AN ATLAS OF THE WAR

We have just secured a new and complete atlas with 56 maps of all the countries engaged in the War, showing the fortifications and all the towns and fortresses mentioned in the reports of the fighting. The atlas includes military as well as political maps and has been brought right up to date, giving even the changes of boundaries. One map shows in detail the scene of the big battles in Belgium, another the fortifications at Verdun, and another the fighting ground in Russia. In addition the book contains a complete diary of the war, with all the chief events and the dates when they happened. The book contains 68 pages, 9 1/4 by 7 1/4 inches, and has a handsomely illustrated cover of a war scene in colors.

The Truth ABOUT **Leather**

IN a recent defensive circular to the auto trade, leather manufacturers define leather as "the skin or hide of an animal, or any part of such skin or hide, tanned or otherwise prepared for use."

But since whole hides are too thick for upholstery, and the under fleshy portion must be split away from the grain side to make it thin enough, why should the two or three sheets into which the wastage is split, be called leather? Although artificially coated and embossed to look like real grain leather, these splits are weak, spongy, and soft—they crack, peel and rot.

CRAFTSMAN QUALITY FABRIKOID
 For Furniture

Guaranteed far Superior to Coated Splits.

Fabrikoid is guaranteed superior to coated splits. Its base is cotton fabric, twice as strong as the fleshy split. It is coated much heavier and embossed in the same way.

America's largest auto makers adopted it for upholstery because it outwears coated splits.

A leading furniture manufacturer says: "The cheap split leathers should be entirely eliminated in furniture upholstery."

Two-thirds of all "leather upholstery" is weak, flimsy coated splits. Demand the superior Fabrikoid on your car, buggy or furniture, and Fabrikoid Rayntite tops, guaranteed one year against leaking.

Sample of either quality free. Mention your dealer's name. Or, if you send us 50c, we'll mail a large working sample 18 by 25 inches, sufficient to cover a chair, etc. Write us to-day.
