

GOSSIP.

Mr. Thos. Skippon, Hyde Park, Ont., makes a change in his advertisement of Hereford cattle, in which he offers for sale choice young heifers and cows of this useful and popular beef breed.

While visiting the South, recently, a traveller chanced upon a resident of a sleepy hamlet in Alabama. "Are you native of this town?" asked the traveller. "Am I a what?" languidly asked the one addressed. "Are you a native of the town?" "What's that?" "I asked you whether you were a native of the place?" At this juncture there appeared at the open door of the cabin the man's wife, tall, fallow, and gaunt. After a careful survey of the questioner, she said: "Ain't you got no sense, Bill. He means was yo' livin' heah when you was born, or was yo' born before yo' begun livin' heah. Now answer him."

N. A. STEEN'S SHORTHORN SALE.

The Whitehall Shorthorn herd is a comparatively old-established herd, in which has been bred a number of high-priced animals of the Missie and Cecelia tribes. The dispersion of the herd, which takes place on Wednesday, March 18th, affords an opportunity for getting representatives of these most fashionable tribes at prices fixed by the buyers themselves. The farm, Whitehall, is only three miles from Streetsville Junction Station, twenty miles west of Toronto, on the C. P. R., which has connection from all directions. Conveyances will meet all morning trains. Lunch will be provided at noon. The terms are certainly very liberal for those not prepared to pay cash. Bankable paper for seven months at 5 per cent. interest will be accepted. Owing to the difficulty of procuring suitable and satisfactory help, Mr. Steen has decided to sell the entire lot, and there will be no side bidding. The herd is in good, healthy breeding condition, and everything will be guaranteed exactly as represented. There are six of the great Missie tribe, fifteen of the noted Cecelia tribe, and four of the Canadian Victorias. This family was founded on that grand cow, Beauty, by Snowball. They are a large, well-put-up lot, and exceptionally good milkers. The major part of the females are young, and the get of Royal Diamond 2nd =58459=, a Campbell Mina, sired by Royal Diamond (imp.), a Marr Roan Lady; dam Mina of Kinellar 7th (imp.), by the Cruickshank Lavender bull, Lucky Archer; and Royal Scot 4961, a Jilt-bred bull, by Scottish Pride (imp.); dam Rosie 5th (imp.), by Allan Gwynne; grandam Rosie, by Lieutenant. The breeding of the entire herd is strictly gilt-edged, and the offering will not be a disappointment to visitors to the sale. There will be sold eight young bulls, from seven to twelve months of age, bred as follows: Royal Mac =70280=, a Missie, by Royal Scot (he is a red yearling); Victoria Boy =70282=, a red yearling Victoria, by Royal Scot; Red Diamond 2nd =70277=, a red seven-months-old Missie, by Royal Diamond; Cecelia Jock =70275=, a roan yearling Cecelia, by Royal Scot; Royal Jock =70279=, a red yearling Cecelia, by Royal Scot; Royal Boy =70278=, a red ten-months-old Cecelia, by Royal Scot; Scotch Prince =70281=, a red seven-months-old Cecelia, by Royal Scot; Cecelia's Chief =70274=, a red ten-months-old, a Cecelia, by Royal Scot. Particulars of the breeding of the females will appear in our next issue. For catalogues, address Mr. N. A. Steen, Meadowvale P. O., Ont.

NOT TIME'S SLAVE.

A traveller, finding that he had a couple of hours in Dublin, called a cab and told the driver to drive him around for two hours. At first all went well, but soon the driver began to whip up his horse so that they narrowly escaped several collisions.

"What's the matter," demanded the passenger. "Why are you driving so recklessly? I'm in no hurry."

"Ah, g'wan wid yez," retorted the cabbie, "d'ye think I'm goin' to put in the whole day drivin' you around for two hours? Git up!"

TORTURING SKIN DISEASE Afflicted this bright little girl

Mrs. F. Miner, of 311 Suffolk Street, Guelph, Ont., says: "A year since, while living in Oshawa, Ont., my little daughter Lorinda, six years of age contracted a skin disease on the upper part of her body. This first broke out like tiny water blisters, afterwards taking the form of dry scabs. These would disappear for a short time and then reappear worse than ever. The clothes coming in contact with the skin set up such a severe irritation that it was impossible to keep her from scratching. We tried various preparations yet obtained no good results until we began using Zam-Buk. With each application the irritation and soreness was greatly relieved, and the child rested easier. Thro' continued using, the eruptions and scabs fast disappeared and in a short space of time the skin was completely cleared from the disease. It is now some months since we used Zam-Buk, and as there are no signs of any more eruptions breaking out on her body, we believe Zam-Buk has worked a complete cure."
