## PREMIER MEIGHEN WILL BE HERE

Arrangements have been made for a political meeting to be held in Newcastle on Wednesday, October 12th. The Opera House will be secured for the meeting which will open at 8 o'clock in the evening. The speakers will be Premier Meighen, Hon. J. B. M. Baxter, minister of Customs and Excise, and Hon. F. B. McCurdy, minister of Public Works. A meeting will also be held the same night in Chatham, and at both meetings the three speakers will address the electors. This will be a grand opportunity for Northumberland to listen to three of the present Governments' representatives, and all should endeavor to attend the meetings and hear the political issues discussed by men who know what they are talking about, and who will, in a concise manner place the issues fairly and squarely before them.

## A. VANDERBECK STATES POLICY

Millerton, N. B. Sept. 24, 1921  
To the Electors of Northumberland: Ladies and Gentlemen,

Having been nominated at a Labor-Farmer convention, held in Newcastle on the 29th of August, to contest the County in the coming bye-election on Oct. 3rd, I wish through the medium of this letter to declare to you the stand I take, and to set at rest some misrepresentations that have already been made as to my attitude.

To the farmers, let me say I have studied the policies and platform of the United Farmers, and have come to look upon them as a body of progressives, united in their demand for good business government, not with any selfish or ulterior motives as some claim for them.

I firmly believe the legislation they seek, would be in the interests of the province and county in general, and here pledge myself to support all reasonable demands of the Labor and Farmer elements.

To the electorate at large, I wish to state that I look upon public office as a public trust, and if elected, my desire is to serve you in the best interest of the whole county. This I feel you will agree with me, was the aim and purpose of my late lamented father, who served you for a good many years in the County Council, and who you elected with such a handsome vote last October; to his supporters I will endeavor to render the same good service.

I furthermore pledge myself that if elected I will appear before my constituents in each parish, before each session of the legislature, and consult them as to local aims and needs.

As the time is short, I will not be able to interview you all personally and so have taken this means of declaring myself, and so solicit your hearty support.

Yours faithfully,  
A. VANDERBECK.
