## CAPTAIN JOHN SMITH

By HOWARD L. RANN

CAPT. JOHN SMITH was one of the few Englishmen who came over to this country three hundred years ago and liked it well enough to stay. It was quite a fad with wealthy Englishmen to run over to America, stake out a few million acres of land, and then succumb to the native mosquito, but Capt. Smith liked it here and planted a colony at Jamestown, Virginia, which has stayed where he put it ever since. He also planted several thousand Indians where they would not have been by inserting arrows in their buttocks. Capt. Smith had a fatal gift of beauty which saved his life on numerous occasions. The historian Macanlay states that he was the only man in England who could wear a high, starched ruff, fresh from the laundry, and retain the look of deep piety shown in his pictures. He was once captured by the Turks and would have been drawn and quartered in the coarse and unfeeling manner characteristic of that people had it not been for a Turkish slyph weighing 210 pounds, who interceded for him. One of the first persons Capt. Smith met on coming to this country was an Indian chief named Powhatan, who was roaming around looking for some new ideas in scalp. Powhatan did not like Capt. Smith's looks, and told him so in his plain, blunt style. Powhatan was a bloodthirsty savage and came within one-eighth of an inch of strutting Smith's brains and a new sharp ruff around the suburbs of Jamestown, when his daughter Pocahontas rushed in and announced that she was about to marry the captive. Capt. Smith had never been introduced to Pocahontas and didn't know what her first name was or what set she belonged to, and when he got a good look at her he told Powhatan he guessed they might as well proceed with the interment, but Powhatan spared his life and Smith escaped soon after without having to take out a marriage licence. The two achievements which the name of Capt. Smith will always be inseparably connected are his discovery of the domestic codfish in 1614 and his invention of the Smith family. The visible supply of codfish has waned considerably, but there are still plenty of Smiths left to go around.

### NORTHFIELD CENTRE

(From our own Correspondent.)  
Most everyone around here had a dry Easter—or a wet one rather. Some of the barns in this locality suffered from the wind storm last Friday. A number from here attended the anniversary services a week ago. Quite a number of people in this vicinity are suffering from la grippe at present.

Mrs. James Clement and son John are spending their Easter in Sheffield. Mrs. John McNeil is quite seriously ill at this writing. Dr. Davidson is in attendance. Philip Bartholomew of Toronto is here buying lumber of John Shepherd.

Frank and Mrs. Baker are spending a few days in Toronto. Mrs. George Macklem, a much respected resident of this place. She leaves a grown-up family to mourn her loss.

The wind storm on Friday did considerable damage in this vicinity unroofing barns and blowing down silos and fences.

## A CHILD'S WASTE CLOGGED BOWELS

Makes It Cross, Peevish, Restless and Feverish—If Tongue Is Coated Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and bowels so promptly and thoroughly. Children get bilious and constipated just like grownups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent cathartics or harsh irritants like Cathartic Pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged up waste and poisons, without causing cramps or griping.

"With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious, tasteful, genuine old reliable. Refuse anything else offered.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; it is a case of ten ears caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by the Catarrh Cure. Send for circulars, free.
