

Speed up, Mr. Grocer, get another Dayton!

No use talking, Mr. Grocer, your customers do appreciate prompt service. They may want to take all the time they like choosing this or that article, but when it comes to weighing and parcelling they don't like to wait. They won't wait. If you haven't enough clerks, or enough scales, or a modern, up-to-date cash system, it won't take much to switch them to a competitor of yours who CAN give them fast service.

The Dayton Automatic Scale is the highest-priced scale on earth because it's the best—the most durable—the handsomest finished of all scales.
