

J. C. MACKINTOSH, HALIFAX, N. S., CHAIRMAN
MARITIME COMMITTEE.

Personal Mention.

A. M. Mackay is Gen. Secy., and L. W. Archibald, Physical Director of the Hamilton, Ont., Association. They are both N. S. boys. The Hamilton Association issues a monthly paper called "Hamilton's Young Men."

A. W. Macleod, once Maritime Secy., and Secy. at St. John, now of Tacoma, Wash., is giving good account of himself.

H. V. Smith, Pictou's former Gen. Secy., is doing yeoman service in Peterborough, Ont. We do not grudge these gifts to other fields in the shape of live men, but would that they and many more might be retained in this needy field.

John Stewart, a member of the Maritime Committee and President New Glasgow Association, was elected Mayor of New Glasgow February 4th.

"The Association rooms are the church of the week day. They tell us that a man has to live some other day than Sunday, and that there is a week day and a Saturday night, a time when you are sad and when you are merry as we'll. I thank God for these buildings, with something in them for every young man, for his mind, body, spirit and social nature, the whole man surrounded with a gospel environment."—*Prof. Graham Taylor.*

New Association.

At Milton, N. S., (two miles from Liverpool) an Association has been organized. A flat has been secured in a good sized building in a central part of the town. Their trust is in the Lord. Hard to get financial support. Preparing an entertainment to help.

In the Woods.

Several Associations are holding special meetings for lumber men, and in other practical ways making the sojourn in the woods more pleasant and helpful. Papers, magazines and books will be gladly received by J. C. Gass, Shubenacadie, N. S., who will distribute to these men shut off the greater part of the winter, in "God's first temples."

"FRUIT HOUSE."

Hessian & Devine,

IMPORTERS OF AND WHOLESALE
DEALERS IN
