443rd Day of the War

Latest

From the Front.

Messages Received Previous to 9 A.M.

OFFICIAL.

LONDON, Oct. 20.
The Governor, Newfoundland:
General French reports that enemy attacks between Hilluch and the Quarries were everywhere repulsed. The enemy attacked on a seven mile front east of Rheims, and were completely defeated.
Russia states that near Riga the Germans made progress. Desperate fighting continues. In the Shtyr region the Russians retook Chortorsk. Many prisoners and guns were taken in this region.

BONAR LAW.

LONDON BUDGET.
LONDON, Oct. 20.
It is known that the forces in Gallipoli have not been weakened for the Balkan campaign; and while the task is difficult the majority of the British public is confident that it will ultimately be accomplished in the Balkans.
Austro-German and Bulgarian armies continue to claim progress against the Serbians, but expect in the north, where the Serbs are being forced back into the mountains, the various reports do not go far toward clarifying the situation. The Bulgarians have cut the railway between Nis and Sreb, so it is likely that, except in the extreme south, where they have the support of the Anglo-French troops landed at Salonika, the Serbs are falling back on stronger natural positions. Istip and Tetichana, it is said, have already been evacuated.
Italy which—singularly enough—is still technically at peace with Germany, has declared war on Bulgaria. Russia is expected to follow her example almost immediately. When this formality is completed it is possible that the action which Italy and Russia intend to take in the Balkans will be defined.
The Allies have also made a new diplomatic move with regard to Greece. The British and Russian Ministers have delivered a note to Athens, explaining that the Allies do not agree with the Greek Government's interpretation of the Graeco-Serbian treaty, and notifying Premier Zaimis of their intention to land more troops at Salonika. It is expected that anything but Allied success is out of the question.

T. J. EDENS.

Partridge Berries!

By Rail to-day:
10 lbs. Partridge Berries.
5 cases Country Eggs.

25 cases Campbell's Soups,
12c. tin.
Jams, assorted; tumbler,
\$1.10 doz.; 13c. ea.

7 lbs. Am. Gran. Sugar . . . 45c.

N. Y. TURKEYS,
N. Y. CHICKEN,
N. Y. CORNED BEEF,
FRESH SAUSAGES.

T. J. EDENS,

Duckworth St. and
Military Road.

"CAN YOU AFFORD TO TAKE CHANCES?"

A little cold may not seem a dangerous thing—you may feel inclined to let it go on hoping that to-morrow it will be better—but can you afford to take chances? Just as the little insignificant acorn grows if let alone, so the mighty giant oak, that cough if not stopped may grow to a very serious illness. When a cough starts there's no telling where it will end. You know no doubt, of cases right among people you have known where serious complications and fatal illnesses have had their start from a neglected cough or cold.

A cold is more than inconvenient—it is dangerous—so the big thing is to find a reliable remedy—one that will give you quick, satisfactory relief. There are many treatments that are recommended for a cough or cold but "STAFFORD'S PHORATONE COUGH AND COLD CURE" is recommended to be the safest, surest and most satisfactory way to cure a cold, grippe, etc.
Price 25 cts.; Postage 5 cts. extra. Prepared only by DE. F. STAFFORD & SON, St. John's, Mld. Manufacturers of 3 Specialities: Stafford's Liniment, Stafford's Prescription "A," Stafford's Phoratone Cough & Cold Cure.

cess will have any influence with Greece, or, for that matter, with Roumania. Russia is trying for this in Galicia and Volhynia, where General Ivanoff has won several local victories and is keeping the Austro-Germans busy. Otherwise interest in the eastern front centres north, where the Germans continue the attack south of Riga. The Russians are on the west of the Drinsk. Both sides lay claims to gains.
The Germans are being considerably hampered by British submarines in the Baltic, for besides sinking a large number of steamers, engaged in the ore trade between Germany and Sweden, the submarines are interfering with transports between German ports and the Courland coast.
Comparative quiet prevails in the west.

THE CRISIS AND THE DARDANELLES.

LONDON, Oct. 20.
Asquith's illness has had the effect of producing a greater air of calm in Parliamentary circles than ever would have attended the resignation of Sir Edward Carson from the Attorney Generalship. From present appearances there will be no more resignations from the cabinet. It is quite likely that Asquith's absence will be extended to nine or ten days, and this enforced cessation of political passions is expected to give time for reconciliation of differences. It seems that Carson had intended to make a public statement yesterday, but the Premier's illness resulted in Sir Edward's deciding to postpone it until Asquith's return to the House. Many conflicting statements are current concerning the real reason for Sir Edward's resignation. The Daily Mail affirms that it had nothing to do with the question of compulsory service. The Chronicle is firmly convinced, it says, that it was because of the Cabinet's needless delays in arriving at a decision in favor of compulsory service. The Times says that the resignation was more directly concerned with the eastern war, than with recruiting, and adds, that Sir Edward Carson always had held strong views as to the need for an early and forthwith meeting the German menace in the Balkans. Many papers advocate a smaller Cabinet, and it is said, that when a successor to Carson is appointed, he probably will no longer hold Cabinet rank. It is generally believed that Sir Frederick Smith, Solicitor General, will succeed Carson; George Cape, a Unionist member of parliament, succeeding Sir Frederick as Solicitor General. The Daily Express says it regards these appointments as certain, and asserts that the crisis is ended.
The uneasiness regarding the Dardanelles operations has been increased by the explanation by Harold J. Tennant, Parliamentary Under Secretary for War, in Parliament yesterday that the recently announced figures that the recently announced figures showing nearly 9,000 casualties at the Dardanelles, did not include the sick. This, he explained, was because the number of sick varied from day to day, and could not be counted. Newspapers continue to laugh loud at the appointment of Major General Monro as successor to General Hamilton in the Dardanelles post.

Fishery Report.

The following reports of the cod-fishery are now posted at the Board of Trade Rooms:
Oct. 16th. From W. Chambers, (Hr. Buffett to Brine's Island).—The catch to date is 3,600 qts. and for last week 50. Twenty dories and skiffs and 5 or 6 boats are fishing. The voyage is about over for the larger craft though a few punts and dories still continue operations. Prospects are poor; the weather is stormy and bait is scarce, some squid but very little herring being obtainable.
Oct. 16th. From W. J. White, (Aquaforte to Caplin Bay).—Eighty dories and skiffs are still fishing but prospects are not very good and the only bait to be had is a sign of squid and herring. The catch to date is 1,620 qts. with 120 for last week.

FROM SALONIKA.
PARIS, Oct. 20.
The Salonika correspondent of the Havas Agency sends the following dispatch under Tuesday's date: "The French troops having received orders to pass the Bulgarian frontier, Strumitza has not been occupied by the Allies. The Bulgarians are concentrating troops in haste in Dodekaj, supposedly because Roumania appears to be leaning more towards the Entente. At the same time three

divisions of Bulgarian troops are being concentrated on the Greek frontier. Communications by the Uskub railway now are said to be definitely assured for the Allied troops.

ANOTHER FRONT.

LONDON, Oct. 20.
It is reported from Frankfurt that the Central Powers have decided to undertake still another campaign, this time against Montenegro. According to this report, 20,000 Austrian and German infantrymen, with artillery, have arrived from Galicia at Sarajevo, in Bosnia, about 60 miles north of the Montenegrin border. These troops, the correspondent says, will soon be despatched.

PREMIER'S CONDITION SATISFACTORY.

LONDON, Oct. 20.
The condition of Premier Asquith was described by his physicians at noon to-day as satisfactory. The following bulletin was given out: "The Prime Minister passed a satisfactory night. His condition is improved, but he will be confined to his room all day."

FRANCE UNFLINCHING.

PARIS, Oct. 20.
The French Premier Viviani has telegraphed Sergius Sazanoff, Sir Edward Grey and Baron Sonnino, respectively foreign ministers of Russia, Britain and Italy, that at the moment of a change in the French ministry he wished to declare to them that the modification did not involve any modification in the policy which France was pursuing in concert with the Allies. The three Ministers replied, thanking Premier Viviani, and assuring him of their cordial collaboration in the cause for which the Allies are fighting.

ZEPPELINS USED FOR DEFENCE OF COMMERCE.

AMSTERDAM, Oct. 20.
Zeppelins are being used by Germany for the defence of its commerce against attacks by British and Russian submarines. According to a despatch from Berlin, it is stated that the steamer Scotia of Stettin, bound from Sweden to Stettin, with a cargo of ore, was pursued by a British submarine off Bornholm. In reply to wireless calls for assistance, Zeppelins suddenly appeared, whereupon the submarine submerged and disappeared.

MORE GERMAN STEAMERS SUNK.

STOCKHOLM, Oct. 20.
In addition to the four German steamers reported yesterday as having been torpedoed in the Baltic, four other German steamers were sent to the bottom by British submarines outside the southern Stockholm Archipelago during the last 24 hours.

TURKEY'S STORY.

CONSTANTINOPLE, Oct. 20.
The following official statement was issued by the Turkish War Office: On the Dardanelles front our reconnoitering parties attacked the enemy Sunday night and threw them back to their main trenches, causing heavy losses. Local artillery and bomb engagements occurred at Ari Burnu and Seddul Bahr. Nothing of importance elsewhere.

Take "Cascarets" If Headachy, Bilious And Constipated

Best for liver and bowels, bad breath, bad colds, sour stomach.
Get a 10-cent box.
Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.
Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.
A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box it regards these appointments as certain, and asserts that the crisis is ended.
The uneasiness regarding the Dardanelles operations has been increased by the explanation by Harold J. Tennant, Parliamentary Under Secretary for War, in Parliament yesterday that the recently announced figures that the recently announced figures showing nearly 9,000 casualties at the Dardanelles, did not include the sick. An Economical Novelty

An Inkwell that is Duet and Air-proof, and that will save 75% of your Ink expenditure. Saves its cost in six months. For sale at the Office Supply Store, City Club Corner. Why not call and examine it? sep25,15

THE WINTER STUNT.

The furnace is yawning, the coal dealer's fawning around for a share of my trade; and soon I'll be spending unending, for coal of which clinkers are made. Last April how gladly, how merrily, mostly, I shut the old furnace's door, and chided, "For a season there will be no reason to gorge you, you rusty old bore! No more must I, daily," I said to it, galy, "come here with a scoop in my hand, and fill your steel belly with coal that is smelly, diluted with sulphur and sand!" But now to the cellar I go like a feller whose spirit is broken and crushed, a soul-weary toiler, to see that the boiler is blackened and polished and brushed; to clean up the damper and fix and revamp her, and tinker a while with the grate, the mica door spongin', and sweeping the dungeon, where shortly they'll dump in the slate. The furnace is yawning and soon I'll be pawning my watch for the price of the coal; ah, winter is bitter, it putteth a critter so deep in the dodgasted hole!

Minard's Liniment Co., Limited.
Dear Sirs,—I can recommend MINARD'S LINIMENT for Rheumatism and Sprains, as I have used it for both with excellent results.

Yours truly,
T. B. LAVERIS,
St. John.

Your Boys and Girls.

When the means are lacking, at the time of baby's arrival, to provide a crib a very good one may be improvised out of an old fashioned clothes basket. It should be fitted from top to bottom with a detachable lining of white mull or dotted swiss carried over pale blue cambric. The mattress should be quite four inches thick and made to fit the bottom of the basket, and it should be well protected with a rubber sheet.
The coverlet should be light of weight but well wadded, with three or four thicknesses of silkine over the cotton filling. Down fillings should never be used for a baby's pillow or coverlet as the particles of down, filtering through the cover, will almost certainly find their way into the nostrils and mouth and thence into the lungs.
