St. Thomas Club Once Again Tries to Get Even With London

Refuse to Play Double Header and Allow London To Play Detroit Tigers on Wednesday Is Another Piece of Railway City "Sportsmanship".

The action of the St. Thomas baseball three beatings administered the Saints club in refusing to play a double-header at Tecumseh Park a few weeks ago, the with the London team in St. Thomas today, thus permitting London to-play the Detroit Tigers an exhibition game at Tecumseh Park Wednesday, is one of the Causet bits of unsport manshin that are rawest bits of unsportsmanship that ever crept into the Canadian League. The St. Thomas club in thus refusing to arrange the double-header, caused the London directors to lose a tidy sum of money, as the Tigers would have been a great drawing card in this city. Opened a Breach.

The action of the Rallwayville management has opened a breach between the two managements that will be a long time healing. The Saints claimed they would have lost a big Wednesday crowd He was only in trouble once, when the visitors got two runs in the sixth on a walk, an error and White's triple to centre. This was Wilkinson's fourth start in the Canadian League, and he has won them all. The opposing clubs have not averaged more than four hits a game. He is under twenty years of age. Scores:

would have lost a big Wednesday crowd If they had consented to the dowble-header today. The London club was willing to give them a hundred dollars to offset this. The writer makes the prediction that the St. Thomas club will not get a hundred dollars out of the Wednesday gate at Pinafore Park after all the expenses and the London guarantee are paid. A Wednesday crowd In St. Thomas rarely exceeds seven hundred people, and the majority of these dred people, and the majority

Wanted to "Get Even."
Then why did the Saints not accept
London's offer? There is only one solution to the question, and that is that the

A Poor Business Principle.

In short, the St. Thomas management is so hostile to London as a result of these beatings that it will stoop to anything in an effort to get even. The St. Thomas management apparently has no principle and is also lacking business acumen. By consenting to the arrangement whereby London would have been able to play the Tigers, the St. Thomas club would have been better off financially, the London club would have also gained financially, and the friendship between the two clubs would have been bound closer together. As it is, an estrangement has occurred that will only harm the Railway City magnates.
