COUNTY NEWS.
INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS.

THIRD ISLAND.
SATURDAY, March 25.—Misses Henri and Hewitt are the guests Mrs. A. Scott.
The dreamer is quite an expert with a rifle; a challenge if you doubt it.
We are sorry to learn of the brief illness of Mr. and Mrs. R. C. L. L. since leaving this place for their present home at Smith's Falls.
Mr. and Mrs. Chas. Whaley are at present visiting his brother, Mr. Geo. Whaley, of this place.
Mr. P. H. Robeson has been re-engaged for the coming season to draw the milk going from this neighborhood to the Farmer's order factory, which will be his fifth successive season at the business for the same factory.

WESTPORT.
SATURDAY, March 25.—Mrs. H. Provo is slowly recovering.
Mr. J. J. Carey and family have moved to Smith's Falls.
Mr. A. J. Harve, of Elgin, visited Westport on Monday last.
A number from here attended the horse races at Fermoyn on Tuesday.
Miss Annie Tate is visiting at Miss Johnson's.

TOLEDO.
SATURDAY, March 25.—A good many of the farmers have tapped the maple but have not received much fruit as yet.
There was good skating on the flat last week and was well enjoyed by the young people here.
It has become a very common sight to see the wheels running once more.
Our enterprising liniment Mr. T. Singleton has been very busy making, repairing and selling articles for making sugar for the past few weeks.
The Methodist Sabbath school of this place purpose holding their first quarterly review on Sunday night, March 26th.

WIGHT'S CORNERS.
SATURDAY, March 25.—One evening not long ago, as the rays of the setting sun were fading, behind the western treetops, those who chanced to be on the highway leading up to Wight's Corners might have seen one of our popular young men speeding along at a rapid rate seated on a single hobby.
Seeing a lady ahead of him he thought occurred to him that he had forgotten to bring up the parcel he had promised her he would. Not wishing to incur this lady's reproof for his carelessness, which he knew he would receive if he overtook her, he thought to escape it by turning in at the middle gate and going across the field. All went fine until the ice was reached when the hobby and the horse plunged and the sled slowed round, depositing the unfortunate young gent in the debris of mud and broken ice. Those who witnessed the catastrophe from afar say that under the circumstance the words he used must be excused. The next morning, a high school girl on her way through the fields found the photo of the whole scene engraved on the ice. Moral—The longest way round is the safest way home.

GLENN BUELL.
SATURDAY, March 25.—The farmers are waiting anxiously for the sap to run. Some have tapped a few trees already to see if it would run and they got a few runs.
Mr. Alvin, Orton met with what might have proven a serious accident. While returning home the other day, he was driving at a speed not less than 2.40 when the sleigh came in contact with some broken stones and the rod which connects the pole with the sleigh broke. The sleigh stopped suddenly that Alvin went off on his head as he was standing up, and received a small cut over the right eye, dislocated one of his thumbs and almost broke his shoulder, and in fact got a terrible shaking up, but we are pleased to see him out again and apparently none the worse of the affair.
The cheese factory is undergoing a series of repairs under the management of Mr. Norris, a carpenter from Brockville, and Mr. Gilroy. Mr. MacConnell is the only apprentice. They are making some great improvements. When it is completed Glen

BUILL FACTORY.
Buill factory will be second to none in the Brockville section. They have a little room done off the curing room for the Babcock tester where every patron's milk will be tested and he will be able to see according to the commercial value of it. I believe it is their intention to commence making cheese about April 1st.
Mr. MacConnell's to be our cheese maker this year again. He has a Mr. Byron Wing from Green Bush engaged as halper. No Trickery this year, girls.
We are pleased to record that Mr. Joseph Hall's family have recovered from their late illness.
Mr. Joseph Towers, formerly a resident of Lake St., has moved to our settlement. Mr. Towers will be of great benefit to the people of Glen Bush. We give Mr. Towers and family a hearty welcome.

LYN.
MONDAY, March 27.—The snow and ice has almost entirely disappeared without the usual floods.
The revival services which have been in progress in the Methodist church are held by your brother in Christ, the new maple syrup vendors made their appearance on Saturday. Demand not very brisk at a dollar a gallon. A load of potatoes would go off better in shape for plow under.
Wm. Nelson, Esq., has brought down a car load of fat cattle from western Ont. Those who have inspected them report a fine lot. He intends slaughtering them for home trade.
Mr. Canning is bound to have the best machinery procurable in his flouring mill. He is now constructing an entirely new system of separating the flour from the bran. He has one machine now running and is building six more.
There are not as many people talking of visiting the World's Fair since the B. B. combination has fixed their rates so high.
Robt. Littlejohn starts for western Ont., to-morrow. He is loading a car of his effects to-day.
The Byrne Mfg. Co. have got out about a barn full of horse pokes this spring. It is a mystery where they are all wanted. They are all made to order, however.
Bath.—On March 25, at Elm Grove Farm, the wife of W. H. McNish of a daughter.

ADDITION.
SATURDAY, March 25.—Mr. A. Dunn and lady, of Beesburgh, paid our village a short visit on the 19th inst. and were the guests of the Rev. Mr. Knox, his father-in-law.
Mrs. Vincent Willes and family, of Greenbush, have moved into our village, having leased the farm of Mr. Charles Tynan for this season. Mr. Tynan intends making a tour of the western states this season and will represent our noted city as a delegate at the World's Fair at Chicago.
Several farmers in this section have tapped their sugar bushes, but report rather a light run of sap thus far.
Mr. Morton Sandford has leased his place to Mr. Thomas Brown, of this place who will move on to it about the first of April.
One of our local sports purchased the celebrated trotting mare Lady Duffin from Mr. Phil Slack of Athens. James should call round soon as he is missing some good bargains.

THE REV. MR. LEEBY.
The Rev. Mr. Leebey, of Frankville, occupied the pulpit on the 19th inst. at Sabbath evening, the 9th inst. He delivered a most eloquent address to a crowded house.
Mr. Joseph Moulton has moved into our village, having leased the willow on King St., formerly occupied by Mr. William Langdon, who has moved to Lyn.
Mrs. Snider, of Selins st., has been on the sick list for a few days, but is slowly recovering.
The Rev. D. C. Sanderson, of Kingston, paid our village a short visit this week.

BOYS FOR ADOPTION.
ERROR BROUGHT.—Many of your readers will be interested in learning that a party of 180 boys sailed from Glasgow on Wednesday morning, 19th inst., and will (D.V.) reach Brockville about the end of March.
Parties who have been promised boys will be notified in due time when to come for, or meet them. Not only are all the boys over 10 years of age arranged for, but the same may be said of the girls' party, due about the end of May. Any friends wishing boys or girls from 10 years down to 3 or 4 years would do well to write at once, (enclosing minister's recommendation) for fear of disappointment. Those who have already applied for boys and girls, but have not sent on recommendations as requested, need not expect to have them forwarded unless they do so. These children have been well trained at the orphan asylum in Scotland, at Bridge of Weir, and have been carefully selected from amongst about a thousand others and can be confidently recommended. Christian friends who have no young children of their own, would do well to send for one of these dear little Scotch orphans to brighten their homes now, and be the comfort and pride of their declining years, and that they may have the blessing of Him who is the Father of the fatherless.

WILLIAM QUARRIE.

THE HEART PATENT "FED."
Perhaps the most idiotic expression recorded respect these days is that of physicians that a patient "died of heart failure." It is enough to make a man stop on the sidewalk on his way from church and punch the face of a castiron Indian in the act of handing cigars out to the general public with a tin-lined fist. The expression should be thoroughly revised and greatly enlarged and improved and then decently and respectfully buried with earnestness. Moral courage prompted this suggestion.—Ex.

REUMATISM CURED IN A DAY.
South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by J. P. Lamb.
Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine, which does me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy." A trial bottle will convince you. Warranted by J. P. Lamb.
