AHEAD ON THE PORKER QUESTION .-Here is an interesting item for Mayweed and those who reside in his clachan. A few days before Christmas Capt. Alex. A few days before Christmas Capt. Alex. Bogie killed and dressed two porkers, which brought down the scales at 498. Although these animals were a month younger than those recorded by the genial Joe, they weighed 64 lbs. heavier. The gallant captain with two assistants did the job neatly in the quick time of 17 minutes. Scarce confort Shanpardton

17 minutes. Score one for Sheppardton. A tramp was among the New Year callers at this point. He was poorly clad, and after being well fed was sent on to the stone house in Goderich. The poor house idea has many supporters among the farmors.
