arrested six men and put the others to rout. No casualties are reported.

Citizens should remember to buy Toronto-made stoves, and thus furnish employment to their fellow-citizens, by buying at Wheeler & Bain's, 179 King-street east.
