HARD FIGHTING CONTINUES AND SEVEN COUNTER-ATTACKS REPULSED

British Improve New Positions Captured in Flanders and Take 1,614 Prisoners.

A despatch from British Front in France and Belgium, says:—The British on Thursday continued to strengthen the line to which they battled their way on Wednesday. The Justralians completed their conquest to the German positions at the eagtern extremity of Polyon Wood. Two plages secured here represented the only remaining troublesome points along the Anzac front, which reaches northward to the east of Polygon Wood.

There has been much hard fighting in this section, but on Thursday the weary Germans apparently withdrew to more favorable ground further back and the Australians pushed forward.

To the south of that point the Germans continue to hammer away with

Order of the British Empire Conferred on Montreal Manufacturer.

The Order of the British Empire was instituted in June last for the purpose of recognizing "the manifold services, voluntary and otherwise, that have been readered both by British have been rendered both by British

chairman of the Imperial Munitions Board, he has had the second class honor, namely, Knight Commander of the Order of the British Empire, con-ferred upon him by His Majesty the

King.
Mr. Gordon is one of Montreal's most successful manufacturers and At the age of eighteen he financiers. At the age of eighteen he set out to make his living, and at forty had amassed a fortune. He is President of the Dominion Textile Company, Limited, also of Penmans, Limited, and of the Hillcrest Collieries, Limited. Mr. Gordon is on the directorate of the Bank of Montreal. His interest in higher education is evi-

total of 249,164,700 bushels from 14,755,800 acres, an average yield per acre of 16.88 bushels, as compared with 17 bushels in 1916 and 29 bushels in 1915. The estimated yield of wheat in 1916 is 229,313,000 bushels from 13,448,250 acres, so that the estimated total for 1917 represents an increase of 19,851,700 bushels, or per cent. The total yield of oats in 1917 is estimated at 399,843,000 bushels, for modered to furnish bond against damage to persons or property. per cent. The total yield of oats in 1917 is estimated at 399,843,000 bursh- els from 12,052,000 acres harvested as compared with 365,553,000 bushels from 10,178,000 acres harvested in 1916. For the prairie provinces it has been necessary to deduct from the sown areas percentages of 10 in Manitoba and 17 in Saskatchewan and Alberta for crops not ripened into the street car tie-up considerably by giving free rides to the working people.

William Diamond, a master of arts graduate of the University of Manitoba, has been awarded a fellowship to the University of Chicago. Manitoba and 17 in Saskatchewan and Alberta for crops not ripened into grain. The yield per acre on the harvested area is therefore for all Canada 33.18 bushels, as compared with 35.91 bushels in 1916, and 45.84 bushels in 1916. For rye the estimate is 4,194,950 bushels from 211,870 acres as compared with 2,967,400 bushels from 148,620 acres in 1916, the yields per acre being nearly 20 bushels in both years. Barley yields 59,318,400 bushels from 1,703,700 acres in 1916, the yields per acre being 24.80 and 25 bushels respectively. The total yield of flax seed is placed at 10,067,500 bushels from 1,242,000 acres, as seed is placed at 10,067,500 bushels from 1,242,000 acres, as compared ed the Sparappelhoek aerodrome. They made several direct hits, smoke is south-west side. Several of our fight-yrisonment, carries with it the severest form of incarceration, called "Katorga." The first ten years the convict passes through different stages of punishment, including chains on the feet, sometimes on the hands, also, and he may be chained to a wheel-barrow. The next several diversed from the navel forces on Anatelier de la Marine."
