## WABASH

OVER THE WABASH to the great World's Fair, St. Louis, Mo., opens April 30th, closes December 1st, 1904. Covers 1240 acres, cost more than \$50,000,000. The most gigantic and colossal undertaking ever attempted by man. The great Wabash Line is the only railroad that owns and controls its own rails from Canada, direct to the World's Fair gates.

The new, superb and magnificent train built especially for this traffic, leaves the Wabash in the very first rank for this business. For full particulars, address any Railroad agent, or J. A. Richardson, Dist. Pass. Agent, 5 E. corner King and Young Sts., Toronto.

W. F. RISPIN,  
U. E. A., Chatham.  
J. G. PITCHARD,  
Agent.

Ask for Minard's and take no other.

## HOW TO WARD OFF AN ATTACK OF RHEUMATISM.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man. Logan county, West Va., "I tried everything, with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment. For sale by All Drug-gists.

The Outside of Lemons. Not many people stop to think about it, but the outside of a lemon is anything but clean. If you will look at it you will see some very spots like seeds all over it. These are the eggs of an insect, and if the lemon is not washed they are likely to become an ingredient in whatever dish the lemon is used in.

## TONSILLITIS IS GOING AROUND

And everybody is wondering what to do. Here is a simple cure. Use a gargle of Nervilleine and water as recommended in the directions, and rub your throat and chest vigorously with Nervilleine. This has been tested and proved successful a thousand times. Nervilleine is a specific for tonsillitis and in fact we know of nothing half so good for breaking up colds, curing tight chest and all muscular pains. Try a bottle of Nervilleine; price 25c.

Too Late. "Advice to a newly married couple is so useless."  
"Yes—all the harm is done then."

We may glean knowledge by reading, but the chaff must be separated from the wheat by thinking.

## A MOTHER'S RECOMMENDATION.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in the remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by All Drug-gists.

An Alphabetical Menu.  
Apples, bananas, coffee, dumplings, eggs fried, grape fruit, halibut, Italian jam, Knickerbocker lamb, mince, nougat, orange pie, quails roasted, stewed tomatoes, underdone veal, waffles, extraordinary jams from Zululand.

## WHEN ALL OTHERS FAIL

To relieve constipated headache just try Dr. Hamilton's Pills of Mandrake and Butternut. Wonderfully prompt and never cause griping pains. For headache and biliousness use only Dr. Hamilton's Pills. Price 25c.

It is easier to be religious with our eloquence than it is to be eloquent with your religion.

When a horse picks up a nail in his foot what does the driver do? Does he whip the limping, lagging animal and force him along? Not unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of the lameness. What is called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whiskey medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the disordered stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery" will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.

There is nothing much more unpopular than a popular song that has outlived its popularity.

## NERVOUSNESS AND NERVE.

The more nervous a man is the less nerve he has. That sounds paradoxical—but it isn't; for nerve is stamina. Hood's Sarsaparilla gives nerve. It tones the whole system, perfects digestion and assimilation, and is therefore the best medicine a nervous person can take.

If you get tired easily, mentally or physically, take it—it will do you good.

Brains cannot be measured by the size of the head, nor eloquence by the extent of the mouth.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Crocinol.

The people who look for trouble are generally those who find fault.

Lifeguard Soap—disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

A rich man's autograph always looks best on the bottom of a check.

## CHATHAM FARMERS' HOUSE

Opposite the market.

25 well ventilated rooms. Weekly or table boarders. Special rates. \$1 per day.

J. W. MILES, Proprietor.

## HUDSON BAY NAVIGATION.

Bishop Lighthouse of Keewatin Given Valuable Information—Wooden Boats Needed to Better Withstand Ice Pressure.

Speaking of the navigation of Hudson Bay and Hudson Straits, Bishop Lighthouse of Keewatin stated that both could be safely navigated from the middle of June until nearly the first of October. Trading vessels, which were entirely whalers, with the exception of the two Hudson's Bay Company's boats, entered the Bay every year during that period. The whalers, which were American, never came very far south, but remained on the northern part of the Bay above Marble Island. These boats were all wood and double-sheathed, built to withstand the ice, and were of about 700 tons burden. In his opinion steel vessels, unless specially constructed, would be useless for navigating the Straits and the Bay, as an ice-pack would crush them almost as easily as an egg shell. Ice was really never entirely out of the Bay, and he thought that this was due to the fact that no warm currents of water entered the Bay with the exception of the waters which flowed into the Bay from the rivers, which emptied themselves into that great body of cold water. The currents in the Bay come down the western side until the mouth of James Bay is reached. They then turn and run up the eastern and out into Hudson Strait. These currents were constantly carrying ice in their course, and he had personally in the month of August encountered 60 miles of field ice in the Bay within 100 miles of Fort Churchill. Adding to such a condition of affairs the presence of no warm currents, it was not to be wondered at that the surrounding territory was cold and barren; in fact, it was colder at Fort Churchill than in the southern part of Greenland.

The country to the south of James Bay, around Moose Factory, his Lordship says, had a totally different climate from that at Fort Churchill, which was 700 miles further north. At Moose Factory he had seen as fine vegetables grown as could be grown around the city of Toronto, such as potatoes, roots and carrots. He had also seen oats ripen, and had fed the fowl at Moose Factory during the winter with the oats grown there. Ploughing had been carried on there as late as the 4th of November, but field work usually closed down at the end of October, and commenced about the end of April. The country around Moose Factory was swampy and very little was known about it in the general sense of the word. At Fort Churchill there was a two-months' difference in the length of the winter, compared with Moose Factory, and it was not possible to even grow a potato there, let alone think of ripening grain. In fact, he did not think that the grain could be relied upon to ripen anywhere in the country between Hudson Bay and Lake Winnipeg, the coldness of the waters of the Bay and their effect upon the surrounding country making this an impossibility.

The Hudson Bay country was not in the general sense of the word a mineral country, and he was inclined to doubt any statement to the effect that gold had been located in that country. There were, however, tin, iron and copper deposits. The iron deposits on Chesterfield Inlet, north of the Churchill River, were extensive and of a good quality, but there was no coal, peat or even wood in the country; it was practically 1,000 miles from any land. Active prospecting was in progress on the shores of the Arctic for the Eskimos often bring into the stations great lumps of native copper, from which they make their spear heads.

Again referring to the navigation of the Bay, his Lordship says that carrying the products of the Northwest from some port on the Bay to Great Britain, would be practically useless for anything else during the period in which the Bay was closed up, as they would be too heavy for ordinary mercantile use. No definite date could be set for arrivals and departures on account of the ice, but safety could be relied upon.

His Lordship says that the Indians around Hudson Bay are practically the only remaining redmen who are to-day living in the same manner, as all the Indians in Canada West were living 120 years ago. They were still hunters and trappers, and the Hudson's Bay Company was the only commercial company with whom they traded. This condition of affairs was changing at Moose Factory.

## Shipbuilding Labor.

Tonnage is but a poor basis for computing the work of the shipbuilding world. In the ordinary tramp steamer of 6,000 tons, which represents a large proportion of the shipbuilding work, the number of workmen's hours spent in constructional work, from first to last, is from 200 to 250 tons of builders' finished weight; whereas, even in the intermediate liner with moderately handsome accommodation for passengers, the time spent is at least 400 hours per ton of finished builders' weight. And in warship work the time is seldom less than 700 hours per ton of finished weight. The relative value of the work of different firms this ought to be taken into account.

The Statist of work. The charming manner in which the relief of the monotony of the building work is given by the variety of their work, and the refreshing shade they afford ought to be an inducement to encourage the growth of town trees; but the reverse is the case. In the second year after planting, a barbed wire is run down to the stump. In a few years the head becomes most unsightly and ragged; not a particle of beauty remains. The practice is a fashion, and infectious. Amateur Gardening.

## SCOURGE OF THE AGE IS KIDNEY DISEASE

## Terrible Increase in the Number of Deaths from This Ailment

## It is Common to All Classes and Conditions of People

It Creeps Stealthily Into The System And Develops Into Many Diseases.

Bright's Disease, Heart Disease, Diabetes, Dropsy and Rheumatism, are Among The Forms It Takes.

Dodd's Kidney Pills The One Remedy That Never Fails To Cure It. Matter How or Where It Is Found.

Of all the diseases the human body has to combat in its struggle for health, the one that is steadily growing in strength and terror is Kidney Disease. Quietly, stealthily as a serpent, it creeps on its victim until the latter is enveloped in its folds, and the greatest physician the world has ever known stand helpless before it. As the last fold goes around the struggling victim and the doctor's head and whispers "Bright's Disease," hope fades to nothing, and the sorrowing friends feel that death has marked their loved one for its own.

The alarming increase this terrible disease is making is evidenced by the columns of almost every newspaper. For not among the lowly of the earth alone does it look for its victims. Statesmen, judges, eminent lawyers, and honored divines are numbered among those who in recent months have gone down to their graves with the fell marks of this terrible disease upon their bodies. In fact, so prevalent has the disease become that a celebrated New York specialist stated recently that not one person in a hundred was free from some latent form of Kidney Disease.

## WORKS IN SECRET.

It is the secrecy of Kidney Disease that makes it the more dreaded. You can fight an enemy in the open with some chance of success, but if he is lying in wait to take you at an unguarded moment, your chances of success are small. Kidney Disease is a hidden enemy, and it is with Kidney Disease its first warnings are so faint as to be hardly noticeable. A slight pain in the back that is charged up to over exertion, a slight dimness of vision, or a burning sensation while urinating, these hardly attracts attention. That is all. But that means that Kidney Disease is at work gradually eating its way into your system. The pain in the back grows more severe, the urinary trouble more complicated, swellings under the eyes and of the limbs denote the coming of Dropsy, sharp shooting pains in the joints and muscles tell that Rheumatism has you in its grasp, or perhaps a day or two's illness leads to the calling of the doctor, and suddenly the terrible truth is forced upon you—Bright's Disease has you in its grasp.

## WAY OF ESCAPE.

With this silent, relentless enemy slowly but surely eating its way into prominence and making that prominence by a yearly increase in the length of its death list, the demand of the day, of the hour, of the minute is for a "Show us the way of escape." Nature never put man and in a critical condition without providing a way of escape—providing mankind were wise enough to take the way provided. In this case the way of escape is a simple vegetable remedy. It has been before the people of Canada for thirteen years, and like all the great cures of nature, has been first received and first appreciated by the lowly in life, those known as the common people of Canada.

Is it the common people of Canada who die of Bright's Disease? No, it is the bright and shining marks, those who are stationary about the heads of the masses. Ask the reason of this! Go to the people who are practically exempt from Kidney Disease in its worst form, and ask them why. With almost a single voice they will reply: "We cured our Kidney trouble with Dodd's Kidney Pills, and they never gave us a chance to develop into that terrible disease that carries so many prominent men into the grave."

## ON WITH HIS WORK.

And so it is; the man who does manual labor must heal his slightest aches or they hinder him in his work. When he has backache he cures it with Dodd's Kidney Pills, and goes on with his work; when he feels a twinge of Rheumatism he drives it out of his body with Dodd's Kidney Pills—and goes on with his work. Necessity has taught him that he must cure his Kidneys to get rid of his pains, for he must work to live. He has not been educated to that standpoint where a prescription to cure must be written by a specialist at a cost of dollars to every letter. He may not even know that there never was a disease that took in all classes of the community but what nature provided a cure within the means of all classes of the community. What he does know is more to the point than all this. He knows that Dodd's Kidney Pills will cure all aches which experience has taught him come from the Kidneys. He takes Dodd's Kidney Pills, and goes on with his work.

## SOME EXCEPTIONS.

Of course, there were exceptions to every rule. Even among common people there are those who neglect the early warnings of Kidney Disease. It takes exceptions to prove the rule—but many of these exceptions prove more—their case is no case of Kidney Disease is too far gone for Dodd's Kidney Pills to cure. Bright's Disease, Dropsy, Heart Disease, Diabetes, Dropsy, Heart Disease—all the varied forms of Kidney

Disease in its advanced stages—have been met by Dodd's Kidney Pills, and never once has Canada's great Kidney Remedy had to admit defeat. From the Atlantic to the Pacific, and from the Great Lakes to Hudson Bay, Dodd's Kidney Pills are used, and wherever used they have triumphed over Kidney Disease in its every form. Thousands of Canadians are shouting their praises of the conqueror.

Just a few of those who have neglected the early symptoms, reached the more advanced stages of Kidney Disease, and found a cure in Dodd's Kidney Pills are given below. There are thousands of others. Ask in your own immediate neighborhood. You will not have to go far to meet men, women and children who have either warded off or cured the terror of the present age by using the old Canadian stand-by—Dodd's Kidney Pills.

## BRIGHT'S DISEASE CURED

Bright's Disease has invariably yielded to a treatment of Dodd's Kidney Pills, no matter how firm a hold it had secured on its victim. Possibly the most talked of case of recent date is that of Alice Maud Parker, of Shubenacadie, Hants Co., N. S. The full story of this case will be found in the current number of Dodd's Magazine. Herewith a short statement from the young lady's mother is appended:

Two doctors pronounced my daughter's illness Bright's Disease, and gave her up to die. Her eyelids swelled till she could hardly see; her legs from her ankles to her knees swelled. Her belt in health in health was 26 inches, when she was at her worst it was 48 inches. Then she gave up another treatment and started to take Dodd's Kidney Pills. By the time she had taken the first box I took a long time to bring her back to perfect health, but Dodd's Kidney Pills did it. To my daughter is in perfect health.

Mrs. T. G. Parker,  
Shubenacadie, Hants Co., N. S.

## DIABETES CURED.

Diabetes is another of the most fearful and fatal forms of Kidney Disease that has been cured by Dodd's Kidney Pills, and by no other medicine. Among those cured of this terrible ailment is Mr. Charles Gilchrist, for fifteen years Chief of Police of Port Hope and afterwards for twenty-two years Fishery Overseer under the Dominion Government. He makes the following statement:

I was a sufferer for ten years with Diabetes and Kidney Disorder. At times my urine was of a dark brick color, and I would suffer something awful while passing. I tried doctors and medicines, but could get no help till I tried Dodd's Kidney Pills. They have made me a new man. The citizens of Port Hope all know me, and can vouch for the above.

Chas. Gilchrist,  
Ex-Chief Coast and Fishery Overseer, Port Hope.

## HEART DISEASE CURED

Heart Disease is a result of Kidney Disorder. Had Kidneys mean impure blood, the action of impure blood on the heart causes Heart Disease. Dodd's Kidney Pills cure it.

I suffered for years with Heart Disease, Bright's Disease and Rheumatism. I was so feeble I was unable to do anything. There were three months I abandoned all medicines, and resolved to let myself die. Then I was led to try Dodd's Kidney Pills, and the good the first box did me surprised me. I have taken twenty boxes in all, and am well of my Heart Disease, my Bright's Disease and my Rheumatism.

Dame Louis Provost,  
St. Magloire, Que.

## DROPSY CURED.

Dropsy, another disease caused by diseased Kidneys failing to do their work, is cured by the removal of the surplus water from the blood, by another ailment Dodd's Kidney Pills always cure. Here is an example:

I was a total wreck before I started to use Dodd's Kidney Pills. In the mornings before I got out of bed I could hardly put my feet to the floor they were so swollen. Another ailment my arms used to swell at times so that I could not put on my coat. I had to be tapped to be relieved from my terrible pains. On the advice of a friend I started to use Dodd's Kidney Pills. Before I had finished the second box I felt much better. Seven boxes cured me completely. I don't know what it is to be sick since I used Dodd's Kidney Pills.

George Robertson,  
392 St. James St.,  
St. Magloire, Que.

## RHEUMATISM CURED.

Rheumatism and kindred Kidney Diseases, such as Lumbago, Sciatica, and Gout, are caused by uric acid in the blood. If the Kidneys are put in working order they strain all the uric acid out of the blood, and the Rheumatism goes with it. Take the case of W. G. Cragg, of Dresden, Ont. Here is his statement:

For eight years I was troubled with inflammatory Rheumatism. I could scarcely get around to do my business in my store. I had some of the best doctors I could get, but nothing I tried would ever give me relief. I started using Dodd's Kidney Pills, and had only taken six boxes when I was completely cured.

W. G. Cragg,  
Ex-Rector of Dresden, Ont.

## ALL KIDNEY DISEASES CURED.

These are only a few cases taken from thousands to show the efficacy of Dodd's Kidney Pills. In other forms of Kidney trouble, such as Urinary troubles, Gravel, Female Weakness, etc., Dodd's Kidney Pills have the same record. They always succeed. As for pain in the back—the first symptom of Kidney trouble—ask your neighbors. You'll find the majority of them look on Pain in the Back as a danger signal, and on its first appearance safeguard themselves against this terrible fatal Kidney Disease by driving it away with the old Canadian stand-by—Dodd's Kidney Pills.

## WANTED
