How Western Ontario's New Electoral Map Will Appear

The heavy lines show the county boundaries and the dotted lines mark the division of ridings. Middlesex County heretofore containing north, east and west ridings, is to lose one member, the ridings at present being designated as north and south. On this point, however, there is still debate, an effort being made to divide the

By an ingenious arrangement Bruce is given three members instead of two, while Huron is reduced from three Elgin County will have one member instead of two.

Grey also loses a member, the east riding represented by Speaker Sproule being eliminated. A wonderful piece of political engineering has changed North and South Wellington into East, West and South Brant becomes North Brant and South Brant, the city of Brantford being merged in the latter.

Terribly Afflicted With Lame Back. Could Not Sweep The Floor.

When the back aches and pains it is almost impossible for women to do their

housework, for every move and every turn means an ache or a pain. Women are beginning to understand that weak, lame, and aching backs from which they suffer so much are due to wrong action of the kidneys, and should be attended to at once so as to avoid

years of suffering from kidney trouble. On the first sign of anything wrong with the back Doan's Kidney Pills should

Load of Oats Brings \$1.27-Small Offerings Due to Bad Roads.

There was practically no market on Wednesday, on account of the bad weather and heavy roads. One load of hay sold for \$14 50 per ton, and one load of oats brought \$1 27 per cwt, the highest price paid this year. This is no indication of the future prices for oats, as the high prices was due to the scarcity of the grain on the scarcity.

A large shipment of live hogs was made by wholesalers at \$8 90 per cwt, a higher price than was expected by most dealers.

How to Take Off Excessive Fat From the Places Where It Shows.

"Is there anything that will really reduce weight? My hips and abdomen have grown so fleshy that I feel and look far older than I really am. There are certainly others like myself who know the horror of being fat, and would appresent the frank onlying as to whether there clate a frank opinion as to whether

is any hope for getting rid of it."-R. K. Until recently we knew of nothing could be relied upon for reducing super-fluous flesh, but we lately learned that a specialist in herboristeric had found a means which many of our readers declare to be most astonishing in its effects. One lady who used it lost fourteen pounds of fat from her hips and abdomen in only two weeks' time, so this shows what it will do. The recipe is extremely simple, and you can try it by getting from any good druggist one dram of quassia chips and three ounces of aremone. Take them in a pan, pour over them a teacupful of polling water. When it has stood for nome, and after putting the quassia chips about a minute, strain through a cloth and add the aremone. Then pour the and add the aremone. mixture into a bottle and apply it freely every night and morning with your hands every night and morning with your hands for several minutes, using a circular movement. By taking your weight and measurements each week you can keep track of the exact progress you are mak-ing, and no one need ever know how you reduced your flesh unless you care to tell.

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kid-

ney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system. When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night: when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and emon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neu-

tralize the acids in urine so it is no onger a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can

make a mistake by taking a little oc-casionally to keep the kidneys clean and active. W. T. Strong, druggist, agent, London.
