Also Gimps, Tapestry Bandings, Galoons, Silk Lamp Fringes, Furniture, Webbing, Etc.

MUSIC AND DRAMA

The singing of these boys made a vivid impression on the audience. Well might their voices have belonged to the cherubic host of the Holy City, led by the celestial Israfel, the charming innocence of their youthful faces reminding one of the Materlinck sentiment that young children retain much of a heavenly atmosphere of pre-existence. The pure unemotional voices of the boys, reflecting the refinement and delicacy of intelligent tuition, gave their singing a devotional spirit especially fitting to the many sacred numbers on the program. The boys were ably supported by the chorists and basses. Voices of unexceptional quality and equally well trained. The choir responded to every wish of Father Finn, who infused into his choir the potency of his own temperament, swaying it at will.

FAVORABLE REPORTS
(Continued from page 1)

to over \$11,000. All the other reports were very favorable.

The recer then announced that he had appointed Mr. Frank Coy, Jr., as his warden and Mr. George Ecclestone was re-elected as the People's Warden.

Mr. Forrester and Mr. Muir were elected auditors for the year and Mr. M. J. Lockart was chosen chairman of the envelope committee.

Select Vestry

The members of the select vestry were then appointed and are as follows: Lieut.-Col. R. W. Leonard, Col. Thairs, Dr. Mulock, Mr. Frester, H. G. Williams, E. Butler, A. H. Wallace, E. W. Smith, T. W. Jones, W. B. Burgoyne, J. Hodgins, Sheriff O'Loughlin, M. J. Lockart, George Bartley, and Capt. A. Bishop.

The lay delegates to the Synod are Lieut.-Col. Leonard and Lieut.-Col. Merritt.

The rector's stipend was increased by \$300 and that of the organist by \$100.

Before the meeting came to a close Mr. H. G. Williams, on behalf of the congregation presented the rector, Rev. Mr. Howitt with an automobile.

The vestry meeting at St. Barnabas Church will be held a week from next Monday evening.

CHRIST CHURCH

The yearly Vestry Meeting of Christ Church was held last evening in the Parish Hall, with the Rector presiding.

Very encouraging reports were received from the different societies and each of them showed a decided progress for the year.

The Warden's financial statement for the year showed all debts paid and a very substantial balance on hand.

THE BOSTON ENGLISH OPERA COMPANY AND THE WAR.

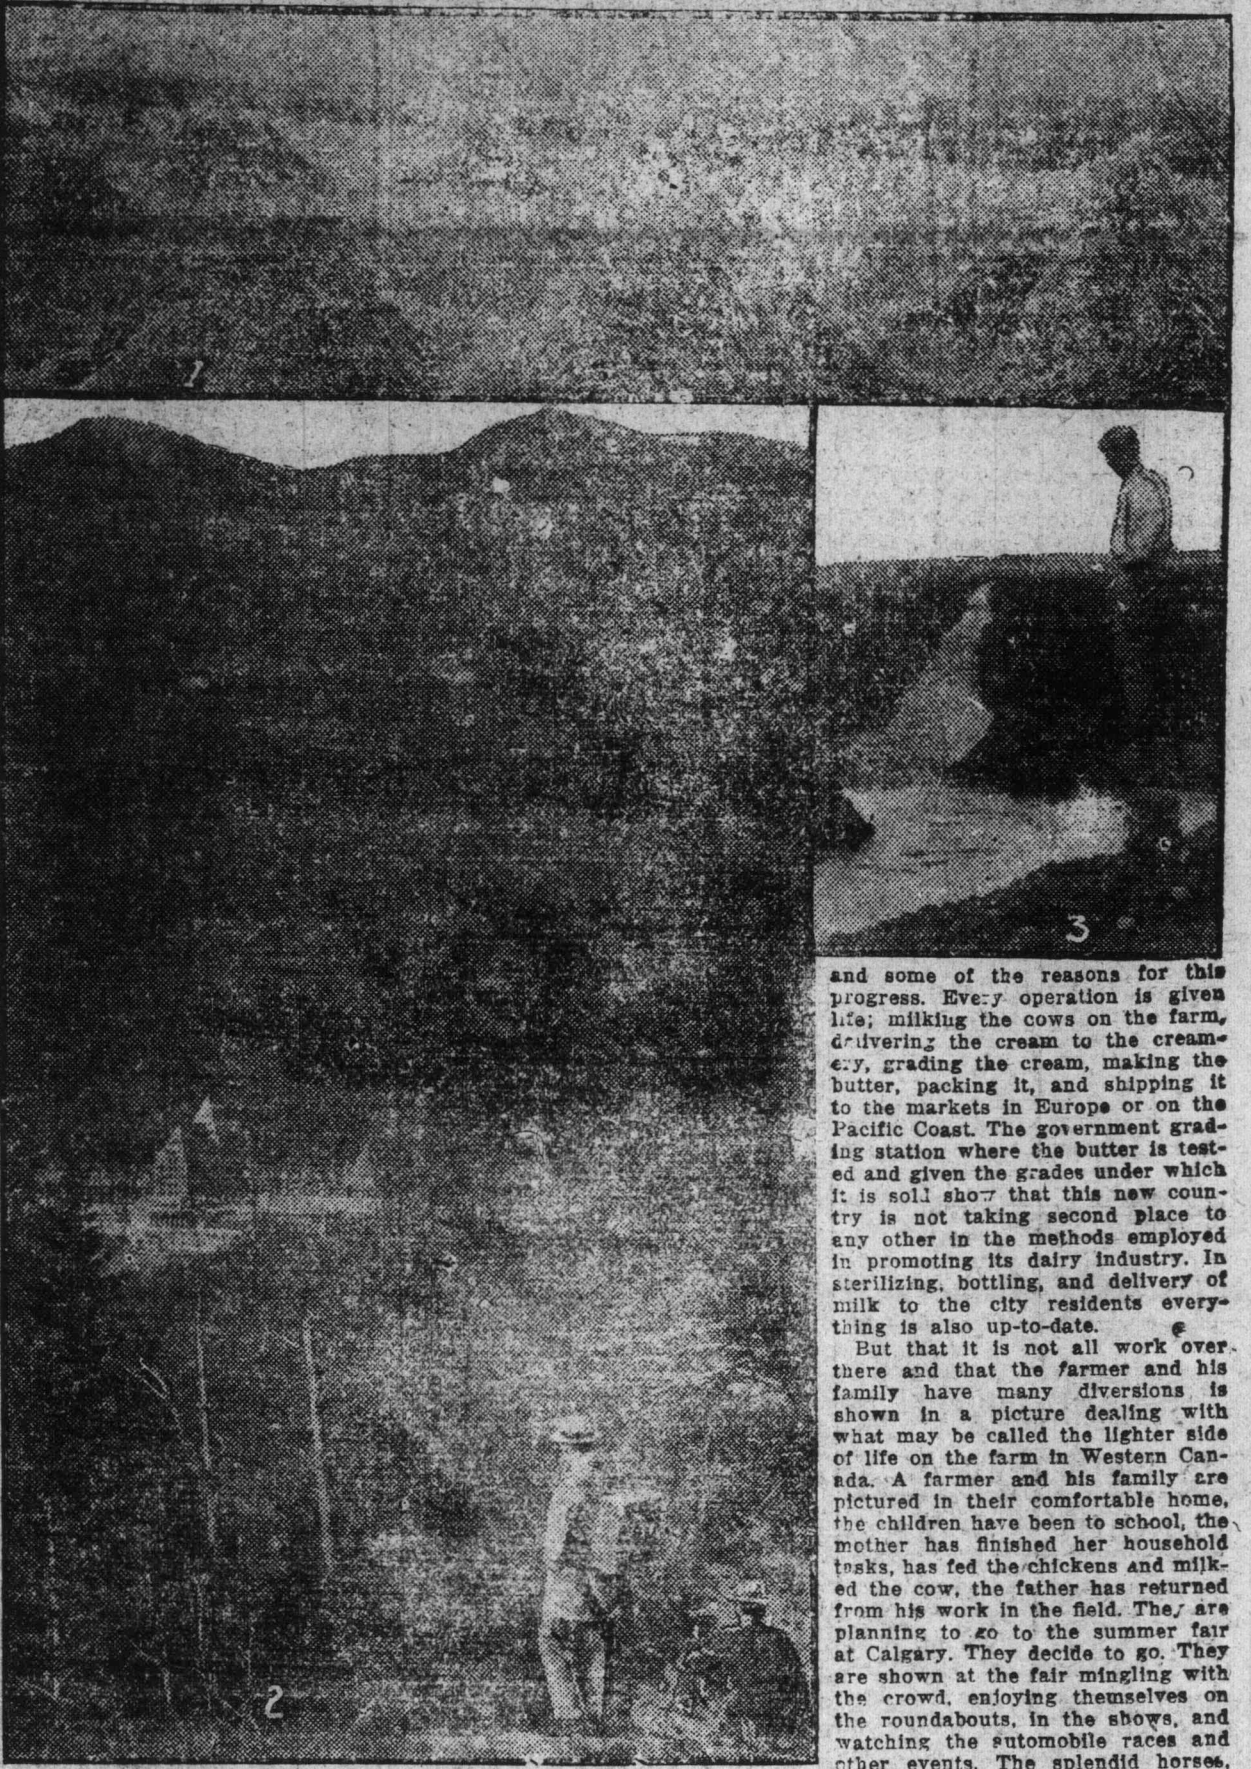

The following excerpts from The Christian Science Monitor speaks for itself:

"The war is first remodeling the world in various ways. It is tightening the bonds of human brotherhood. Yet it is sorting men."

"In art, especially, there are to be noted two strong currents—one tending toward unity, the other making for diversity. In music, above all, we see new aims. In the United States the war is broadening taste. It is giving the public a larger vision. At the same time it is helping on a national movement.

One of the most notable incidences of

The Canadian West In "Movies"

(1) An Alberta Wheat Field. (2) Movie Men Near Banff Springs Hotel. (3) An Irrigation Stream.

At the present time there are being shown in various parts of the United States some pictures of actual scenes of various phases of farm life in Alberta, one of the prairie provinces of Canada. They show this country in a very different light from what many had been led to believe it to be. The films, which have been produced under the direction of the Canadian Pacific Railway Department of Colonization and Development, deal with irrigation farming, the dairy industry, and the lighter side

of the farmer's life in Western Canada.

The film dealing with irrigation farming shows the land being prepared for irrigation, the application of water, growing crops of grain and alfalfa, harvesting, and livestock on the irrigated farm. It also shows the irrigation works, including the great Bassano Dam, the largest of its kind in the world. The idea one gathers from these structures from the picture is that they were built to last, and that those who provided the money had great confidence in the country and the undertaking.

The dairy film shows the rapid progress this industry has made in Alberta during the last few years,

and some of the reasons for this progress. Every operation is given life; milking the cows on the farm, driving the cream to the creamery, grading the cream, making the butter, packing it, and shipping it to the markets in Europe or on the Pacific Coast. The government grading station where the butter is tested and given the grades under which it is sold show that this new country is not taking second place to any other in the methods employed in promoting its dairy industry. Its sterilizing, bottling, and delivery of milk to the city residents everything is also up-to-date.

But that it is not all work over there and that the farmer and his family have many diversions is shown in a picture dealing with what may be called the lighter side of life on the farm in Western Canada. A farmer and his family are pictured in their comfortable home, the children have been to school, the mother has finished her household tasks, has fed the chickens and milked the cow, the father has returned from his work in the field. They are planning to go to the summer fair at Calgary. They decide to go. They are shown at the fair mingling with the crowd, enjoying themselves on the roundabouts, in the shows, and watching the automobile races and other events. The splendid horses, cattle, sheep and hogs on view at the exhibition are also pictured. Altogether the party spends a very enjoyable day.

Later in the season, they go for a holiday. They have not far to go. They find in the same province holiday resorts that afford an excellent change. They go to one of these pieces of the shores of a large inland lake. Here they enjoy themselves bathing, boating, fishing, and basking in the sunshine of the sands. Afterwards they visit Banff in the heart of the Rocky Mountains, and in connection with their visit, some magnificent mountain scenery is thrown on the screen. Evidently the life of the farmer in Western Canada is not all work and no play.

The Sundry School report was excellent both in the increase in attendance and in money raised. The school is entirely self-supporting and raised over fifty dollars for missions in addition.

The Ladies Aid Society also gave a fine report having raised a large sum of money for the general expenses of the Church as well as making a payment on the Hall mortgage.

The Auxiliary, Choir and Young Men's Bible class all gave encouraging reports. A spirit of thankfulness and optimism marked the reports of the various societies.

The rector reported 32 baptisms, 10 weddings, 22 burials, 13 confirmations, 100 parochial visits, besides his other duties.

At the close of the evening the rector, Rev. M. A. West, received a very pleasant surprise when it was unanimously voted by the Vestry to increase his stipend by two hundred (\$200.00) dollars as a mark of appreciation for his faithful and energetic labor.

The following officers were appointed for the year:

Rector's Warden—William Backus, Peoples Warden—Harry Harding, Lay Delegates—Alfred Hacker and Harry Harding.

Select Vestry—Messrs. Hacker, MacDonald, W. Purser, C. Lamb, Mrs. H. Harding and Miss F. Harrison. Sidesmen—Messrs. G. Clark, W. P. (Isham, W. MacDonald, W. McCarty, I. Haynes, W. Mulley, B. Mathews, Jr., W. Wilcocks.

The total of communicants and also church attendance for the year was the highest on record.

THOROLD

All that was mortal of the late Chas. Edward Piper, son of Rev. Canon and Mrs. Piper, was tenderly laid to rest in Lakeview Cemetery on Monday afternoon. The body was taken to St. John's Church at 10 o'clock in the morning where it laid in state until the funeral service was conducted in the afternoon by Rev. Canon Bevan, of Niagara Falls, South. Those who acted as bearers were John Dinwoodie, A. F. Robertson, Arthur Lewis, George H. Shaw, Adam Martin, and C. J. Brockbank. The floral tributes were many and beautiful.

A particularly sad death occurred at the family home, Ormond Street, on Saturday when Mrs. Mary Dodge, beloved wife of Charles R. Dodge passed peacefully away after an illness of one week suffering from influenza. Deceased, who was in her 40th year, was born in Cork, Ireland, and moved to Thorold about four years ago where she has resided ever since.

In religion she was a devoted Presbyterian, taking an active part in every organization of the church that led to a good cause. Beside her sorrowing husband, she is survived by four children, two boys, Kevin, Charles, and two girls, Florence and Sadie.

The funeral was held on Monday afternoon and was largely attended. Rev. James Amnesley, of St. Andrews Church, Merritt, officiating at both house and graveside. Those who acted as bearers were, Isaac Cornelious, Robert Turner, Percy Hartley, John Simons, Charles Stuart, and Charles Lund. The floral tributes were many and beautiful.

Lemons Beautify!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness of which it has been robbed by trying atmospheric conditions. Windchafe, roughness, tan and redness are warded off and those tell-tale lines of care or of age are softened away.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white, makes a whole quarter pint of the most remarkable skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener and smotherer and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck and hands, and see for yourself.

ENGINEERS MEET

City Engineer W. P. Near, attended the meeting of the Executive Committee of the Niagara Peninsula Branch of the Engineering Institute of Canada, held at Niagara Falls, Ont., last night.

The Executive are planning to have either Mr. Hogarth or Mr. McLean, of the Provincial Highway Department give a illustrated lecture on "Highway Construction in the Collegiate Hall, St. Catharines, to which the members of the City Council, Suburban Road Commission and the County Councils will be invited.

It is also planned to have Mr. H. Acres, of the Hydro Electric Power Commission give a popular illustrated lecture on the Chippawa-Queenston Hydro development at an early date.

BOUQUETS

During the fighting around Cambrai an officer leaped from his car before a Y. M. C. A. canteen in a ruined barn just out of sight of the enemy and ravenously took advantage of the free drinks, biscuits, and cigarettes distributed by the "Y" in the midst of operations.

"There are two things in this war have earned my undying gratitude," he murmured through a mouthful of Canadian biscuits, "the Ford car and the 'Y'."

A soldier, emerging from a "Y" cinema hut, was overheard to express himself thus to a mate: "Good old Y. M. C. A. They're sure some hustlers 'the days. We'd die in this here hole if it weren't for them."

Two "Y" officers were working in one end of a hut when six soldiers entered the other a little overpowered by their potations. Their fluency of expression finally brought a reproof from the "Y" officers and thereafter there was comparative quiet. Next day four of the six spontaneously and separately came to apologise.

A fifth did more. Ten months afterwards, when the celebration of armistice again loosed the bonds of his control, he met one of the officers on the street of a Belgian town. Whereupon, with a strange freak of memory, he poured out an apology for an instance that had long since become ancient history; and there on the street the "Y" received one of its most superlative eulogies, to the edification of an admiring throng of Belgians who probably did not understand a word.

INDIGESTION

When the food does not digest—it sours in the stomach and ferments causing burning in the stomach, bleaching of gas, headache and other things well known to the sufferer. Avoid charcoal, soda, etc., and anchor your faith to Walker's Indigestion Remedy and you will be cured—Your money back if it fails—We make it—We know the conditions—We guarantee it.
