Fine Old Gentleman Suffered 40 Years With His Kidneys

He even had Hemorrhages from the Kidneys, so you may know how bad he was. Yet today, at 67 years, Mr. Allen is able to do a good day's work or enjoy a long drive without the least pain. This is what Gin Pills did for him. They will do as much for you if you have any Kidney or Bladder Trouble.

Port Elgin, N.B. November 12th.

"I feel it my duty, for the sake of those afflicted with similar troubles, to send you these few lines about Gin Pills. I am about 67 years old and have been troubled with Kidney Trouble since I was 26 years old. This was brought on by my getting over-heated and then sitting on cold steps in a draught.

At last, I had Hemorrhages of the Kidneys. I went to three doctors and tried most everything on the market but got no relief. I got very weak, had pain and lameness in the back; often, I had to lie down during the day and it hurt me to be on a wagon. I began to think there was no help for me. The bleeding continued for 16 months until I just happened to try Gin Pills which has now put an end to the trouble.

Now I can look back over 15 months at my relief from suffering and anxious care. I can do a lot of chores, drive all day, have no pain, although I am still taking 2 pills a week as they seem to make things easier."

JEREMIAH ALLEN

Gin Pills are sold by dealers everywhere at 50c. a box, 6 boxes for \$2.50. Trial treatment sent free on request. These pills can be had in the United States under the name "GINO" Pills.

Gin Pills FOR THE KIDNEYS

In Milady's Boudoir.

THE TALE OF THE TOOTH BRUSH
Many of us are careful of our hair-brushes and clothes brushes but so few remember the humble toothbrush. To keep the teeth perfectly white and perfect the tooth brush should receive care as well.

A good tooth brush if used conscientiously should not be in use more than two weeks at a time, and it is better to keep two in use so that each may have a period of drying out and airing. It never pays to buy too cheap a brush if the price is at the place a poor set of bristles will not do their work well, and, in the second place, loosely fastened bristles are very dangerous if they slip down the throat, where they may catch and decay or penetrate the walls of the digestive tract.

Always wash out the brush thoroughly after each application and, by the way, a new brush should be soaked in a weak solution of bicarbonate of soda for two hours both to disinfect it from shop handling and to set the bristles so that they will not fall out so readily.

The teeth should be brushed at night, after each meal and upon rising. It is particularly important to clean them the last thing before retiring, so that food particles will not remain in the teeth crevices to decay over night when the mouth saliva is not active enough to prevent it.

During a long illness the teeth should be carefully cleaned when they cannot receive attention from a dentist. If this were done fewer teeth

troubles would be laid to the ailment, which is not much more to blame than neglect of the mouth.

See that the mouth is constantly washed out with a little bicarbonate of soda, which can be prepared by dissolving a teaspoonful of the bicarbonate (ordinary baking soda) in a pint of water and bottling it for use. Most authorities consider this better than too frequent a use of the hydrogen peroxide solutions which are not always good for the teeth.

Doing Wonders For Rheumatism

WHAT PETER F. PATTERSON SAYS OF DODD'S KIDNEY PILLS.

Gaspé Co. Man Gives Advice to all Who Want to be Cured of Kidney Troubles.

Haldimand, Gaspé Co., Que., March 5th. (Special).—"I have just opened the third box of Dodd's Kidney Pills and find they are doing me wonders of good for the Kidneys and Rheumatism," so says Mr. Peter F. Patterson, a well known resident of this place.

"My troubles came through a cold and strain," Mr. Patterson continues, "and I suffered for many years. I had headache, backache and rheumatism. My sleep was broken and unrefreshing. I had a bitter taste in my mouth in the morning and I perspired freely with the slightest exertion. I was often dizzy; I was troubled with heart flutterings; I was nervous and my skin itched and burned at night. After using Dodd's Kidney Pills I recommended them to everyone who wants to be cured."

Everyone of Mr. Patterson's ailments was a symptom of Kidney disease. That's why he found such prompt relief in Dodd's Kidney Pills. They only cure Kidney disease.

When your satin slippers wear across the toe, knit a medallion and sew on the worn part. The slippers will look very pretty.

If you stir a little coarse brown sugar into any gravy, vegetable, or soup that is too salty, the dish will be much improved.

Nerviline Stops Earache in 10 Seconds Fixes Toothache in 2 Minutes.

It Seems to Possess Almost Some Divine Power Over Pain.

RUB ON NERVILINE.

Toothache is usually due to neuralgia in the gums or to the congestion and swelling of the nerve pulp. As "Nerviline" relieves congestion, you can easily see why it cures toothache.

Nerviline does more—cures any ache or pain—in any part of the body.

It matters not where your pain is. It may be in a joint or muscle; it may be neuralgia or lumbago; it may be a surface pain, is deeply situated in the back, side or chest. Nerviline will reach it; Nerviline will drive it out.

What is Nerviline, you ask? Just

a liniment, but very much stronger in pain-subduing power than other liniments—one that penetrates more deeply in the tissue than any other liniment. It is a liniment that cures quickly, that gives permanent relief.

You might spend ten or a hundred dollars, but you couldn't buy as much relief as you get from a single bottle of Nerviline.

We guarantee Nerviline: we refund your money if it does not relieve you.

In many lands it is a household trust, a remedy that has justified itself under the experience of those who have used it. Guaranteed for neuralgia, sciatica, lumbago, rheumatism, pleurisy, strains or sprains; the large 50 cent family size bottle is more economical than the 25 cent trial size. Dealers everywhere sell Nerviline.

Rallying.

WALT MASON

The Spring's approaching swiftly now; the farmer cries, with cheerful grins. "My men, we'll rally round the plow, and fill with grain the nation's bins. Oh, let us stir the ground and sow, exulting in our useful chore, and make two heads of cabbage grow, where but one head was seen before. Let hero captains count their dead, and boast how many they have slain; we'll give the world its wheat and bread, its buckwheat cakes and hay and grain. No medals ours of tin or brass, no decorations from a king, but we shall cut our share of grass, and make the people dance and sing." "Oh, let us rally round the flag," the Captain cries, with ardor filled; "and here, beneath this bloodstained rag, we'll keep on killing till we're killed. Our king has medals to bestow on every brave, heroic gink, so stick our bayonets in the foe, if you would gain a cross of zinc. Be generous with swats and biffs, and soak the foeman, front and back, until you have sufficient stiffs to fill a great big wagon rack." So in this foolish world of woe, sane industry gets little praise; the glory and the medals go to parasites and useless jays.

YOUR BOYS AND GIRLS

Buy a tin tub for twenty-five cents, or even a larger dishpan, and place it on a table or chair when you give the baby his bath. Use a large square of old flannel or small blanket in the tub when you bathe the baby, to prevent the tender flesh from coming in contact with the hard, cold tin.

For the screen buy a cheap wooden clothes horse and some unbleached muslin or Turkey red; cut lengths of this to fit the clothes horse, hem at the top and bottom, run tape through the hems, and then tack in place or else put screweyes into the clothes horse and tie the muslin on to these.

This can easily be washed, and if not on duty as a screen may be used at times for its original purpose of drying clothes, as it will take but a moment to untie the muslin.

AMERICAN RAILROADS - THE ROCK ISLAND.

By GEORGE FITCH.

The Rock Island Railroad is a transportation pea between two shell games. It was built to haul passengers and freight, but it has been used in the past ten years as a dam. If the water which the Rock Island holds could be used for irrigation purposes, it would make a flower garden out of purgatory.

The great financial problem of today is to discover under which shell game the Rock Island is located. It is a fine railroad property with over 8,000 miles of track. It is capitalized for about \$75,000,000, and owes about \$280,000,000 in bonds. Its real name is the Chicago, Rock Island and Pacific Railway, and it is owned, as completely as Uncle Tom was owned by the wicked Simon Legree, by the Chicago, Rock Island and Pacific Railroad Company, which is owned by the Rock Island Company, which is owned by eminent financiers, who have improved the original railroad until it doesn't pay dividends any more, and is too poor to cut the weeds on its branch lines.

As soon as the court has decided under which shell the pea is located, it will either take the C. R. I. & P. Ry. away from the Rock Island Company and give it to the bond holders of the C. R. I. & P. Ry., which consists of \$78,000,000 worth of debts, or it will take the C. R. I. & P. Ry. away from the Rock Island Company, or it will abolish the latter, which has \$150,000,000 in stock and a handsome office desk, and sell the C. R. I. & P. Ry. to the highest bidder, or it will retire from the whole business with an awful headache. Railroad finance is too deep for anyone but an expert in hydrostatics.

The Rock Island System owns a magnificent station in Chicago and runs more through trains west out of the city than any other railroad. It was named after Rock Island, Ill., where it crosses the Mississippi river on a two story bridge, and explodes into a large number of lines which penetrate Iowa, South Dakota, Kansas, Oklahoma, Texas, Arkansas, Missouri and Colorado. It earned \$71,000,000 in 1913, which was more than it ever earned before, but not near, because of the high cost of living in New York and London.

The Rock Island once owned the Frisco and C. & E. I. systems, but has almost recovered from this, and if it can get out of the laps of its holding companies, will become a great and prosperous line again.
