**DE LAVAL**  
**CREAM SEPARATOR**

**Now Is the Time to Buy and Start the New Year Right**

There is no good reason to defer the purchase of a DE LAVAL cream separator until Spring. On the contrary you may buy one now and save half its cost meanwhile. Moreover, if you can't conveniently pay cash you can buy a DE LAVAL machine on such liberal terms that it will actually pay for itself.

As to YOUR need of a centrifugal separator, if you have the milk of even a single cow to cream you are wasting quantity and quality of product every day you go without one. This waste is usually greatest with cold weather and cows old in lactation, and it counts most, of course, when butter prices are high. Then there is always the sweet skim milk and saving of time and labor in addition.

When it comes to a choice of separators DE LAVAL superiority is now universally recognized. Those who "know" buy the DE LAVAL to begin with. Those who don't replace their other separator with a DE LAVAL later—thousands of users do that every year. If YOU already have some other machine the sooner YOU exchange it for a DE LAVAL the better.

Why not start 1912 right in dairying? TRY a DE LAVAL machine for your own satisfaction if nothing else. See the nearest DE LAVAL agent or write us direct and we'll do the rest.

We pay top market price for 3-ply Egyptian and Sea Island yarn—the finest obtainable. We could buy yarn for 30c, but it would be cumbersome, coarse and 2-ply. Our yarn, which is lighter but stronger, enables us to make a lighter and stronger hosiery. Thus we can guarantee a light hosiery. We also make heavy weights.
