MONTREAL, THURSDAY, SEPTEMBER 17, 1914.

The City and the Bank

It is to be hoped that Mayor Martin will not ad-Vienna mood. Austrian statesmen at the last mohere to his resolve to veto the proposed arrange-ment between the City of Montreal and the Bank of Montreal, to provide the funds which are urgently Montreal, to provide the hinds with all all and and the stars made up. Its oligarchy would force the way; it lation of the bank that is arrangement shall be for a fixed period of five years seems reasonable, it would crush France, annex Belgium, beat back and the terms respecting interest do not appear to Russia, and then settle with Great Britain. It pos-There is nothing in the conditions, sessed a mighty engine of destruction, which might as announced in the press, to indicate that the grow less effective, and it would use it now. bankers are disposed to take undue advantage of "Unless to this apparently conclusive proof Ger-the city's needs. Even if the terms were less fa-"Unless to this apparently conclusive proof Gervorable than they seem to be, it is doubtful if the swer than any she has yet set forth, the moral ef-city authorities can now afford to refuse what is feet will count in the long run for a great deal. It offered. Mayor Martin's desire to have a free hand will not do to talk about 'absolute knowledge' that in the expenditure of the money, instead of the France would have invaded Belgium if Germany had which the bank suggests, may be na. not; or that there was a secret plot between France, tural. But the stipulations which would be applied in an ordinary business transaction. Any corporation an ordinary business transaction. Any corporation or manufacturer applying to a bank to-day for large accommodation would be expected to set forth the purposes for which the money was to be used, and would have to accept restrictions as to be used, and and manner in which the funds should be drawn upon. Such limitations would not be regarded as be busined to accept restrictions as to the time sudden fusion of British opinion in favour of war. upon. Such limitations would not be regarded as the humiliation which the Mayor seems to think attaches to any restriction on his freedom to spend. In the case of Montreal, it is no unjust reflection to say that the city authorities have not always ex say that the city authorities have not always ex-hibited a high regard for economy. Many citizens will regard with satisfaction the disposition of the bank to apply the brakes to the machine. But if the Mayor is inclined to resent the placing of restrictions on his spending power, he should give careful thought to what will happen if the city for large make an error superment with the bank Mony Source to the machine of the city ourage was inflicted on his conserverset on a magnity government, ruthless of the consequences to a

government, ruthless of the consequences to a fails to make an arrangement with the bank. Montfails to make an arrangement with the bank. Mont real's finances have not always been so managed as to place the city in the strongest position in deal. Smaller power. Men in that mood fight long on the other hand, when the terrible pinch of poverty is fully finances. as to place the city in the strongest position in deal-ing with the money lenders. There is no reason to suppose that any other bank in Canada would be dinary German and the ordinary Austria, will the orsuppose that any other bank in Canada would be knowledge of the causes of the war slowly filters inwilling to do the city's business on more favorable to his mind, be prepared for as long a death grapto his mind, be prepared for as long a deal grapper to exist in the tark of the set of t trality, against a standard of international conduct make stipulations similar to those to which the make stipulations similar to those to make that the world condemns; moreover, the criticelle of Mayor objects. To borrow abroad is at the present England, France and Belgium know that if they that the world condemns? Moreover, the citizens of Mayor objects. To borrow abroad is at the present time almost impossible. The rule that the borrower is the servant of the lender, applies with particu-lar force in times of financial stress. In better whereas if Germany wins, the Prussian war party force in times of financial stress. In better es the lender may have smiles for the borrowers may even run after their business. Nobody is and may even run after their business. Nobody is likely to chase Mayor Martin now to beg the privilege of lending the city money on the Mayor's "When I was a small boy I possessed a third business."

will be satisfactorily arranged. "When I was a small boy 1 possessed a thirty-six own terms. Let us hope that after an agreeable interview between His Worship and the bankers, all will be satisfactorily arranged. This weapon made a strong im-pression on my imagination. I had daydreams of what heroic feats I might perform with it. One

#### MAN TO MAN

The Kaiser's version: Blessed are the peace makers. If requested the skipper to descend, informing him of the opportunity. For five years England many was a torrent of abuse, poured upon the lieutenant, what heroic feats I might perform with it. One day my Newfoundland dog developed a skin dis-that the Mayor has withdrawn his objections to the proposed arangement with the bank. Little Madge had been listening to her mother reading from the paper. All was silent for some little skipper.-London Dally Sketch.

"I was thinking of what you just read about the wild people in Africa, mother," replied the child.

Japan went to war with China in 1894, with Russia in 1904 and with Germany in 1914. It ought to try

Advertising pays. It also pays cons advertisements. Every shopper is annoyed at the sudden marking up of prices by retailers who do not advertise. Intelligent buyers must be struck by the at published prices. They play fair their patrons even when their profits vanish, for they know

George B. Cortelyou, former Secretary of Com nerce and Postmaster-General, now pr of th lidated Gas Company of New York, in discussing the changes caused by the European war ort to strengthen their position.

Manufacturers and distributors of well advertise food products, shoes, etc., find that the public is responding to their efforts to push trade. Prices hav not been raised by them without notice, for they realize that a good name is better than riches and that

the public does not forget fair treatment. justifiable and advertised advances in price that the people resent. They know that many com are dearer, but they resent being imposed upon by shopkeepers who use the war as an excuse for putting up the price of things that should be lower on ac count of the war. Some shopkeepers have actually marked up the price of ordinary cotton goods though raw cotton is selling in the South for almost h what it was worth in July. It would pay mills that make standard sheetings and other cotton cloths bear ing trade marks to advertise in a way that would reach the retail trade. This would help reliable stores that handle their goods and it would expose the dis honesty of tricky traders who are trying to take advantage of the ignorance of people who do not keep track of wholesale prices. Because granulated sugar has gone up is no reason for paying fancy prices for ton sheeting. Small retailers are always complain ing about competition of mail order houses; but the

latter will be ten times as strong a year from now if the trickery of some retailers is not abated .- New York Commercial.
