I am sorry. I have taken a great deal more of your time than I had meant to. more than you can afford, I'm sure. Please let me apologise, and believe that it's only my anxiety - when the centre of that concept for which we are fighting is in such peril - and this terrible feeling of uneasiness, that makes me trespass thus, in my confidence in your generosity.

May I thank you in advance for your kindness, and your patience in listening to my plea for your aid. Once again, forgive me if I have presumed over-much upon a past friendship, for I know you must be very busy.

Yours very sincerely,

Ed. Fulton

In case it is necessary, my age is ~~is~~ 24 years. If the Army - the Ottawa M. I. Regiment - is improvable - could you, please, give me some help or advice as to the Navy?
