When Your Best is Done.

When you've done your work as well as you can
and your part is clean and your conscience
clear,
When you know that you haven't wronged any
man,
When you've made an effort to be kind with
best,
The busy world may be still fastidious,
To deny rewards you have longed to claim,
The pleasure you have of peace of mind,
Or bring to your cheek the blush of shame,
And the world, however it may construe
To keep you down, to hold you back,
Must respect the hopes that you keep alive,
Though the praise may be for the gods,
And the scorn on the lips of the wicked,
In seeing that you have done as best
you can, you will find your peace of mind
clear.

A New Year Problem.

One of the problems the Canadian
people have to face in the new year is
the increased and increasing cost of
living. They have been discussing
the question in Winnipeg, and the
Tribune says that two definite pro-
posals have been made: (1) that the
city should go directly into the busi-
ness of supplying necessities of life to
the public, and (2) that co-operative
stores should be established. These
are radical proposals, but one of the
controllers of the city is among those
who have suggested that if the cost of
living continued to advance the city
would be forced to enter into the busi-
ness of selling directly to the people
some of the principal necessities of
life. This controller has received a
letter which the Tribune publishes, and
it is certainly an interesting com-
munication. The writer says he has
lived about two years in Winnipeg,
coming there from England, and he
cannot help being struck with the
great difference in Winnipeg prices as
compared with those obtained in the
old land, after making a sub-
stantial allowance for conditions.
Let us note what this man says to
substantiate his statement about the
difference in prices. He writes:
"For instance, bread of guaranteed
quality is sold in England at from 7
cents to 8 cents per loaf of 5 pounds,
while prices ruling here for a quality
in every way inferior range from 5 to
7 cents per 1 1/4 pound loaf (it you
get the right weight). All bread in
England has to be weighed on deliv-
ery, and the bread cart has to carry
as part of its equipment, a pair of
guaranteed government stamped
scales, no spring balances being al-
lowed. I see from this morning's pa-
per that eggs are sold in Philadel-
phia at 33 cents a dozen. Last week I
paid 25 cents a dozen for eggs in
Winnipeg 50 cents a dozen. Why is
this? What is grown in Canada at
our outskirts. It is collected, trans-
ported to port, sent across the ocean,
stored in Liverpool, Cardiff or Lon-
don, freighted to the mills, where it
is made into flour, which is sold to
the baker, and the latter sells the fin-
ished product at less than half the
cost here. Who gets the profit? Not
the producer, and from what I can
learn, not the retailer. Who, then,
combines? It is time this was al-
tered, and I think it is time that either
a co-operative society is formed, or
that the authorities take the matter
up. I quite appreciate the difficulties

Newtonville Notes.

The holiday season is over for an-
other year. Many of our young peo-
ple are filling useful positions away
from home but the Christmas tide
drew them to their homes. Among
those who came home for the holi-
days were Lewis H. Coldwell, Levi
A. Coldwell, Mary E. Coldwell, Elsie
H. Nowlin, Ina Dorman, Sophie
Jordan and Gladys Jordan. The be-
ginning of this week finds them all at
their posts again.

Mr. Joseph A. Dorman has gone
to Yarmouth to spend the winter
with his daughters, Mrs. B. G. El-
tridge and Mrs. Chas. Smith.

Miss Elts H. Coldwell has gone to
Kentville where she expects to re-
main for an indefinite length of time.

Mr. A. B. Dorman, engineer of the
Shower Brunswick, has returned to
the home here while navigation is
suspended on account of rough
weather.

Miss Hattie O. Nowlin has gone to
Minchinetta where she expects to
take training for a hospital nurse.

The whooping cough has made its
advent among the children here.

Shipbuilding in Great Britain.

The British and Irish shipbuilding
yards are enjoying an unworked run
of prosperity. At present there are
592 vessels, aggregating 2,366,372
tons, under construction, which rep-
resents an increase of 22 per cent.
over the tonnage of vessels being
built last year. The ship yards can-
not obtain sufficient men, and they
are frequently working over time and
using double shifts. In spite of this
activity new orders are being taken
rather than the ships are being com-
pleted. Though American operations
are on a much smaller scale, it is
gratifying to know that our yards are
also full of work.—Scientific Ameri-
can.

that may have been left over, prunes,
raisins, chopped dates or canned
fruit. Grease an ordinary mold; put in
a layer of fruit, etc., until you have
the mould filled. Beat three eggs,
without separating, with four table-
spoons sugar; add one pint of milk;
pour over the bread; let stand for ten
minutes, then put the lid on mold
and steam or boil continuously for
one hour. Serve with lemon or or-
ange sauce.

My Digestion Is Now Good

And I feel like a Young Man Since
Using Dr. Chase's Kidney-
Liver Pills.

Prof. A. T. Smith,
What a horrible condition the dig-
estive system gets into when the
liver becomes sluggish, and the
bowels constipated. The poisonous
waste matter is thrown back into
the blood stream and finds its way into
all parts of the body, causing pain
and aches and feelings of fatigue and
misery.

It is wonderful how quickly Dr.
Chase's Kidney-Liver Pills sweep
the poisons from the digestive system
and enable the organs of digestion to
resume their natural functions.

Prof. A. T. Smith, 1 Mt. Charles
Street, Montreal, and formerly of Bos-
ton, Mass., writes:—I suffered for
many years from bad digestion, con-
stipation and horrible headaches. I
have been treated by many doctors
without any results. One day a
friend in Boston advised the use of
Dr. Chase's Kidney-Liver Pills. After
using two boxes I noticed great im-
provement, and after the fourth box
I was completely cured. My diges-
tion is good, my bowels regular, and
I feel like a young man. I think Dr.
Chase's Kidney-Liver Pills are one of
the best medicines on earth.

Dr. Chase's Kidney-Liver Pills
are sold by all Druggists. Price 50c.

A Gripe's Victims.

LETT WRAKE, MISERABLE AND PREY
TO DISEASE IN MANY FORMS.
One of the most treacherous dis-
eases afflicting the people of Canada
during the winter months is the
grippe, or influenza. It almost in-
variably ends with a complication of
trouble. It tortures its victims
with alternate fevers and chills,
headaches and backaches. It leaves
him an easy prey to pneumonia,
bronchitis, and even consumption.
Indeed the deadly after-effects of the
grippe may leave the victim a chronic
invalid. You can avoid a gripe
entirely by keeping the blood rich
and red by an occasional use of Dr.
Williams' Pink Pills. If you have
not done this and the disease attacks
you, you can banish its deadly after-
effects through the use of this same
great blood-building, nerve-restoring
medicine. Here is a proof of the
wonderful power of Dr. Williams' Pink
Pills over this trouble.

Mr. Emmanuel Baurin, St. Jerome,
Que., says: 'I was seized with a severe
attack of the gripe. I was obliged to
stop work and remain in my bed for
several weeks, and while I appeared
to get over the first stages of the trou-
ble, I did not regain my usual health.
I suffered from headaches, loss of ap-
petite and extreme weakness. I did
not sleep well at nights, and would
arise in the morning feeling tired and
worn out. This continued for about
two months during which time I was
taking treatment, but apparently
without avail. Then I was advised to
try Dr. Williams' Pink Pills, and I
got a half dozen boxes. By the time
I had completed the sixth box I
was enjoying my old time health. I
was strong as ever, could sleep well
and eat well, and no longer suffered
from lassitude and headaches. I have
proved the value of Dr. Williams' Pink
Pills for the pernicious after-
effects of the gripe, and can therefore
recommend them to other sufferers.'

Dr. Williams' Pink Pills cure by
going to the root of the trouble in the
blood, which they enrich, and make
red and pure. These pills cure all
troubles due to bad blood, and if you
are ailing you should start to cure
yourself to-day by taking this great
medicine. Sold by all medicine deal-
ers or by mail at 50 cents a box or six
boxes for \$2.50 from The Dr. Wil-
liams' Medicine Co., Brockville, Ont.

Eczema and Sore Eyes.

'My daughter suffered from itched eyes
and eczema on her head,' writes Mr. H. W. Lear,
Fort Plantford, N.S. 'The child was in a bad
state and suffered greatly. The doctor failed to
help her, and on recommendation of a friend,
I used Dr. Chase's Ointment, which made a com-
plete cure. With a grateful heart I write you
this letter.'

A New Year Problem.

One of the problems the Canadian
people have to face in the new year is
the increased and increasing cost of
living. They have been discussing
the question in Winnipeg, and the
Tribune says that two definite pro-
posals have been made: (1) that the
city should go directly into the busi-
ness of supplying necessities of life to
the public, and (2) that co-operative
stores should be established. These
are radical proposals, but one of the
controllers of the city is among those
who have suggested that if the cost of
living continued to advance the city
would be forced to enter into the busi-
ness of selling directly to the people
some of the principal necessities of
life. This controller has received a
letter which the Tribune publishes, and
it is certainly an interesting com-

cannot help being struck with the
great difference in Winnipeg prices as
