Your Committee, during the past season, have not lost sight of the advantages to be derived from the introduction of labor-saving implements; and they imported from Boston two mowing and reaping machines, which were found to answer remarkably well. With one of these machines which cost £45—a man, with two horses, will cut down and spread about 12 acres of any kind of grass—no matter how heavy—in one day; and the same machine, with the reaping apparatus attached, will cut the same extent of grain. One was sold to the Hon. Mr. Coles, after the hay harvest whove, for £30; and the other was imported for Mr. William The Society also imported for the Hon. Mr. Haythore, a patent machine for thinning turnips in the row, and horse

coline, with the same extent of grein.

Coline, after the lay harvae.

Coline, after the lay harvae.

Coline, was imported for the Hon. Mr. Harphorse, machine for thinning turnips in the cry, and horse the purpose admirably.

The Potatoo Digger, ordered last season, could not, owing to some difficulty with the patients of the last may be a constructed in the Spring goods. Your Consultive have also ordered a one-horse plough; which taols a prize of the Paris Labilition last year, eventing great admiration on account of the And they regret their inability, from the want of a mifficient funds, to import many implements, the possession of which would taped much to the improvement of the agriculture of the Island: such as authori lapels, drill mathitus, for sowing grain and grass seeds; horse hoes, for cleaning drilled crops of grain, face. By the introduction with one of these intelligence of the implements, it is probable that a stop might be put to the extension of that dreadily uses the the Arnaries line is fishing to the constant of the agriculture of the daisy will be seen in every field on the Island. So the work of the last the district of the constant of the seed of the last the daily of your more alarming, so much so, that in a pary short period under the resulting of some past to result the seed of the last the seed before the grasin-crop is by all and, it appears again in full your, and the plant comes again to material, and should be a proper to the seed before the grasin-crop is deal and, it appears again in full your, and the plant comes again to material, and should be a seed to the seed of agriculture in Canada. The Paris and the seed the seed the grasin-crop is easily a seed to the seed the seed of the grasin-crop is an adventised to the seed the seed of the seed

vents that general average with pure White Segar, pretrents that general average which meet persons have to ordinary
Medicines, for nothing but the taste of segar is apparent when
administered.

Married Ladies, under all circumstances, will find these Pills
as fine, and in small doses, a mild cathartic.

The best time to administer these Fills is on going to bed
at night, though they can be taken at any time beneficially,
it night, however, they have a more general and universal
influence over the whole body; the mind, body and nervous
yetem at that time being in a quiet state, gives the Pills an
apportunity to operate with the fallest effect upon the whole
referen.

They are an excellent article to be taken

HOLLOWAY'S PILLS. THE EXCITING CAUSE OF SICKNESS. THE EXCITING CAUSE OF SICKNESS.

THE BLOOD IS THE LIFE
sustaining agent. It furnishes the components of flesh,
bone, muscle, nerve and integument. The stomach in its manulactory, the veins its distributors, and the istuaines the channels through which the waste matter rejected in its production,
is expelled. Upon the stomach, the circulation and the bowels,
these Pills act simultaneously, relieving indigestion, putrifying
the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT. Dyspepsia is the most common disease among all classe this country. It assumes a thousand shapes, and is the prin source of innumerable dangerous maladies; but whatevet type or symptoms, however obstitute its resistence to ordin prescriptions, it yields readily and rapidly to this searching

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secrets this fluid, the Pills operate specifically, infallibly restifying its irregularities, and effectually curing Jaundice, Bilious Komittants, and as the varieties of disease generate by an unnatural condition of the

A WORD TO FEMALES.

The local debility and irregularities which are the estanoyance of the weaker sex, and which, when neglecte ways shortens life, are relieved for the time being and prefer the time to come, by a course of this mild thorough significant.

USED THROUGHOUT THE WORLD HOLLOWAY'S PILLS are equally efficacious in complaints common to the whole human race; and in disorders peculiar to ertain climates and localities.

Dyspepsia and derangement of the liver, the source of infirmity, seffering, and the cause of innumerable deaths, yield to hese curatives, in all cases however aggravated, acting as a sild purgative, alterative and tonic: they relieve the howels, arily the fluids, and invigorate the system and the constitution, it the same time.
