Box 109—CLUTHE INSTITUTE
125 East 23rd Street, New York City.

IF YOU ARE A FARMER

this letter will show you the way to make money in your leisure hours—and a means of keeping the boys at home by giving them a business of their own.

Wm. Keithley, of Superior, writes about

"IDEAL" FACE DOWN CONCRETE BLOCK MACHINES

"Bought an Ideal when business was at low ebb—not enough to keep one man busy. Very soon, I was rushed with ideal work. This year, made and sold more material than two red brick yards and two cement competitors. Money comes in hand ever fist".

You can do it too. Make concrete blocks for houses, barns, silos, foundations, fences, etc.—take contracts for Ideal Concrete Blocks in place of brick or stone. There's money in it.

Our book explains everything. Write for free copy.

IDEAL CONCRETE MACHINERY CO. LIMITED
Dept. A, LONDON, Ont.

Reliable and energetic agents wanted in every locality.

Strong and Rigid

We make Peerless Gates to last a lifetime—and to look well and work right as long as they last. The frames of

Peerless Farm and Ornamental Gates

are electrically welded into one solid piece—that's why they stand more than any other gate can. We also make lawn, poultry and farm fences of best quality. Agents wanted. Write to-day. **THE BANWELL HOXIE WIRE FENCE CO., Ltd.** Dept. B., Wainipeg, Man. Hamilton, Ont.

THE REFORM HE NEEDED.

Earnest, but Prosy Street-corner Orator—"I want land reform; I want housing reform; I want educational reform; I want—"

Bored Voice—"Chloroform."—Manchester Guardian.

AN INSINUATION.

"Mary, Mary, take the parrot downstairs at once. The master has lost his collar button."—The Christian Register.

Clean the kitchen Oilcloth with "SNAP". It cuts out the grease and makes dirt step lively.

Get the genuine "S-N-A-P"—not a substitute. At all dealers—in 15c. cans.

QUESTIONS AND ANSWERS.
Miscellaneous.

SPRAYING.

I have several apple trees here with caterpillars and grubs of various kinds on them. Kindly write or print in your paper regarding how to spray, and what solution I shall use. G. N. B.

Ans.—You should have followed precisely the directions in our issue of April 6th. It is too late to do much now, though you might still give one application with lime-sulphur and arsenate of lead.

SPRAY PUMP.

What kind of sprayer would be best for use on a farm for spraying orchard, etc.? Would like to purchase a reliable affair when I get ready to buy. B. S.

Ans.—An ordinary hand-pump, fitted into a forty-gallon barrel, should answer your purpose, unless you have more than three acres of orchard, in which case a larger one might be profitable. It can be purchased for about thirty dollars, with reasonably complete attachments. Correspond with firms that have been advertising in "The Farmer's Advocate."

RENTED LAND—MARE FAILING TO BREED—INTEREST.

1. What can I do to get young mare in foal? She has taken horse twice this spring; did not conceive last year after taking horse.

2. I went to a man early this year and asked him if he could rent me some land. If I get the Bell farm this year, you can get all the land you want. He came to me the other day, said he got the farm, but the agent told him that he must not let me have any at all. What can I do to them? Can I claim damages from them?

3. How much interest will come in a year on twenty-one hundred dollars? D. E.

Ans.—1. Have the mouth of the womb opened with a finger before service next time she is in heat.
2. It is not clear from statement of case that you can do anything effectively.
3. Depends on the rate of interest.

SEWAGE.

Town runs sewer water onto farm next to town.

1. Can farmer compel town to assist him to tile water across his farm?
2. If so, what per cent. would town be compelled to bear? W. C.

Ans.—We doubt his being in a position to obtain relief in the way suggested. We think that he ought rather to write the Town Council requesting them to discontinue the flow of sewage onto his farm, and warning them that unless they comply promptly with such request an action will be brought against the municipal corporation for nuisance or trespass and damages, and an injunction. In the event of the letter being unheeded, or no suitable arrangement being had, a solicitor should be instructed to give the necessary notice of action, and proceed by issue of writ and other steps in due course.

CEMENT FOR BARN WALLS.

I am going to put a foundation wall under my barn, 40 x 60 feet, wall 10 feet high 2 feet thick. How much cement would it take to build the foundation, and how much will the cement cost per barrel, and would lime or cement be the cheaper? T. F. C.

Ans.—Approximately, one barrel of Portland cement will build 35 cubic feet of wall, the concrete being mixed in the proportions of 1 of cement to 10 of gravel and stone. On this basis, not allowing for doors and windows, about 109 barrels would be needed, but these openings would reduce the quantity of material required. Good, sharp gravel requires less cement than fine sand, and bedding in more stones will aid in reducing this quantity of cement. In our observations, some slop walls in which lime was used instead of cement, have not proved satisfactory on the score of durability. London, Ont., dealers quote Portland cement at \$1.75 per barrel. Better consult some dealer in your own district, and also a man who has had experience in cement work.

Ornament Your Home With IDEAL
Make your Lawns and Flower-beds more artistic with this snowwhite, graceful fence and give them **ABSOLUTE PROTECTION**
"IDEAL" Lawn accessories please the eye, are most durable, easily erected, and inexpensive.
