Red Armies Flee Before Persistent Enemies—Great Part of Eastern Galicia Recovered—Ukrainian Columns Develop Offensive and Soviet Armies Hurdled Retreat.

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

WARSAW, Sept. 1.—Polish forces advancing towards Grodno have nearly reached the banks of the Nemnan River which flows past Grodno towards the north, according to reports from the northeast front, a great part of Eastern Galicia has been recovered by Polish and Ukrainian troops who are masters of all the left bank of the Dniester River. Pursuit of the Bolshevik forces which

appeared along the upper reaches of the Bug River near Sokol, continues in the region of Przemysl, 25 miles southeast of Lemberg, the Poles have scattered the Soviet forces that attempted to start offensive operations. General Pawlenko's Ukrainian columns, which crossed the Dniester River, south of the city of Bucacz, have developed their offensive successfully, obliging the Bolsheviks, west of the Sereth River, to hurriedly retreat in order to avoid being surrounded.

School Days

About 9 o'clock this morning toward the different public schools of our city could be seen many children wending their way to the old haunts of learning, some playing en route with glee, others accompanied by a parent or adult in earnestness for the new sphere of life about to be entered, while in some instances the tiny feet were lagging in a diffident manner. One extreme case to be noticed was that of a baby crying in the carriage on the return home along with another child also bemoaning her young years not permitting attendance with older ones of the family.

Wedding Bells

STRIPPLE—BYRNES
The Church of the Assumption, Erinville, was the scene of a very pretty wedding on Tuesday, August 10th at nine o'clock, when Margaret, youngest daughter of Mrs. Michael Byrnes was united in matrimony to Thomas Stripple of Detroit. The ceremony was conducted by Rev. Father Meagher. To the strains of the wedding march played by Miss Myrtle Killoran the bridal party who were unattended entered the church which was very prettily decorated for the occasion. The bride was dressed in pale grey georgette trimmed with seed pearls and wore a large grey picture hat with salmon crown and grey tips. She carried a shower bouquet of Ophelia roses and ferns. The two little nieces of the bride, Miss Patricia Byrnes and Miss Rita Mooney, who acted as flower girls, were gowned in pale blue and pale pink respectively, and carried baskets of marguerites caught with pale blue and pink streamers. Wednesday evening a reception was held at the home of the bride's mother. After a week's sojourn in Erinville,

ANOTHER DROWNING IN ST. LAWRENCE

Twelve-Year-Old Clayton Boy Loses Life in Vicinity of Oak Point

BROCKVILLE, Aug. 31.—Another drowning accident occurred Sunday afternoon at Oak Point when a 12-year-old boy from Clayton, whose name was not learned, lost his life while bathing with two companions of his own age. His body was recovered in 12 feet of water 20 feet from shore an hour after he had disappeared, and it was turned over to Undertaker Giffin, of Brier Hill.

Coroner Charles C. Bartholomew, of Ogdensburg, was notified by telephone and after ascertaining the circumstances of the affair deemed an inquest unnecessary, rendering a verdict of accidental drowning.

The unfortunate lad was visiting at the Young cottage at Oak Point. He and the two other boys entered the water at a point where there is a drop of near the shore. He ran in ahead of his companions and upon getting beyond his depth suddenly disappeared. The other boys scrambled ashore as fast as they could and sounded the alarm. People in boats were soon on the scene, anxious to be of assistance but the lad did not rise to the surface.

Frank Gallagher, proprietor of the Oak Point Inn, and Claude L. Freston, of Havelton, who has a cottage at the Point, discovered the body lying on the bottom, its presence being plainly discernible in the clear water. With the aid of a pole to which was attached a hook they brought the body to the surface and took it ashore. The accident caused great sorrow at the Point, where the young victim had become well known and was a general favorite.

Several weeks ago David Wright, a Syracuse traveling man, was drowned at Oak Point while on a fishing trip, his boat capsizing while he was trying to land a catch.

Medicine With Big Kick Protested

According to the Decision of a Magistrate at London, Ont.

LONDON, Ont., Aug. 30.—The case of John McDonald, charged with selling intoxicating liquor, to wit, six bottles of beer, iron and wine, was Saturday dismissed, McDonald, who is a Middlefield merchant, was tried before Squires W. H. Chittick and John Stuart last Saturday.

The case was regarded as a test one and had a conviction been registered several prosecutions of druggists and merchants throughout the district would have been registered. The court held that beer, iron and wine has been on the market for years as a proprietary medicine, even after the inception of the Ontario Temperance Act, and as such is protected by the government.

The bottle introduced as evidence was shown by analysis to contain 33.17 per cent. proof spirits and 15.29 per cent. absolute alcohol by weight.

Distressing Accident

At Bethesda—Kenneth And Gordon Macklin Badly Burned With Boiling Water—Kenneth Succumbed to Injuries.

PORT HOPE, Sept. 1.—A distressing accident took place at Bethesda, about five miles northeast of here, last Saturday afternoon when the two sons of Mr. Stanley Macklin were so horribly burned that Kenneth, the eldest boy, succumbed to his injuries a few hours later. A large kettle had been heated on the coal oil stove in the kitchen and the fire had been turned out, Kenneth aged five, and Gordon, aged four years, were playing about when they ran against the stove and overturned it. Kenneth was pinned beneath the stove and was unable to free himself, while the contents of the large kettle poured over his body. Mr. and Mrs. Macklin, who were in an adjoining room, rushed to his assistance but the upper portion of his body was literally cooked and he died a few hours later. Gordon was badly burned about the face and head, but will recover.

Much sympathy is expressed for Mr. and Mrs. Macklin in their sad affliction.

Arriprior carpenters have formed a union and the textile workers are expected to follow.

Mr. and Mrs. Stripple left for their new home in Detroit, the bride travelling in reindeer brown drayante with brown hat to match.—Twined Advocate.

TWO AUTOMOBILE MISHAPS REPORTED

Collisions Occurred Happily Without Loss of Life—Machines Badly Damaged

BROCKVILLE, Sept. 1.—During Saturday night two automobile accidents occurred which, though fortunately not attended by loss of life, resulted in considerable damage to the vehicles involved.

Shortly after one o'clock in the morning, William J. Webster, 29 Abbott street, mail contractor between the Union depot and the post office, had left the post office after delivering a load of mail and was proceeding west on Church street, when the mail wagon and a taxi-cab, owned and driven by Henry Beach, with some young men passengers, met in collision at a point a short distance east of John Street corner. The wagon was completely demolished by the impact and Mr. Webster sustained severe bruises on the right hip and legs which, though painful, are not serious. Following the collision with the wagon, the automobile crashed into a tree on the property of B. J. Leeder and was considerably damaged.

About two hours earlier Church street west was the scene of another mishap when at a point near Edward Flanagan's foundry, a McLaughlin car, owned and driven by Walter Darling, Front road west, and Whaley's automobile bus, driven by the owner, Karl Whaley, collided, with the result that the autobus was badly smashed, the engine being damaged beyond repair. The occupants of the cars escaped injury.

There have been 172 fires since Wednesday. Last night there were 38 more arrests, and the Crumlin Road prison is overcrowded. A battalion of Cameron Highlanders arrived this morning from Curragh.

At one place last night, it was found necessary for the police and military to disperse a crowd before the fire brigade could get to work. The fire brigade could not get to work. Subsequently the crowd and the police came into conflict in Albion St. a shower of stones being directed at the constabulary, who were forced to retire.

Military reinforcements arrived, and the situation became so threatening that the commanding officer ordered the troops to fire. A laborer was fatally wounded. About midnight a shooting affray occurred at Mount Collier. A woman was seriously wounded by a rifle bullet during a disturbance in the York road district.

Appalling Destruction.
The scenes of destruction witnessed in the Shankill road district last night appalled the spectators. About a score of buildings, principally saloons, groceries and public houses, were set afire. Many of them were gutted by the flames, and some private houses adjoining became involved, several of them being burned.

The period of destruction commenced in the early part of the day with attacks on licensed premises and isolated private houses. Repeat attempts were made to burn these places, but prompt arrival of the fire brigade saved the premises in most cases. Many youths appeared among the disturbers.

With nightfall the situation became much more serious. Large crowds, chiefly consisting of young men and boys, became very active and were evidently determined upon a policy of reprisals for the Sinn Féin attack in York street. Spirit groceries and public houses, very quickly became the objects of their attacks and, almost simultaneously onslaughts were made on many of these.

The demeanour of the crowd was so threatening that tramway service in the York street district was entirely suspended during the early part of the evening. By seven o'clock a number of fires had been started and from that time until after midnight the fire brigade had unprecedented experience in dealing with flames. The areas of destruction was almost exclusively confined to the district between Crumlin and Shankill roads, from Regis street to Tenants street.

In some cases, after the first outbreaks had been exchanged, premises were set ablaze a second time.

The official returns of the casualties handled in the hospitals since Saturday morning gives the number of dead as 17 and the number of seriously injured as 169. This latter does not include a very large number of cases of persons suffering from minor injuries who were not detained at the hospitals after they had received first aid treatment.

An unidentified man was shot and killed by a military patrol during curfew hours Tuesday night. The shooting occurred during a looting of a saloon in Bankmore street.

A soldier was accidentally shot dead by a military patrol on Lingfield road during the night.

BLOODSHED, TURMOIL IN STREETS OF BELFAST MANY DEAD OR HURT

Mob and Police Again in Conflict, and Military Have to be Called to Aid—Crumlin Road Prison Overcrowded—Battalion of Cameron Highlanders Arrive in City.

BELFAST, Aug. 31.—There was none of the usual bustle associated with the opening of the day's work in Belfast. People were waiting tensely to see what the day would bring forth after yesterday's unprecedented turmoil and bloodshed. The street cleaners did not appear and the city had a rather disheveled appearance.

Sniping and rioting continued in various sections most of the night. In the Sandy road district several licensed premises, which had been vacated by their owners, were wrecked, and in one instance the building was fired.

Shower For Miss Fairman

Last evening friends of Miss Thelma Fairman assembled at her home, 37 Cedar street and presented her with a miscellaneous shower in honour of her coming marriage. The gifts were many and varied and told of the high esteem in which the recipient is held among her numerous friends. Miss Fairman, though completely taken by surprise, in a few well chosen words expressed her

hearty thanks and appreciation for the kind thoughtfulness of her friends. The evening was spent in card playing and other games, after which a dainty luncheon was served, to which all assembled did royal justice. After receiving the congratulations and good wishes of those present and with the singing of "She's a Jolly Good Fellow" followed by three cheers for the bride and groom-to-be, the happy assembly came to an end in the wee small hours of the morning.

Cheaper Flour May Mean Cheaper Bread

(Special 4 p.m. Dispatch from Canadian Press Ltd.)

MONTREAL, Sept. 1.—Prospects for a decrease in the cost of bread were quickened yesterday when leading Canadian spring wheat millers announced a considerable reduction in the price of new crop wheat flour, the announcement coinciding with exit of the wheat board, with prices running from \$1.10 to \$1.80 lower than government standard flour was selling at. The price for first patents was announced as \$13.75 with similar reductions along the line for the various grades used by bakers.

They Don't Affect Us
The proposed message rates for business telephones apply only to Toronto, Montreal, Hamilton, Ottawa and Quebec. The active discussion in the papers of those cities may have created the impression that such a change is intended to apply on business telephones here. This is not the case. The charges proposed for this locality are all on the flat rate basis as heretofore.
