## ACREAGE in TEN ACRE LOTS

Splendid soil, perfectly level, on main road. Telephone by the property. Don't buy a 25-foot lot when, by going a little further out, you can secure enough ground that will allow you to have a garden, the proceeds of which would pay for the property first season.

Calgary is rapidly coming into her own, and the position of wanting property such as above.

## Messrs. Tregillus & Hextall will Give 150 Acres of Land

Bridge to be Built Across the River to Park

The Exhibition company has been offered practically free of charge very fine grounds to the far west of the city. The proposed donors are Mr. W. J. Tregillus and J. Hextall, and the property is a portion of that part of the west of the city known as Bowness. It is on the south of the Bow river and directly across from the park now known as Shouldice Park.

The advantages of this place as exhibition park is that the railway runs right past it and freight and passengers could be brought in that way. Then again it is directly across from the park to which a railway will be projected at an early date. Arrangements are being made to have a bridge span the river very soon. That will bring the park in direct communication with the street railway, with practically no additional expense.

## BOWVIEW

Adjoins and overlooks this land. A bridge will make the land on the south of the river as valuable as on the north, 30 acres having been recently sold for \$600 per acre.

## We quote from Mr. W. J. Thorold, of London Press Association:

(Albertan, March 11, 1910).—"To me the city presents the most remarkable future. I am told that in Calgary and vicinity, there will be commenced construction of works requiring an ultimate expenditure of TWENTY-FIVE MILLION DOLLARS, and of this sum the C.P.R. will expend Sixteen Million Dollars on the extension of their branch lines. The balance is to be expended in civic improvements and the construction of other branch lines into Calgary. Such an expenditure as this can only result in Calgary becoming one of the foremost cities in the Canadian or American West."

Try and realize what this will mean for Calgary. As a city expands, land suitable for gardening, or property that lends itself to home building, becomes greatly in demand and valuable. The near future will see such property commanding prices double what we are asking.

## \$100 PER ACRE AND UPWARDS

Calgary's progress during the last few years has borne out the saying, "There is no tomorrow." Putting off until "Tomorrow" in Calgary really has spent a lost "Yesterday" in thousands of instances. The future will bring regret to many who let OPPORTUNITIES pass. Others will take advantage of present offerings and invest, reasoning out the truth of Mr. Thorold's statement: That Calgary will become one of the foremost cities of the Canadian or American West, with the consequent increase in values.

## TAFT IS OPPOSED TO ALL BOYCOTTS

Disputes With Third Parties do Not Warrant The Arbitration Of Government he Says

Washington, April 6.—President Taft today told a delegation of fifty business men from Bethlehem and South Bethlehem, Pa., that he did not believe in boycotts and that so far as he was concerned, did not believe that disputes with third parties warranted the arbitration of government contracts with any company. The delegation which was headed by H. J. Meyers, called at the White House, as disinterested persons the chairman declared, to protest against the reports that had been spread by labor agitators to the effect that the Bethlehem Steel Works, because of the strike of some of its employees, was turning out an inferior quality of work. Mr. Meyers said that efforts had been made to have this government as well as foreign customers of the steel concern, boycott the works, the chairman declared, to protest against the reports that had been spread by labor agitators to the effect that the Bethlehem Steel Works, because of the strike of some of its employees, was turning out an inferior quality of work. ## THE WETS RATHER GAINED IN STATE OF ILLINOIS

The Prohibitionists Seemed to Get The Worst of The Vote

Springfield, Ill., April 6.—Elections in 260 cities and towns in Illinois yesterday on the saloon issue show a decided reversal of the vote of two years ago. Judging from reports from 240 places which have been received thus far, if anything the vote indicates a tendency to return to the "wet" column. Many cities having a large population were recaptured by the "wets."

Reports today show that thirty-nine dry went wet, nineteen wet towns went dry, and 72 wet towns returned the saloon, while 110 dry towns remained true to their colors.

## GIGANTIC STRIKE THREATENS GERMANY

Shorter Hours And Increased Wages The Reason for The Labor Strife Many Thousands Going Out

Berlin, April 6.—The prospect of the most extensive strike in the building trades which has ever occurred in Germany, is held out by the decisive action of the delegates representing the Socialist Federation of Trades unions, comprising 300,000 bricklayers, carpenters, masons, builders and laborers, at a meeting this evening, at which they unanimously rejected the proposed wage tariff which the master builders' union had drawn up. About 25,000 members of the Christian trades union in the same branches have also unanimously decided to join in throwing out the employers' proposal. The workers demand that the tariff shall be drawn up by an equal number of representatives of workers and employers. The latter up to the present time, reject such a suggestion of reaching an agreement. They have been agitating for a considerable period for shorter hours and increased wages, pointing out the great rise in prices of the necessities of life. The employers appear equally firm. Their union will not within a few days to take action relative to the workers' resolution. Should the demands of the men be refused, work will immediately cease.

## CARDINAL EXPLAINS ROOSEVELT CASE

Vatican Objects to Its Guests Joining Hands With Violent Antagonists Such as Methodists

Cincinnati, Ohio, April 6.—In a special telegram to the Cincinnati Times-Star today from Rome, Cardinal Merry del Val, through Thomas Kennedy, rector of the American college in Rome, gives the following version of the Roosevelt-Vatican incident: "When all is said and done, it was a question of common courtesy. The Holy See did not impose upon Mr. Roosevelt, as has wrongly been asserted, the condition of not approaching Methodists or other non-Catholic religious bodies in Rome. There are several non-Catholic centres in the city, which do not behave in a belligerent and offensive manner towards the Pope and towards everything that is his holiness and all Catholics hold most dear. The Methodists centre in via Settembre systematically joins hands with the worst and most anti-clerical and anti-papal elements in the city, and they do so notoriously and in the most aggressive and insulting manner. Mr. Roosevelt himself, has had a limited and mild sample in the declaration just published, by him, and which he has felt bound to deny. The Holy See, after the unfortunate Fairbanks incident, had every reason to fear that Mr. Roosevelt, unwittingly and in perfect good faith, might be led into showing open sympathy and friendship for this hostile centre of aggression against the Catholic church, in the heart of the Catholic world."

Consequently, when Mr. Roosevelt applied indirectly, and confidentially, for an audience with his holiness, the

Pope, the wish was courteously expressed that he would avoid being dragged into the objectionable position of appearing publicly to support the offensive campaign against the Pope in his own residence. Mr. Roosevelt replied, refusing all conditions or agreements, and thus allowed the possibility of his accomplishing what would be offensive to his Holiness.

This was amply confirmed by his own secretary, Mr. O'Laughlin, who, when asked whether without any formal promise, or expressed condition, Mr. Roosevelt would, as a matter of fact, not go to the Methodist centre in Via Settembre, replied that he would give no such assurance, and that in his opinion, Mr. Roosevelt was just the way you can eggs by putting them into cold storage.
