MOTHER'S AWFUL ACT!

Threw Her Four Children in a Well and Was
Drowned With Them.

Cleveland, O., Sept. 28.—The small
town of Little York, a station on the
line of the Bedford and Cleveland
Railroad, fifteen miles south of this
city, was the scene of a terrible
tragedy yesterday. Mrs. Perry Curtis,
the wife of a farmer, 38 years old,
drowned her four small children in a
well and then committed suicide by
jumping in herself. Her husband,
Perry Curtis, was in Cleveland with
a load of potatoes, and knew nothing
of the tragedy until he read an ac-
count of it in the newspapers.

Following are the names and ages
of the dead: Mrs. Perry Curtis, 38
years; Rosa Curtis, 7 years; Anna
Curtis, 4 years; Harry Curtis, 5 years;
Harold Curtis, 9 years. The latter
was Mrs. Curtis' stepson.

Mrs. Curtis was released from the
Massillon Insane Asylum recently as
cured, and it is thought that while
suffering a relapse, she committed the
terrible deed. The body of Harold,
the oldest boy, was terribly bruised.
He had evidently made a desperate
struggle to save himself.

REV. DR. GRAY DEAD

Was a Leading Presbyterian—Connected
With the "Interior" for Over 30
Years—Rev. Dr. Grant Beyer.

Chicago, Sept. 29.—Rev. Dr. Wm. C.
Gray, the venerable editor of the In-
terior, a publication of the Presby-
terian Church, died today at his home
at Oak Park. Dr. Gray, who was in
his 70th year, underwent a surgical
operation just before he left Chicago
for his summer vacation in the Wis-
consin woods. When he returned a
few weeks ago he was in a weakened
condition, due not only to the opera-
tion but to the growing infirmities of
age. He grew gradually weaker, and
for several days his friends had real-
ized that there was no hope for his
recovery.

Dr. Gray was one of the foremost
Presbyterians of the west, and had
been identified with the Interior for
more than 30 years. His "Campfire
Musings" and editorials were widely
read.

BRAIN.

Auburn, N. Y., Sept. 30.—Warden
Mead on Saturday gave out the follow-
ing: "Czolgosz has eaten his meals regu-

him by the officers, but aside from that
he has said nothing. Part of the time
yesterday he lay in his bed, and the

some from medical men for pieces of

OVERWHELMED BY A WATERSPOUT

Thirteen Members of a Prospecting Party in
Texas Lose Their Lives.

San Antonio, Texas, Sept. 30.—News
has been received here of a terrible
disaster in Presidio county, near the
Rio Grande River, on Sept. 25, thirteen
men, who were prospecting for cin-
bar, losing their lives in floods caused
by a waterspout or cloudburst.

They were in two parties, camp-
ing one mile apart in a dry ravine,
known as Alamito Creek, in which
there had been no water for fifteen
months on account of the drought.

THE MEN WERE ASLEEP
at 9 o'clock, when there was a cloud-
burst several miles up the ravine. A
volume of water 20 feet high washed
down the ravine and swept over the
camp before they were aware of its
danger. All of them were drowned
and up to this time only six bodies
have been recovered.

The Alamito empties into the Rio
Grande River not far from where the
fatality occurred, and it is more than
probable that the other bodies have
been swept into that stream.

NEW G. T. R. ELEVATOR.

Montreal, Sept. 30.—The Grand
Trunk elevator at Point Edward was
burned on Monday, and Saturday a
contract for a million-dollar elevator
was given out. The new elevator,
which will replace the burned one,
will be much larger than the old one.

CLARKE WALLACE ILL.

Toronto, Sept. 29.—The World says
it was informed Saturday night that
the condition of Hon. Clarke Wallace,
who is ill at his home in Woodbridge,
is such as to cause his relatives and
friends grave anxiety. The symptoms
are regarded as indicating anemia.

RUNAWAYS CHARGED WITH
FRAUD.

Toronto, Sept. 30.—On a telegram from
the authorities at Ottawa, the police
here arrested Charles G. Rogers, mar-
ried, aged 38, a civil servant, and Annie
E. Phillips, a pretty little woman of 22
years, who accompanied him here. The
charge in the telegram is fraud.

TWO SUDDEN DEATHS.

Colborne, Ont., Sept. 30.—Josiah B.
Dewey, one of Colborne's oldest citi-
zens, was found dead in his garden
Friday evening. He was apparently in
good health, doing his usual work
about the house and garden. Heart failure
caused his death.

Frankville, Ont., Sept. 30.—Jabez
Bullis, of Plum Hollow, was found
dead on Brockville road, two miles
south of here, at 1:30 Saturday. He left
here two hours before, with two com-
panions. Bullis' foot caught under the
foot iron of the buggy, which just al-
lowed his head and shoulders to drag
on the stony road. The whole party
were drunk.

THE "HOMEY" HOME

Some of the Things That Are Absolutely
Necessary for Comfort and
Happiness.

Today we mean to sing the praises
of the "homey" home. By that we
mean the mansion, small house, or tiny
set of rooms that seem to open their
arms and enfold every stranger with a
spirit of hospitality that emanates
from chairs and pictures, rugs and
draperies without one word from host
or hostess to make you welcome.

Perhaps you have never realized the
full meaning until you have visited in
homes where every stick of furniture
stood firmly in its place, every picture
was set just so many inches from an-
other, and the curtain folds were pos-
itively austere in the dignity of their
starched pride. It does not need a
mine of money to buy an air of com-
fort. A hedge-podge of miscellaneous
courtship, and a great many dollars
in actual money, but if they are not
appreciated far more by the tired man
or woman than the handsomest set of
satin or brocade furniture that
money can buy you are no judge.

For a "homey" home three things
are absolutely essential, plenty of
homes and magazines, plenty of light,
and plenty of easy spots on which to
loaf. With these as a basis, fur rugs,
palm trees, canary birds, odd bits of china,
artistic lamps and pleasing, though by
no means expensive, portieres, curtains
and mantel draperies will trim the
coldest, dreariest, stuffiest room into an
apartment where it is a pleasure to enter.

Do not have any room too good for
"Jack" to smoke in. If the fumes get
in the draperies, take them down and
air them, and, if necessary, replace
them. The money he saves by remain-
ing home evenings will buy many a
set of tasty curtains.

A work-basket, always seems to
breathe a true spirit of home, like-
wise an open piano. In fact, it can all
be summed up in a few words. If
you show that they are furnished to
be used, there will be no restraint on
the casual visitor, but the seldom
opened, kept-for-show affair will em-
barrass the hostess as well as freeze
the guest.

AN UGLY "RUSH."

Lafayette, Ind., Sept. 30.—There was
a general fight after a "rush" between
sophomores and freshmen of Purdue
University on Saturday, in which clubs
were used. Several were injured, and
it is feared that Edward Owner Quinn,
of San Antonio, Texas, and James Hud-
son, of Pittsburg, will not recover.
