

CANDIDATES!

Attention is drawn to the fact that the first list showing the standing in the different districts will be published on Monday or Tuesday next.

The result in any race depends a great deal on the start. Your friends will all want to see your name at the head of the list in your district.

See that you deposit all the votes in your possession before Saturday night to insure their being credited in time for the first published report of the totals. Watch the advertisements regarding the contest, as well as the bulletin, as important announcements will be made from time to time.

If you have friends outside London, call or send to the Circulation Department and get any number of letters you can use to solicit their help.

TRAINING SOLDIERS TO TAKE OFFICERS' BANK

Britain Has School in France Near General Headquarters.

London, April 1-(Correspondence) .--The school for training officers, established by the British general staff, is located close to the general headquarters in France, and now has more than a hundred students, all picked from the ranks. The course occupies a month, and combines theory with practice, although special emphasis is naturally

placed on the practical side. The school occupies a comfortable old mansion. A group of barns and sheds have been fitted up as dormitories. In the courtyard is a great sand bank, where the students construct model trenches, and apply the theory of the
